

What Do You Know About Drag Saws?

Every man who ever broke his back with a cross cut knows that a drag saw does a dozen men's work at one-tenth the cost. BUT—do they know why the VAUGHAN has such big exclusive devices on its saw as the Jiffy Saw Holder; the metal to metal clutch; the Safety Angle and the Adjustable Pitman Head? If you're interested in drag saws, find out why the Vaughan has them. Just write for our folder—it tells you why, and also explains the engineering principles that must be followed to produce the highest grade saw—the sort of saw you want. WE WILL SHIP YOU A VAUGHAN DRAG SAW IF YOUR DEALER CANNOT SUPPLY YOU. Don't buy a drag saw blindly. Investigate. Compare. Make sure the saw you buy will stand up under hard, lasting service. The Vaughan is sold on merit. It is time-proven and tested.

Terrier Which Left Home Near London Went to France and Found His Master

Prince is back at his home near London. Guided by some strange sense, this Irish terrier left the home of his mistress at Hammersmith and found his way to Armentieres, in Northern France, where his master was then stationed. When his master returned with his regiment, Prince went along. Master and mistress say Prince can do anything but talk, but as he can't talk they can't find out how he made the journey across the channel and located his master.

Accepts Presidency of Hungarian Peace Mission

In Soviet government wireless dispatches from Moscow the claim is made that the Northwestern Russian army of General Yudenitch, which has been attacking Petrograd, has been surrounded by the Bolsheviks. Reports concerning General Yudenitch's position are conflicting.

At 87, Woman Says Flight Over Washington is 'Fine'

At 87, Mrs. Zelle Longley is not too old to fly. After taking a 25-mile spin over Washington, D. C., she told E. Hamilton, her pilot, that "it was fine," and she only wished it had been longer. Mrs. Longley is a direct descendant of the Marquis de Lafayette.

Everyone Should Drink Hot Water in the Morning
Wash away all the stomach, liver, and bowel poisons before breakfast.

fore putting more food into the stomach. Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation. To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver and bowels.—Adv.

HAD ITS ORIGIN IN PERSIA

Word "Check" Can Be Traced to Term Employed in the Ancient Game of Chess.
The historical adventures of the word "check" give an interesting example of how a common term has gained its present meaning. It comes originally from Persia, and is associated with the game of chess. A shah is a Persian king, and centuries ago the word shah, or something like it, was used to designate an attack upon the king in chess. Under the influence of the medieval Latinist the word underwent a curious change to "scaucus" and later passed into old French as "eschec" or "eschac." From the French it was but a step through the Norman tongue into English as "check" or "cheque."

Beverage of Pine Balsam.

The threatened emptiness of "the cup that cheers, but not inebriates," reminds a correspondent that Cowper was less original than many readers suppose in framing that line. Long before his time, Bishop Berkeley applied the same encomium to a drink made of pine balsam, in these terms: "The luminous spirit lodged and detained in the native balsam of pines and firs is of a nature so mild and benign, and proportioned to the human constitution as to warm without heating, to cheer but not inebriate, and to produce a calm and steady joy like the effect of good news, without that sinking of spirits which is a subsequent effect on all fermented cordials."

IRON MADE Ironalls

Better Let Us Patch 'Em Up
This is the time to look over your tires with the idea of making them last through the winter. Of course, if you must have new tires, Diamonds are the only ones to buy at this time of the year—or at any other time, so far as that goes—but the idea we wish to convey is that we can make the old ones last through the bad weather, and save you money on your tire bill by repairing the worn ones. Bring them in, and if they are worth repairing we will tell you what it will cost—if they are not worth repairing, we will tell you that, just as readily. We can't make a new tire out of one that is worn out, but we can take a damaged tire and repair it so you will get many more miles out of it before it goes to the junk pile.
