

Better Let Us Patch 'Em Up

This is the time to look over your tires with the idea of making them last through the winter. Of course, if you must have new tires, Diamonds are the only ones to buy at this time of the year—or at any other time, so far as that goes—but the idea we wish to convey is that we can make the old ones last through the bad weather, and save you money on your tire bill by repairing the worn ones. Bring them in, and if they are worth repairing we will tell you what it will cost—if they are not worth repairing, we will tell you that, just as readily. We can't make a new tire out of one that is worn out, but we can take a damaged tire and repair it so you will get many more miles out of it before it goes to the junk pile.

TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-achy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, ease you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

SLOW SALE FOR BREAKFAST STAPLE

CHICAGO, Nov. 7.—Dealers in provisions here are complaining of the extraordinary slowness of the sale of ham. This condition is in one large part ascribed to an unusual lack of orders from the south. According to a trade authority, the south appears to have quite enough pork of its own, inasmuch as one packer here is selling as low as 20 cents a pound, wholesale, smoked hams made out of hogs raised in the south. Although this price is out of line with general quotations, the smoked hams fill the bill and as long as they are available it has the effect of slowing up the trade in northern hams. Ohio pickled hams are selling around 23 cents a pound and, of course, cannot compete with smoked hams which are selling for 20 cents.

The ham situation is summed up by one packer in this way: "It is not what the hams are worth; it is what you can get for them."

CLOSED SEASON IS NEEDED ON WALRUS

SEATTLE, Wn., Nov. 8.—Closed season for walrus should be declared by the United States government in the Arctic, according to W. B. Van Vullin, who has returned to Seattle after spending nearly three years at Point Barrow, the "corner of the continent" searching for Eskimo relics and history for the University of Pennsylvania. White men in power boats are killing a large number of walrus, making it impossible for the Eskimo to obtain enough for food, Mr. Van Vullin said.

NEWSPAPER MEN PLAN TO ORGANIZE

ST. LOUIS, Mo., Nov. 8.—A campaign to form a local association of newspaper writers, the object of which is to place the profession on a high plain and obtain better wages, has been launched by the St. Louis Association of Journalists. The proposed organization is to be known as the American Association of Journalists, and all active newspaper men will be eligible to membership. Circulars explaining the proposition have been sent to papers in all parts of the country, it was announced, and a national convention the early part of next year is contemplated. Richard L. Stokes, president of the local organization, announced that requests for charters have been received from many cities.

NOTICE OF BOND SALE

Sealed proposals will be received by the Common Council for the purchase of five issues of City of Klamath Falls Improvement Bonds aggregating \$97,031.22, authorized by ordinances of said city, numbered 480, 481, 483, 484 and 485, for the improvement of Lincoln Street from Ninth Street easterly to Eleventh Street, including intersections, \$6,013.23; for the improvement of Tenth Street from Main Street northerly to Lincoln Street and High Street easterly from Ninth Street to Eleventh Street, \$31,308.47; for the improvement of Market Street from the northerly line of Sixth Street to the southerly line of Lot 19, in Block 17, and the southerly line of Lot 39, in Block 18, of Second Railroad Addition, for \$2,921.60; for the improvement of Esplanade Street from the northerly side of Wall Street to intersection of Pacific Terrace; Pacific Terrace from Huron Street northerly to Portland Street, inclusive, and Portland Street easterly to the city limits of the City of Klamath Falls, Oregon, including intersections, for \$55,811.92; for the improvement of Grant Street from Eleventh Street northerly to Linkville Cemetery, including intersections for \$976.00, respectively.

Proposals to purchase such bonds will be received by the undersigned up to and including the 17th day of November, 1919, at the hour of 8:00 o'clock p. m. and opened at a meeting of said Council immediately thereafter. Said bonds are to be dated when issued, due ten years after date of issue, optional at any coupon date on and after one year, bearing interest at 6 per cent, payable semi-annually, principal and interest payable at Oregon Fiscal Agency in New York City. Proposals to purchase must be unconditional and accompanied by certified checks for 5 per cent of amount of proposal. By order of the Council, A. L. LEAVITT, Police Judge City of Klamath Falls, 7-101

DON'T DESPAIR

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, spitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Ad.

ROOFING

Now is the time to fix that Roof—now before the rain and snow come and make it almost impossible to do the work. You save money by doing it now, and save your property, too. Let me do your work and it will be done right.
