NOME-SIBERIA TRADE PLANNED

NOME, Alaska, Sept. 15. (By Mail.)—Establishment of direct mail and telegraphic communication between Nome and Anadyr, Siberia, is now under investigation by two inspectors of the postoffice department.

The proposition, if carried out, bears large possibilities for this once wealthy gold camp. In North-east Siberia there are approximately 50,000 people who must provide the bulk of their supplies either from Nome, one hundred miles away, or from Petropavlovsk, nearly a thousand miles distant. Nome, it is argued by officials interested in the government's inquiry, should be the logical market for all of the vast area lying north of Kamchatka peninsula.

By the close of this year's navigation period, it is estimated near-

BUDAPEST IS STILL SUBJECT TO ARMY LAW

BERLIN, Oct. 3.—(By the Associated Press.)—"Hardly has the train reached the East Station than one notices that Budapest is an occupied city" writes the "Tagblatt's" special Budapest correspondent. "The chief of station is a Rumanian officer, the station guard is composed of Rumanian soldiers, the surviving passengers are requested with friendly blows from clubs to stand in a long line and give the commanding Rumanian officer the travel pass.

"The baggage is minutely searched and it is more than an hour before it is possible to leave the station. It is almost impossible to get a cab, and, if one does find one, the coachman immediately asks if one has 'blue money,' the old Austro-Hungarian bills, in contradistinction to the 'white money' of the soviet regime.

"If one has blue money the ride throughout the entire city begins, for lodging in a hotel is almost impossible to find, since nearly all are taken over by the entente missions and the Rumanian officers. It frequently happens that strangers spend days without a place to sleep in Budapest.

"Everywhere there are Rumanian patrols, including cavalry with lances and the Rumanian flag. The streets at night are absolutely empty, since no one without a special pass may be abroad after 11 o'clock. Only Rumanian soldiers are to be seen and with Hungarian troopers may be hunting an occasional Bolshevik.

"In the daytime automobiles tear through the streets carrying English, American, Italian and Rumanian officers. From the official buildings float the blue-yellow-red Rumanian flags. In front of the hotels where the officers live stand autos under military guard.

"Life is liveliest in the Hotel Ritz where lives the American commission, which made itself particularly popular by its attitude toward the Jewish pogroms.

"An official declaration regarding the pogroms gives twelve dead and 400 wounded, one-third of whom, however, are not Jews. The anti-semitic movement is beginning to increase and has taken hold of the schools. In the university, Professor Johann Ritook, one of the unknown great ones of the Hungarian scientific world, has started an anti-semitic association which has as its task the cleansing of the university of Jews. A whole list of European professors has been called upon to resign their chairs, and Jewish students are not to be allowed at the university in future. Even in grammar schools the anti-semitic agitation is strong and several of the high schools have decided to accept no Jewish pupils."

WILL CUT COST OF GERMAN SHOES

BERLIN, Sept. 30. (By Mail.)—The German poorer classes are soon to have shoes from the army leather supply which will cost only 35 or 40 marks, instead of from 75 up into the hundreds.

An organization has already been formed by the cabinet which, under the strict control of the government will arrange for the production of these cheap shoes from army leather stocks. By the first of next May the government hopes to put them on sale, but is going to take especial care that there can be no illicit trade, for the shoes will probably have to be sold at a loss. The question of what are the limits of "poorer people" will also have to be settled.

RECKLESS AUTOISTS IN MEXICO CITY

MEXICO CITY, Nov. 4.—Newspapers here apparently have started a campaign against reckless automobile driving which claims victims daily and makes riding or walking a perilous occupation. The chief offenders are said to be the camiones or small omnibuses. They rush through the streets heedless of life or limb. The hospitals treat at least twenty persons daily as the result of automobile smashes.

FRENCH ACTOR IS GIVEN THE 'HOOK'

PARIS, Oct. 1.—(By Mail.)—The strike of the music hall and concert actors here caused some humorous incidents. Dorville, one of the headliners at the Casino de Paris, one of the most popular singers with the French public, was dragged off the platform with the theatrical "hook" for the first time in his career since his amateur days when, at a meeting of the Federation of Theater Workers, he opposed the strike. "Will you pay my forfeit of 130,000 francs if I break my contract with the Casino de Paris?" he asked the audience. Then the hook seized him. When Voltterra, the manager of the Casino, met the strikers in his theater he was accompanied by Georges Carpentier and Eugene Criqui, the latter of whom recently knocked out Walter Ross, the English bantamweight champion.

HAWAIIAN RACE FAST PASSING

HONOLULU, T. H., Sept. 27. (By The Associated Press.)—In the next century the full blood Hawaiian will be extinct, declared former Mayor John C. Lane, in a luncheon address here recently. Mr. Lane is an Hawaiian and one of the leaders of his people.

"Among the Hawaiians," added Mr. Lane, "the present ratio is 225 deaths yearly in excess of births. On the other hand births of part Hawaiians exceed the deaths by 775 and at this rate in 100 years there should be a new Hawaiian race, a cosmopolitan race."

When Captain Cook discovered the islands over 140 years ago he estimated the population at half a million. Today, Mr. Lane said, there are only 22,800 full-blooded Hawaiians and 16,000 half Hawaiians.

The Hawaiian Protective Association, said Mr. Lane, has been formed to protect, educate, uplift and rehabilitate the Hawaiian race and the first step is to get the natives back to the soil. He asked for co-operation in getting through Congress a bill to set aside one-third of the public land of Hawaii for the remaining natives and their heirs.
