TEXAN WOULD BALK
RAIL TIE-UP

Congressman Eugene Black of Texas proposes drastic punishment for any two or more persons who would tie up the nation's rail service. He recommends a \$500 cash fine and six months in prison as punishment. This measure came as a result of the coal strike litigation.

COLLAR OF SEAL TO
HEM OF GREAT COAT

Perhaps it is the richness of the tan pom-pom cloth in this great coat which shows best the richness and luster of that big seal collar and deep cuffs. The feature though is of course the lines of that huge collar which extends to the hem of the garment.

Best yet. Herald Want Ads.

A Real-Fruit Dessert For Six People

This is an offer to buy you this week a Jiffy-Jell dessert for six people.

Many housewives don't know what Jiffy-Jell means to them. They know the old-style quick desserts, but not the new.

Jiffy-Jell brings you real-fruit flavors—not the artificial. Each package contains a bottle of fruit juice condensed. We crush the real fruit, and much of it, to flavor a Jiffy-Jell dessert. A Jiffy-Jell dainty seems filled with fruit. Here you get fresh-fruit delights. And you get its healthful acids, needed every day.

Try One Fruit Free

Present the coupon to your grocer this week. Buy two packages of any flavor and he will give you a full-size package of Jiffy-Jell in Loganberry or Pineapple flavor free. We will pay him for the free package. This will give you three packages for the price of two.

Jiffy-Jell comes in many fruit flavors, but the choicest are Loganberry and Pineapple. You will find in each package a bottle of the fruit-juice flavor in liquid form, condensed.

The Jiffy-Jell mixture is ready-sweetened, acidulated and in proper color. Simply add a pint of water as directed on the package, then the flavor from the vial, and let cool.

See what you get—a real-fruit dessert for six people. It will have a wealth of fruit. It will change your whole conception of quick gelatine desserts.

Note that this offer is made on two flavors—on Loganberry and Pineapple only. Your grocer has no right to offer another. We want you to know Jiffy-Jell at its best.

Then always remember that this real-fruit dainty is ever at your command. It will bring you the joys of real fruit. And it will cost you, when you buy it, only a few cents per dinner. It will cost you less than the fruit alone which we use to make the flavor.

This offer is for this week only. Cut out the coupon now. If your grocer lacks the flavors mentioned, go to another store.

GET KNOWLEDGE OF COUNTRY

Japanese School Children Go on Outings as Part of Their System of Education.

In Japan, beyond all other lands, the whole world goes outing. Wherever the traveler wanders he meets crowds of people on the highways. Frederick Starr writes. These people fall into three well marked classes. Everywhere one sees school children on excursion. There may be half a dozen with one teacher or there may be hundreds with their teachers. They are out to view the landscape, to see places famous in the national history, to visit the scenes of old legends, to examine in detail the various processes of art industries. It is considered as important a part of the school curriculum that the children should see things and become acquainted with nature, with national history and with practical sources of wealth as it is that they should know arithmetic, grammar or history. They are out for an hour, a day, a week, or a vacation period. When I first visited Miyajima I met a group of 40 school boys with two teachers, who had already been two weeks on their excursion and had seen many interesting things on their way to the exposition at Fukuoka, in the southern islands. The night before they had been traveling until after midnight and now they had before them a journey which would keep them up until the early hours of the morning; although they were so tired that they could hardly stand they were full of enthusiastic anticipation for the experiences that lay ahead. The Japanese are very wise in making these excursions an important feature of their school system.

DICKENS' TWO LOVE AFFAIRS

Biographers Generally Have Overlooked Interesting Passages in the Life of the Great Novelist.

The many biographers of Charles Dickens have made little mention of his love affairs, though it is certain that the great novelist had loved passionately in his time, says a writer in London Ideas. It is only in out-of-the-way little books that one comes across such revelations as this:

"When only a boy of five years Charles Dickens had a little playmate named Lucy, a beautiful fair-haired child, whom he loved to distraction.

"It was his first love, and only a baby affection at that, but the novelist never forgot it. It is a fact that she is the heroine of at least one Dickens novel."

The original of Dora Spenslow in "David Copperfield" was a later love of Dickens, and one which was unhappy for him. The lady, early in the acquaintance, encouraged his affections, but her parents objected on the score of the position he then held in life, and she inclined to their view.

She went away to Paris to study art, and completely forgot the unhappy love. Later, when Dickens had attained fame as a novelist, she wrote to him, and after a time there was a meeting.

But the lady whom the novelist had known and loved had changed. Charles Dickens, at all times a sentimentalist, was prepared to find her grown old with him, but he did not anticipate the change in her character. And thus the attempt at reconciliation failed of its purpose.

The Board of Lubrication Engineers

Our Board of Lubrication Engineers study the lubrication needs of each make of automobile.

These experts have determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.
