### RUSSIA NEEDS THE RED CROSS

BUCHAREST, Rumania, Sept. 22, via Paris, Oct. 5.—The last scene of the Great relief work done in Europe by America since the close of the war, and one that may prove the greatest yet undertaken by the American Red Cross, will probably be staged in Russia, said Colonel Robert E. Olds, European commissioner of the Red Cross, during an address here to Red Cross personnel departing for America.

"The Red Cross has still another and a final task before it," said Colonel Olds, "one which may prove greater than all that we have done before. The great Bolshevik movement seems to be nearing its end and when the time comes when Russia shall have a firm, stable government, then it will be the duty of the American Red Cross to bring Russia's starving and sick back to health and happiness. And we must continue in this until Russia can care for herself. That, probably, will be the last great after-war campaign of the American Red Cross in Europe.

"We are there already. At the present moment, the Red Cross has units in that section bordering on the Gulf of Finland ready to enter Petrograd. In Siberia there is a unit with Kolchak's army and one in the Caucasus with the army of General Denekine. When the power of the Bolsheviks crumbles the hand of the Red Cross will be the first to help the struggling Russian nation to its feet."

#### DEER DYING FROM BAFFLING DISEASE

CORVALLIS, Mont., Nov. 14.—A mysterious malady is killing deer in this section. The ranks of the tame deer on the old Marcus Daly ranch have been decimated. Veterinarians have studied the disease but are baffled and say nothing like it has appeared before. The animals sicken and die within a few days, without pain.

#### NOTICE

I am now prepared to furnish Shasta Sand from the Hoey, Can., sand and gravel pit, in any quantity that may be desired by contractor and builders.

#### MUCH WILDERNESS IN MONTANA YET

HELENA, Mont., Nov. 14.—The great reaches of wilderness remaining in Montana are made plain when it is stated that the point at which Captain William R. Strong of Helena recently met death in a hunting accident, was 100 miles from a railroad. It required three days to take the body to Ovando by packhorse. There are stretches in the state, it is said, which can be reached only by ten days of tough packing.

#### "ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough, 60c. and \$1.20. All druggists.

#### Regular Bowels Is Health

Bowels that move spasmodically—free one day and stubborn the next—should be healthfully regulated by Dr. King's New Life Pills. In this way you keep the impurities of waste matter from circulating through the system by cleansing the bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipation results of violent purgatives. 25c. as usual at all drug-

#### 'IS GRANDEST IN WORLD' HE SAYS

AFTER TWENTY YEARS SUFFERING OWENS ENDS TROUBLE BY TAKING TANLAC.

"I suffered for twenty years and could find nothing that would stop my troubles until Tanlac came my way," said John Owens, a well-known longshoreman, living at 1282 East Tenth St., Portland, Ore., a few days ago.

"About twenty years ago my troubles began," he continued, "when I started suffering from catarrh of the nose, head and throat and as time passed on my condition got worse. My suffering at times was something awful and I took cold so easy and this made my nose, head and throat that much worse, and when I had a headache my eyes would hurt me terribly. About four years ago my stomach, liver and kidneys were effected by the catarrh and this only added to my misery, and my whole body seemed poisoned. If I ever got a little hot and sat down to rest and cool off, the joints in my arms, hips and legs would get so stiff and sore that I could hardly move and at times my

muscles would draw up like I had rheumatism. I had pains in my right side and in the small of my back, and at night I would have to get up four or five times. I was badly constipated and nearly always had to be taking a laxative.

"I searched for twenty years for a medicine that would help me and I would have still been suffering if I hadn't read about Tanlac in the paper and commenced taking it. I hadn't finished the first bottle before I saw that at last I had found the right thing for me because I began to pick up right away, my appetite got better, my stomach quit troubling me and I was feeling stronger than I had in years. I haven't stopped taking Tanlac yet because I want to be sure that all my old twenty years of misery is entirely gone before I quit taking it, but already I am so greatly relieved that I feel almost like another man. My appetite is fine and what I eat digests and don't trouble me at all, and the pains in my back have almost entirely stopped and my kidneys don't bother me at night like they used to. The catarrh that started all my troubles has just about gone, and I am not constipated a bit and feel built up in every way. I am already so much improved that I just want to tell everybody that I believe Tanlac is the finest medicine in the world."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc., Co.—Adv.

#### ASKS COURT TO CONFIRM ACTS

Confirmatory proceedings in the matter of the formation of the Langell Valley Irrigation district and the election recently held by the taxpayers for the creation of \$900,000 bonded indebtedness to develop the irrigation project were launched in the circuit court yesterday with the filing of a petition by Ferguson & Fletcher, attorneys for the directors of the district, asking for a decree setting the stamp of the court's approval on the regularity and legality of all the irrigation proceedings to date.

This action is taken by the attorneys for the district to effectually close any possibility of future dispute over the validity of the bonds. It gives the entire world a chance to make a showing in opposition to the proceedings and if, after due notice is given, no objection is made and the court confirms the steps so far taken no future question can be raised.

#### AMERICAN MARINE IS MAKING RAPID GROWTH

WASHINGTON, Nov. 13.—Sixteen ships, totalling 92,675 tons, were delivered to the shipping board, by the emergency fleet corporation during the first ten days of November, it was announced today. The construction for October was 113 ships.

At a cost of \$100,000 a cotton mills corporation of Danville, Va., has erected a modern hotel, where several hundred of its women employes may live at an expense of \$7.50 a week.
