

# Better Let Us Patch 'Em Up

This is the time to look over your tires with the idea of making them last through the winter. Of course, if you must have new tires, Diamonds are the only ones to buy at this time of the year—or at any other time, so far as that goes—but the idea we wish to convey is that we can make the old ones last through the bad weather, and save you money on your tire bill by repairing the worn ones. Bring them in, and if they are worth repairing we will tell you what it will cost—if they are not worth repairing, we will tell you that, just as readily. We can't make a new tire out of one that is worn out, but we can take a damaged tire and repair it so you will get many more miles out of it before it goes to the junk pile.
