HEALTH AND A HAPPY NEW YEAR

The eggs of the alligator are eaten in certain islands of the West Indies and on the west coast of Africa. They resemble in shape a hen's egg, but are larger, and have much the same taste. More than a hundred eggs have been found in one alligator.
Shaving was introduced among the Romans about 300 B. C. Pliny says Scipio Africanus was the first Roman who shaved every day. Subsequently the first day of shaving was regarded by the Romans as the entrance upon manhood, and celebrated with great festivities.
