INCANDESCENT LIGHT IS ONLY 40 YEARS OLD

CHICAGO, Nov. 25.—The fortieth birthday of the incandescent light bulb was celebrated here recently when the delegates to the convention of the Illuminating Engineering Society of America met on a date especially arranged to coincide with the anniversary. Speakers recalled that the announcement by Thomas J. Edison, October 21, 1879, that he had perfected an incandescent lamp that would really "light," was received with good-natured ridicule. But so rapid was the development of the invention and recognition of the accomplishment that on the following Christmas Eve an excursion train was run from New York to West Orange, N. J., carrying a throng to view the wonders of the first community lighted by electric light.

Declaring that the use of electricity for lighting is not only in the first stages of development, the speakers pointed out that general use of the Edison invention did not come until the last ten or fifteen years and that up to that time kerosene and gasoline lamps and candles were widely used. But now even small communities have electric lighting plants and farm homes are lighting a similar way while the application of electric power to practical uses has been widely extended.

New French Roads

French dispatches recently stated that the entire road construction program there will cost nearly two billion francs, which it is estimated by Mr. Besnere, budget reporter, will give France a road system superior to that before the war. One hundred and seventy-six million francs have been allocated to road repairs in the invaded regions.

WILL CELEBRATE ROAD OPENING

SAN DIEGO, Cal., Nov. 26.—Elaborate arrangements have been made here and in the Imperial valley to the east of San Diego for the celebration marking the opening of the San Diego & Arizona railway, which, connecting with the Southern Pacific railroad at Yuma, Arizona, will make another transcontinental route. Railroad men of prominence have predicted that this is likely to be the last route of the kind to be opened for at least several years.

It is announced that regular train service between San Diego and Imperial valley points will be started on December 1 and that transcontinental trains will be running over the line by January 1.

The celebration will be from December 1 to 6, inclusive, the first four days having been allotted to this city and the last two to Imperial valley cities, which, by this route, will have a short outlet to tidewater. Another feature of the line on which its builders have laid emphasis is that it will afford an all-year-round and easy grade line from the east to the Pacific Coast. The line through the mountains of San Diego county near the Imperial valley line has been built on easy grade, practically free from snow.

The first day of the celebration has been set aside in honor of John D. Spreckles of this city, who has devoted more than ten years of tireless effort to its financing and construction. Tuesday, December 2, will be harbor day; Wednesday, December 3, stadium day, when events of several kinds will be staged in San Diego's great outdoor arena; Thursday, December 4, will be Balboa park day, the main part of the program being held in the city's 1,400-acre park. Army and navy authorities have promised hearty cooperation in the events, which will include several parades.

On Friday, December 5, special trains will take several thousand people from San Diego to Imperial valley, where the celebration will be continued for two days.

HERALD'S CLASSIFIED COLUMNS

FOR SALE—Real Estate

FOR SALE—Or will trade for Klamath Falls city property, 40 acres, 8 miles from Klamath Falls, about 20 acres cultivated, the very best of soil. Balance timber land. Timber has been logged off lately. About 100 cords limb wood still on ground. Two room cabin, good chicken house, well of water—no pump in well. Address Albert Barrett, General Delivery, 24-21*

CITY GARBAGE—When you want Garbage removed phone 91. 11-41

WANTED—A good second hand piano for cash. Herald, 61-41

LOST AND FOUND

LOST—In the Post Office, Saturday night, package containing brown crepe blouse and other articles. Finder please return to J. A. Perry, Golden Rule Store. 25-21*

PHONE PEYTON for Wood. 11-12

December 11, 12, 13.

WANTED

40 sacks No. 1 seed potatoes, dry land sands variety. Early Six Weeks preferred. Nettle Gems or Blue Centennials. Address Albert Barrett, General Delivery, 24-61*

NOTICE

The Ladies of the Catholic Church will hold their annual Fair Dec. 11, 12, 13. 22-41

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking.

each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do—Adv.

LOOK FOR ANOTHER POMPEII

Archaeologists Expect to Uncover Treasures of Art Hidden for Some Twenty Centuries.

During the war archaeological excavations were continued at the Italian colony of Syrenai on the north African coast, and now comes the news that what has been found already promises the uncovering of another ancient city as important as Pompeii. Once upon a time the spot was a Greek colony, with the civilization of Greece transplanted to the soil of Africa. The work has been carried on during the war under the supervision of Prof. Lucio Mariam, director of the archaeological service of the ministry of the colonies, and the prediction is now made that the newly discovered city will eventually prove actually richer than Pompeii in its evidence of a past civilization. Here have been found already statues of the Graces, a Hermes, an Eros, an Alexander the Great and most impressive of all, the Aphrodite of Cyrene, which is said by certain connoisseurs to be a fair rival in beauty to the Venus of Milo and the Venus of Cnidus. The discoveries have extended over a good many years. It may be added, however, as an illustration of the modified joys of archeology, and the introduction of a new mystery into the history of art, that the Aphrodite of Cyrene lacks both head and arms. The world may wonder what she looked like as well as what she was supposed to be doing.

REPUBLICAN GOVERNOR OF OLD "KENTUCKY"

Down in the blue grass of Mar'se Henry Watterson's state, Democratic leaders got a severe jolt in the recent elections when Edward P. Morrow, Republican, was elected governor. It was one of the political surprises of the November polling to national leaders of both big parties.

PLATINUM AND GOLD SUBSTITUTE IS DISCOVERED

URBANA, Ill., Nov. 26.—A new metal alloy that can be substituted for platinum or gold where acid resisting metals are required has been discovered by Prof. S. W. Parr of the department of chemistry of the University of Illinois. The new alloy, which professor Parr has named "Illium" in honor of the university, costs approximately 25 cents an ounce whereas the cost of platinum recently was \$140 an ounce and gold \$40 an ounce.

The first mixture of Illium was made in April 1917. This was not entirely satisfactory but early in the next year a fifty per cent standard of success was obtained. Now a piece of the metal has been kept in acid for six months while the acid has been made hot and cold, diluted and concentrated, and the metal has shown no sign of change.

Last year it was used with marked success and the calorimeter bombs used in measuring the heat units in coal which the government has ordered in large quantities now contain Illium instead of platinum. Other alloys, it is said, have been found too brittle and can be cast but not machined like Illium.

NOTICE

Notice is hereby given that from this date I will not be responsible for any debts contracted by Henry Shadye and wife, November 24, 1919. E. H. Quigley. 24-31*

We can do your work and do it RIGHT

We have opened a Garage at 522-538 S. Sixth St.

and we are going to have a repair department that will be second to none. We will do all kinds of auto, truck and tractor repairing, and the charge will be such as to make you glad you came, and bring you back. We just ask for one trial.

J. H. Garrett & Son

THE ECONOMIST'S VIEW

"Perhaps at no other time in this nation's history is the appeal 'Work and Save' as necessary as at present. Manufacturers, financiers, economists and many others including even the more conservative labor leaders, realize that unless we work and work hard, and save and save hard, we are headed for a period of unprecedented hardship. This is not the mere mouthing of a jingo or professional pessimist. It is a fact, and is supported by innumerable signs everywhere. Every hour wasted and every dollar spent needlessly is like a small dagger thrust at the heart of this country. Enough of these dagger thrusts will finally reach the heart itself. The fact that we are extraordinarily rich furnishes no immunity from ultimate disaster if we waste these riches. The thing to do is for each and every one of us to pull in the same direction, towards national economy. Without it we are lost. With it, we can insure our national future."—"Odd Lot Review"

National economy is only collective personal economy. Quit buying and sink your dollars in government securities, such as Thrift and War Savings Stamps and Treasury Savings Certificates.

ARE YOU RHEUMATIC?

Many Pangs That Pass for Rheumatism Are Really Due to Weak Kidneys.

Is it rheumatism? Not every pain is. Weak kidneys let uric acid collect. Uric acid causes queer pains. In the thigh it's sciatica; In the back, lumbago; In the nerves, neuritis. Gout, gravel, dropsy or uric troubles.

When you suspect the kidneys use Doan's Kidney Pills—The home-recommended remedy. Klamath Falls testimony is the best proof.

Read this Klamath Falls man's story: H. S. Wilson, carpenter, Fourth and Pine Sts., says: "Several years ago I had rheumatic pains. Hearing Doan's Kidney Pills recommended so highly, I gave them a good trial. I took five boxes in succession and they permanently overcame that trouble. Since then, I have never had any symptoms of rheumatic or kidney trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Thanksgiving Dance at Malin Hall

Thursday Evening

Nov. 27, 1919

Everybody invited.

Music by Malin Orchestra.

HOW TO GET RID OF YOUR COLD

The quick way is to use Dr. King's New Discovery

DON'T put off until tonight what you can do today. Step into your druggist's and buy a bottle of Dr. King's New Discovery. Start taking it at once. By the time you reach home you'll be on the way to recovery.

This standard family friend has been breaking colds, coughs, grippe attacks, and croup for more than fifty years. It's used wherever sure relief is appreciated. Children and grownups alike can use it—there is no disagreeable after-effect. Your druggist has it, 60c, and \$1.20 bottles. Give it a trial.

Bowels Begging for Help

Torpid liver pleading for assistance? How careless to neglect these things when Dr. King's New Life Pills so promptly, mildly, yet effectively come to their relief!

Leaving the system uncleaned, clogged bowels unmoved, results in health-destructive after-effects. Let stimulating, tonic-in-action Dr. King's New Life Pills bring you the happiness of regular, normal bowel and liver functioning. Keep feeling fit, doing the work of a man or woman who finds relish in it. All druggists—25c.

Have an Oil Heater

to take off the chill when it is too warm to have the furnace going. We have them that are as pretty as a picture, take very little oil and are guaranteed to be free from smoke or smell. Don't wait till all the family have colds. Get one today.
