Volcano That Emits Lava.

The following is reported by an observer in Hawaii: Tremendous changes are in progress at Kilauea, and there is no indication whatsoever of any cessation of the monumental rising of the entire vast lava column. Over the southwest brink a wide stream of glistening lava is sluggishly flowing in the direction of the Kala desert, not with the spectacular cascading torrents of the southeastern flows of last March, but with a steady, stealthy gliding, which gains ground slowly at its base, but which piles up into tremendous masses from its source forward.

Dry Lead for Batteries.

A dry battery utilizing red lead, instead of the usual manganese compound, has been patented by H. Czanyl. It is claimed that the red lead battery lasts longer than the type now in vogue, may be kept inactive for months without any deterioration and may be recharged at least ten times, with each recharge as efficient as any present battery.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake for flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

GARICH'S GROCERY NEWS

VOLUME I. KLAMATH FALLS, OREGON, FRIDAY OCTOBER 31, 1919 NUMBER 29

MORE BUSINESS FIRST CLASS GOODS BETTER SERVICE

EDITORIAL

Commencing tomorrow, Saturday, November 1st, we will own and operate our own delivery system. We are making this change for the reason we want to give our customers better service in this respect. We feel that our customers should have a chance to get their groceries at least on the same day the order is placed, and we are going to see you do get them.

That beginning tomorrow, Saturday, November 1st, Garich's Grocery will deliver groceries twice each day. That means that if you do not get your order in time for the first delivery, or if there is something you have forgotten to order, or some particular article you want to get in a hurry, you will not have to come to the store for it—just telephone and it will go out to you that same day—not the next. These are the hours at which the delivery will leave our store:

In the morning at 9 a. m.
In the afternoon at 2 p. m.

We believe these hours are convenient enough to meet the demands of our trade and enable the housewife to get her groceries on the same day on which they are ordered.

Please remember the hours at which the deliveries leave our store and that it is the desire of Garich's Grocery to give better service all the time.

WE DELIVER THE GOODS.

MUST COMBINE TO MEET H. C. L. SAYS COUNCIL

Washington, D. C.—The United States Council of National Defense composed of the secretaries of war, the navy, the interior, agriculture, commerce and labor reiterated today a warning to the people of the United States of the necessity for increased economy and saving on the part of every citizen.

After outlining the causes of the high cost of living the statement of the council said:
"The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met."

"Our common duty now, fully as much as in the war, is to work and to save. In the words of the President in his address to the country on August 25, 1919, only 'by increasing production, and by rigid economy and savings on the part of the people, can we hope for large decreases in the burdensome cost of living which now weighs us down.'"

The Federal Reserve Board, in its bulletin outlining the financial condition of the country just issued, says: "That the high price levels which have been attained in the United States present a grave situation is clear from the attention which current discussion of the causes of industrial unrest is directing to the cost of living problem. So far as profiteering practices are responsible for price aggravations, some considerable mitigation of the cost of living situation may be expected and indeed is already in sight."

"The problem of reducing the high cost of living, however, is mainly that of restoring the purchasing power of the dollar. The dollar has lost its purchasing power because expansion of credit proceeded at a rate more rapid than the production and saving of goods. The way in must be the way out. As the way in was expansion of credit at a rate more rapid than the expansion of production and saving, the way out must be an increase in production and saving. The effect of increased saving will be a reduction in the volume of purchasing media in use, and by consequence, a reduction of prices also."

"That the expansion of credit has been a considerable factor in our financial and price situation is clear; that it is still a factor and one that calls for correction by the process of increasing production and savings and by the investment of the proceeds of savings in the absorption of government bonds is equally clear."

OLE OLSON AN OLD FRIEND

There are few people who have reached the age of twenty who do not remember with pleasure that great Swedish Comedy Drama "Ole Olson" in which play the well known character actor, Ben Hendricks gained renown as "Ole the Swede."

It is no exaggeration to say that several hundred actors endeavored to imitate Mr. Hendricks, some with more or less success, but none with as great a degree of success as Mr. Dave Williams, the proof of which is borne out by the fact that when Mr. Hendricks retired from the stage he presented Mr. Williams with the original manuscript and authorized him to portray the character in his stead, and after complimented him on the portrayal, at one time going so far as to say that Mr. Williams made a better "Ole" than he did himself.

Mr. Williams will appear as "Ole Olson" in the play when it comes to the Houston Opera House for one night only, Sunday Nov. 2nd.

Remember this is not a moving picture, but a play by real actors and actresses and there will be vaudeville specialties between acts. Reserved seats now on sale.

More than 75,000 babies in the United States die yearly before they are a month old.

"STALE" CHECKS

THESE are checks which have been held a long time after dates of issue. Sometimes circumstances do not permit a bank accepting them without first conferring with those who drew the checks. It is a good plan to present your checks to the bank as soon after receipt as possible. If it is inconvenient to call, it is well to remember that the First National Bank accepts deposits and makes remittances by MAIL.
