BUTTE BUILDING AERIAL LANDING

BUTTE, Mont., Nov. 5.—A field south of this city has been tentatively selected for aviation purposes and Byron Cooney, county commissioner, is behind a project to erect a suitable hangar.

It is believed there is no doubt Butte will be on aviation routes now developing, as it is the largest city between the Twin Cities and Spokane.

The flat south of Butte offers excellent landing places and land can be had comparatively cheap there.

GOVERNMENT IS STANDING FIRM IN COAL STRIKE

WASHINGTON, D. C., Nov. 5.—The government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction order against the officials of the United Mine Workers, it was announced today by Assistant Attorney General Ames, acting in the absence of Attorney General Palmer. It was pointed out that the government could not abandon its position, as it holds the strike is a violation of the law.

WASHINGTON, D. C., Nov. 5.—There will be no change at present in the maximum prices of coal fixed by Dr. H. A. Garfield, fuel administrator, was the reply of Dr. Garfield today to operators, who claimed that the operation of the maximum price list was pinching them.

BRITONS RETURN TO OLD COUNTRY

LONDON, Oct. 9.—(By correspondence The Associated Press).—Politeness is returning to London. Shopkeepers are learning again to be civil. This applies even to grocers who, since the introduction of rationing, have been the greatest tyrants, barring taxicab drivers, that the war produced.

The cynical-minded account for grocer's unaccustomed civility on the ground that his customers will be given the privilege of taking their ration books to some other store, but there can be no doubt of the new spirit in the air.

"We say 'Thank you,' now," announces a sign in a cigar store which was recently taken over by demobilized soldiers. These soldiers have brought good manners back from the front.

No reports have been received of any "thank you's" from taxicab drivers, for the cabs are still scarce, but it's not uncommon nowadays to hear a bus conductor express his thanks for the penny when he punches the ticket.

The butcher also is falling into line. He no longer expects to be bribed for attentiveness and he has abandoned the war-time practice of throwing a chop at a customer and expecting him to find the paper in which to wrap it up.

Americans who came over for the first time during the war are at last beginning to understand why pre-tourists praised life in England.

ALASKA NATIVES TO HOLD MEETING

SITKA, Alaska, Oct. 20.—(By Mail).—Alaska's Native Brotherhood is planning to hold its sixth annual convention at Sitka, Alaska's oldest capital, during the first week in November.

Delegates are expected from the native settlements at Hyaberg, Juneau, Douglas, Wrangell, Ketchikan, Kasaan, Metlakoon and other points of Southeastern Alaska.

During the convention the delegates will tell how their tribes have progressed in education, business and other lines during the past year.

GRAND JUROR ILL; SESSION POSTPONED

Owing to the illness of Jeff Wilson, member of the grand jury, certain indictments which were confidently expected to be rendered today have not been returned by the jury, as the members were unable to hold their regular session this afternoon.

The city council has ruled that only Americans shall remain upon the city payrolls and all aliens on it have been discharged. Americanism is to be the first test hereafter, the aldermen announce, of fitness to serve the city.

Three Dandy Christmas Buys

People now buy early for Christmas and overcome the tendency of rushing around in frantic haste the day before. These victrolas are probably better than any you have ever heard before, as the new reproducer, enlarged goose-neck tone arm and motor are late additions. By putting off buying early you may be unable to get the model and wood you desire. Let us demonstrate to you.
