Original Personality.
The approach to the comprehension of any original personality in art or in philosophy is slow but full of fascination. One first impulse, I have usually found, is one of tedious indifference followed by rejection, probably accompanied with repugnance. In this sphere the door which opens at a touch may only lead into a hovel. The portal to a glorious temple may be through a dark and dreary narthex, to be traversed painfully. It may be on one's knees, a passage only illuminated in its last stages by exhilarating bursts of light as the door ahead momentarily swings open.—Havelock Ellis.

SAYS HOT WATER WASHES POISONS FROM THE LIVER
Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.
If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.
Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.
Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

Palace Market

FOR SERVICE AND QUALITY
The only market in the city operating its own sold storage system for the proper handling of fresh and cured meats.

HAS NEVER FELT BETTER IN LIFE

"TANLAC PUT ME BACK ON MY FEET" SAYS PORTLAND MAN.

"Eighteen months ago I had chronic indigestion so bad I thought I was about down and out, but Tanlac put me back on my feet and no man in Oregon feels better than I do today," said George Throckmorton, who lives at 81 McClellan St., Portland, Ore., the other day.
"My trouble started about four years ago," he continued, "when I began having attacks of acute indigestion which got worse and worse until I would just faint away. I had no appetite and sometimes the mere thought of eating would turn me deathly sick. I didn't hardly dare look at fruits and acids or anything fried, much less eat them. Even milk would curdle on my stomach and meats, especially pork, were just like poison to my system. I was so badly constipated I had to take a laxative nearly every day and I felt so weak and tired all the time—I had to drag myself to work. I tried all sorts of medicines but nothing seemed to help me and the attacks kept getting closer and closer together. When they came on I would have the awfullest cramps in my stomach anybody ever had and would be completely floored for five or six days. I was

so nervous I could not sleep half as much as I ought to and for days at a time I couldn't eat a mouthful of anything. I would faint so often I was afraid to be by myself at night.
"I was in Aberdeen, Wash., when I read about Tanlac doing other people so much good and decided that it might help me, too. I took three bottles in all, that was in April, 1918, and I haven't had a single attack of indigestion since. I eat anything I want—even beet pickles—without any bad effects afterwards. I have gained ten or fifteen pounds and never felt better in my life than I do right now. Tanlac did me a world of good and I have told lots of people about it."
Tanlac is sold in Klamath Falls by the Star Drug Co., and in Loretta by the James Merc., Co.—Adv.

SPRING LAKE NEWS

Ray Reece, who has been home on a visit, left Sunday for Ashland to continue school.
Mr. and Mrs. Ward Dolan were city visitors Tuesday.
A parent-teachers' meeting was held at the school house Friday and new officers were elected.
It is recorded that the first purchase of metal for the United States Mint, following its establishment in 1791, consisted of six pounds of old copper.
The nightingale, it is said, has sixteen different beginnings and closes, with many intermediate notes, while other birds have but four or five changes in all.
