GERMANS WANT PLACE IN U. S. A.

BERLIN, Sept. 14. (By The Associated Press.)—The Spanish embassy in Berlin which is in charge of American affairs pending the ratification of the peace treaty has received so many applications from the regular German officers who want to serve in the American army that it has posted a big sign on the outer door announcing that such applications will not be accepted and that it is useless to apply. The number of applicants since has gradually decreased but still there are some.

Some of those seeking commissions in the American army urged that they could be of value in "teaching the Americans how to fight."

There has been a rush also of German officers to join other former enemy or neutral armies. The applicants were ready to serve in either the American, British, Japanese, Argentine or even the French forces.

Every correspondent in Germany, regardless of his nationality has been bombarded with queries and personal applications. In vain did they assure the officers that their armies would under no circumstances accept German officers. In vain the explanation was made that all the Entente armies were overburdened with officers and were making every effort to demobilize them. Argentina has become more or less the mecca of the would-be emigrants from Germany because it has advertised through its consulate for agricultural laborers and has offered inducements in the way of free land. However, those who want most to leave Germany want least to go to farming. For those who really want to take up agriculture the Argentine invitation is still attractive.

Others determined to reach the United States by a round about route see Argentina an opportunity to

realize their ambition by first going to Argentina and then taking a chance of going on to the United States.

Those who contemplate this route overlook the possibility of trouble both in Argentina and the first American port they reach. A young German woman sat in a Berlin hotel lobby last night telling her companions in a voice loud enough for bystanders to hear that she intended to get to America through the Argentine if necessary by swearing that she had been in the United States before. She admitted that this was untrue.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur Compound at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

but added that "a little white hair could do no harm."

Many German writers on immigration urge that Germany can ill spare a single man, the taxes he pays or the labor he does. They also point out that hotel keepers of Belgium and Italy have resolved not to employ Germans for 10 years and that 5 years must elapse before the German may live in China or Singapore. They declare that the American workmen will oppose German immigration to the utmost because of the possible effect of wages and say a similar inimical spirit exists in Australia and other British dominions.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become weak and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the chan-

nels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; causes no injury, and makes a delightful effervescent lithia-water drink. Among the Riffian pirates of Morocco the women do all the agricultural and other hard work, while the men, when at home, do the cooking and mend the clothes, including the women's.
