## GERMANS FEAR COMPETITION IN AUTO TRADE

BERLIN, Sept. 30. (By The Associated Press.)—The Germans are fearful that thousands of the American automobiles sold by the American Expeditionary Forces to the French will be smuggled across the German border, constituting an undesirable invasion of the German automobile industry. It is said here that 80,000 American cars were sold to the French.

Germany is reported to be very short of tires and tubes for automobiles and bicycles. Experts say that Americans have stored up quantities of tires in the occupied territory which can be sent over into unoccupied Germany and sold on the market at prices which the German manufacturer cannot meet.

There is no question in the minds of the Germans that there is an adequate supply of rubber in the world and the financial papers say that rubber production was more than doubled from 1913 to 1918. They say that lack of transportation prevented some of the rubber crop from being transported from South America to the industrial centers where it is manufactured into tires and predict that this difficulty soon will be overcome.

The Persians are renowned lovers of jewels, and Teheran, "the City of Jewels," gives jewel names to its streets.

**EXPLOSIVE USED IN FIRE CONTROL**  
MISSOULA, Mont., Nov. 4.—Trinitrotoluol, known during the war as "TNT," one of the most powerful explosives used, has been adapted to forest fire fighting, according to reports of experiments recently made under the direction of officials of District No. 1 of the forest service. Ernest Shaw, supervisor of the Absaroka forest, conducted the experiments, and in his report he states that wide fire trenches, where nothing is left for the flames to burn, can be speedily blasted out by the use of the explosive. In the experiments mauling tubes 30 inches long were used, packed at one end with damp moss.

The utilization of water power in France increased by more than 50 per cent during the war, and by the end of 1921 the available water power, it is calculated, will be double the amount installed at the outbreak of the war in 1914.

**Mint Jell**  
Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

## RHEIMS CHURCH LESS DAMAGED THAN SUPPOSED

PARIS, Nov. 5.—After all, the Rheims cathedral has not suffered from German bombardments and fire so much as was at first supposed, Cardinal Lucon has told a representative of the Paris "Intransigeant." The Cardinal announced that divine service would be resumed in the cathedral from November 1, but the holy office will be restricted to the altar of the Virgin and the ambulatory around it. These will accommodate only about 1,500 persons.

The interviewer describes how he met the Cardinal at Rheims in a simply furnished apartment of the archiepiscopal palace, with a shell hole in the wall. Cardinal Lucon, despite his 77 years, is still hale and alert, and he is an optimist.

"Destroyed, my cathedral? Why, no," he said. "The damage is much more easily repaired than is generally believed. A few ancient parts, it is true, cannot be replaced; but the beauty of the cathedral lay, first, in its stained glass; secondly, in its sculptures, and thirdly in its statuary.

"Of the stained glass, nine-tenths has been saved and brought to Paris. The remaining tenth can be restored by specialists, with the aid of much patience and a great number of colored photographs we have. As regards the sculptures, we shall use the numerous moldings we have of them. Many have had to be restored anyway in the course of centuries, such as for instance, the large piece representing the Assumption. That was restored in 1875.

"As for the statuary, we have so many moldings that it will be easy to reproduce the damaged parts. The pillars, with their ornamented capitals, have suffered little; only the two side doorways have been badly damaged by fire."

"Was there not some talk of leaving the cathedral as it was?" the reporter asked.

"If the evidence of T-tonic bar-Lerity have to be preserved, let them be kept in a private museum," replied the Cardinal gravely.

**IT IS SERIOUS**  
Some Klamath Falls People Fail to Realize the Seriousness of a Bad Back.  
The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills may result seriously if neglected. Dangerous urinary troubles often follow.

A Klamath Falls citizen shows you what to do.  
Mrs. Jeff Wilson, Oregon and Fulton Sts., says: "I have been subject to backache and kidney trouble for several years. At times, I got pains across my kidneys and could hardly go. I was in so much misery. My kidneys never acted right when I had these spells with my back and I felt miserable all over. Since I have been taking Doan's Kidney Pills, I am bothered but very little with backache or kidney trouble."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Here Comes the Grocery Man with Snow Flakes  
Thousands of children are happier and healthier because they can have all the Snow Flakes they need 'tween meals. And what better than these crisp, satisfying, salty crackers? Your grocer has them.  
Don't Ask for Crackers—ask Snow Flakes  
Pacific Coast Biscuit Co.

## Solving Utility Problems

Illinois business men's organizations are taking a definite step forward in effecting a business-like settlement of the public service questions affecting their home cities.

They have been brought to the realization of the fact that the business life of their communities would be crippled without efficient transportation, electric, gas, telephone and water service.

They admit that these services cannot be rendered at a loss by public utility companies and that capital for a permanent investment in the upbuilding of their cities will be driven away by unfair actions upon the part of irresponsibles.

A number of Commercial Associations are making exhaustive investigations with a view of reaching agreements equitable to both the public, the companies, the employees and the investors.
