THE JAPANESE IN OREGON

A number of Hood River apple growers have banded together to resist what they consider the peaceful invasion of Hood River by the Japanese. Through their amazing thrift in operating small farms and through their remarkable fecundity promoted by the system of marriage with imported picture brides, the Japanese are gaining what natives consider an alarming foothold in California and now in one of the richest districts of Oregon.

This fact cannot be viewed apart from its political significance. A strained relationship is likely to result from discriminatory laws just as it did from the California agitation during Roosevelt's presidency. It is obvious that Japan resents discrimination and yet there must be discrimination in order to avoid an impossible race situation in our own country. Better get right at the start than to have serious trouble at the finish.

Whether or not the Japanese would similarly curb a large increase of American property owners in Japan is a matter for speculation. It is not probable that such a situation will arise and if it did arise most fair-minded Americans would recognize that Japan was entirely within her rights and meant no national offense in dealing with it primarily as a Japanese question regardless of outside opinion.

The Telegram is opposed to Japanese immigration and to Japanese land ownership, just as Japan should be opposed to American immigration and American land ownership, under similar circumstances. The presence in the nation of a non-assimilable race is a menace to the future welfare of its people. America has had her share of race problems. Portland Telegram.

IN THREE WEEKS GAINS 14 POUNDS

"I'LL ALWAYS BLESS THE DAY I BEGAN TAKING TANLAC," SAYS MRS. WHITNEY.

"It's the actual truth, I've gained fourteen pounds since I began taking Tanlac three weeks ago, and it's simply wonderful the way this medicine has completely restored me to health in so short a time," was the statement made to a Tanlac representative the other day by Mrs. Lucy Whitney, who lives at 945 East 48th St., Los Angeles, Cal.

"I was in a miserable, run-down condition, and what little strength I had was dwindling away. My appetite left me and the little I ate didn't agree with me. My nerves were all upset, any little thing out of the ordinary that happened irritated me and at night I would have awful nightmares. For days and weeks at a time I have gone on half the sleep I ought to have had. My housework was a drudge. I couldn't half do it and several times I thought of giving up entirely. I tried so many different medicines and treatments without relief, and all the time my health was getting worse. Finally I kept running down

and getting so weak that I actually weighed only eighty-two pounds, and I became alarmed at my condition.

"One of my friends, a neighbor, suggested that I try Tanlac, as it helped her so wonderfully. I was willing to give it a trial—so I told my husband to get me a bottle. To my dying day I'll bless the day I first got this medicine, for it's the finest thing I ever saw and the only medicine that ever did me any good. I began to improve from the very start and have taken only two bottles, but I've actually gained fourteen pounds, and I'm glad to be able to tell you the wonderful good this Tanlac has done me. I've gotten completely over my nervousness and I can sleep like a child every night. My appetite has come back, and I can eat just anything I want and am gaining in weight every day. My constitution and whole system have been built up, and I had no idea such a great change could come over me in so short a while. I just feel so much better that my housework is a pleasure to me."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorells by the James Merc. Co.—Adv.

DOES YOUR BACK ACHE

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this man's testimony.

D. C. Smith, carpenter, Algoma, Ore., says: "I can't say anything but praise of Doan's Kidney Pills, for I have been using them off and on for a number of years and they never failed to give good satisfaction. I used to be subject to lumbago, which at times was very severe, but of late years my trouble has been backache. At times, my back would get stiff and lame and it would bother me a great deal, especially when I came to straighten up. When I experience an attack of this kind, I start taking Doan's Kidney Pills for a few days and they always relieve the misery in my back and make it possible for me to get about as well as ever."

OLE OLSON

Ole Olson, the attraction which comes to the Opera House Sunday November 2nd, is not a moving picture. It is a three act comedy drama full of funny situations and played by a company of capable artists headed by Mr. Dave Williams the well known character actor who plays the part of 'Ole the Swede'.

It is one of the funniest comedies ever written, and now is in its

twenty seventh successful season, will live in the hearts of the people forever as did Denman Thompson's Old Homestead. Possibly no other Swedish comedy has achieved such success as has 'Ole Olson' being the vehicle in which Mr. Ben Hendricks was starred for so many years and in which he made his reputation as America's foremost Swedish comedian.

Mr. Williams is equally as clever a comedian as Mr. Hendricks, and has surrounded himself with the following actors and actresses, each one an artist in his respective line: Miss Blanch Walsh, Mr. Art C. Walsh, Miss Esther Barry, Mr. Robert B. Hamilton, and last but not least, America's foremost child-actor Master Thos. J. Walsh, who plays 'Little Jim' or 'Yim' as Ole calls him. A special of this engagement will be vaudeville between the acts.

Solving Utility Problems

Illinois business men's organizations are taking a definite step forward in effecting a business-like settlement of the public service questions affecting their home cities.

They have been brought to the realization of the fact that the business life of their communities would be crippled without efficient transportation, electric, gas, telephone and water service.

They admit that these services cannot be rendered at a loss by public utility companies and that capital for a permanent investment in the upbuilding of their cities will be driven away by unfair actions upon the part of irresponsibles.

A number of Commercial Associations are making exhaustive investigations with a view of reaching agreements equitable to both the public, the companies, the employees and the investors.
