

Appearance Is Everything TO WOMEN

Certainly the hat is by far the most important feature of the attire. It is to the face what the frame is to the picture. We have some we would like to show you. They are very beautiful. The materials are of the very best. The work is exquisite. Quite equal to anything you could buy in the Rue de la Paix or on Fifth Avenue. And prices at half their value.

EXTRACT OIL FROM SHALE

DENVER, Colo., Dec. 2.—An oil shale laboratory, with an initial expenditure of at least \$20,000 is to be established at the University of Colorado at Boulder immediately by the United States Bureau of Mines and the State of Colorado, announcement to this effect having been made recently by Governor Shoup of Colorado.

The laboratory is to be operated under the department of mechanical engineering and will be under the direction of Professor John A. Hunter. The department at present maintains an oil laboratory which can be utilized to some extent in the new work. To house the machinery and equipment which will be necessary for the experimental treatment of shales, a separate building will be erected, the definite date for the beginning of the work having not yet been announced.

The federal bureau of mines will send men to the university to look after the government's end of the work, and it is expected that eventually the department will grow to the magnitude of the radium research laboratory established several years ago at the School of Mines at Golden. This lab, named work at present requires the services of a dozen men and occupies a three-story building on the Mines campus.

The new department is designed for the research and experimentation consideration necessary for the exploitation of the huge deposits of oil shales in Western Colorado and Utah on a commercial basis. The state and federal governments will divide the initial expenses incurred.

Klamath Lodge No. 137 I. O. O. F.
Meets Friday night of each week at I. O. O. F. hall, 5th and Main streets. P. J. Gerges, N. G.; Fred Bremer Secretary; P. L. Fountain Treasurer. Swansan Encampment No. 46, I. O. O. F., meets Tuesday night of each week at I. O. O. F. hall. Arlie Worrel, C. P.; Nate Otterbein, Scribe; P. L. Fountain Treasurer.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is a guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day becomes food for the millions of bacteria which infests the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

SHIPPING FOOD

RIO DE JANEIRO, Nov. 8.—(By Mail).—Large quantities of food-stuffs are being shipped by the German colonists in the State of Bahai to their relatives in Germany. The shipments, which have been authorized by the state food commission, consist principally of flour, rice and sugar.

As a screen against the sun, the umbrella was used in the East in very remote times, and figures prominently in Assyrian and Egyptian sculpture, where it appears to have been a part of the insignia of royalty.

Japan is peculiarly the victim of elemental forces. The country contains at least 50 active volcanoes and has an average of about 500 earthquake shocks a year. In addition, it suffers frequently from severe floods.

A Madrid newspaper editor once sought popularity by printing his paper on linen, with an ink that easily washed out, so that the reader, after perusing the journal, might apply soap and water and convert the "rag" into a pocket handkerchief.

Our supply of Block, Limb and Slab Wood is adequate for the present demands of our customers, but please order before you are entirely out of wood as we are behind with our deliveries.

TERMS CASH
All fire wood must be paid for in advance or upon delivery, as we cannot afford to collect small accounts. If it is a C. O. D. order, please have the right change ready, otherwise drivers are instructed not to leave the fuel.

LONDON Oct. 17.—(By mail).—The death of Jean Louis Nicode, the distinguished German composer, at Leipzig, is announced in a German wireless despatch. Nicode was born near Posen in 1853. He made his reputation at the piano and as conductor successively of the philharmonic concerts and of the Neustadt Male Chorus at Dresden. Among the best known of his works is "Das Meer", a symphonic ode.

OPEN NOSTRILS! END A COLD OR CATARRH

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.
