## MAIL HEAVIEST IN LOCAL HISTORY

Outgoing mail this morning was the heaviest in the history of the local postoffice, the postmaster reports, approximately 6000 pounds being contained in the mail sacks and packages.

Sunday evening's incoming mail also broke all previous records, about six tons being received in one consignment.

While the Christmas rush is keeping in the postoffice force hustling as hard as any one in town, Postmaster Delzell stated that he had an ample force to meet the situation and there will be no delay in moving the outgoing or distributing the incoming mail. It all goes forward to the addresses as fast as it is received in the local office.

### Today's Birthdays

H. D. Mortensen has returned to the city after an extended business and pleasure trip to San Francisco. Mrs. Josephine Sharp of San Francisco is expected to arrive on this evening's train to spend the holidays with her sister, Mrs. Henrietta Melhase. Mrs. Sharp is Mrs. Melhase's only surviving sister and naturally her visit is looked forward to with pleased expectancy.

Mrs. Fred Hellbronner returned last night from a month's visit with her daughter, who resides in Seattle.

### AROUND THE LOBBIES

We two birds flew into town on a belated train looking for amusement. The lady at the hotel sent us to a movie. We went to the Liberty and the show was new and good. We read in The Herald about the Big Jazz Dance at the Moose Hall—We went—it was some dance, the music was very, very good, I'll tell the world. And how you folks do enjoy yourselves up here! Everybody happy and enjoying life. We stepped in and had a good time. There were several floor managers looking for strange birds to see they got acquainted, and the girls—Oh! Boy! We intend to camp right here. They are up-to-the-minute with any big city. We'll stay till the holidays are over as the band leader announced they will dance Christmas Eve and night and New Year's Eve and night. There's nothing cheap about the dance—75 cents admission, but we birds believe in high prices, I'll say so.

23-1t A WISE BIRD.

### CHILE-MEXICO WIRELESS LINE

MEXICO CITY, Nov. 30.—(By Mail)—The governments of Chile and Mexico are discussing plans for the establishment of a wireless service between the two countries. This results from discovery that messages sent by wireless from Yucatan to Mexico City were being read in Santiago.

"We wish you all the many joyous and happy returns of the year."

### LADIES' HOSIERY

## Good Old Christmas Time

with lots of good things to eat will make anyone happy and wear a smile that will last at least for awhile.

For the good things to eat, we invite you to our store, where you will find in abundance all the things your heart desires for your Christmas dinner. We hope to have all the green stuff that is available and fit to sell, but owing to the late freeze throughout California it is going to make some things almost unobtainable. So we trust you will not expect too much along these lines.

We will have a good stock of Oranges, Bananas, Apples, Nuts, fancy Candies in anything you want, lot of fancy Box Chocolates, Figs, Pop Corn, Cranberries, Mince Meat, Olives and Sweet, Sour and Dill Pickles.

Phone us that order for that Christmas dinner; 200 will deliver the goods.

### FARM BUREAU PLANS SQUIRREL POISONING

(Continued from page 1)

four cents an acre will be supplied prorata with his poison mixture. The committee feels that in order to insure the absolute success of this undertaking it is most essential for the land owners to act immediately in the matter of making their contributions.

It is the purpose of the committee to arouse the interest of all and make these poison drives large community affairs. It is possible that on the opening day of the squirrel drive, the business men of the community will be asked to declare a holiday and all go out in the country districts, visit with the farmers and help distribute poison. There are many details yet to be worked out but it is intended to keep the public fully informed at all times of what the committee plans to do in order to most effectively combat pests in Klamath county.

## CLEVELAND

An Envious Reputation  
Already Won

—Hundreds of dealers who drove new Cleveland Sixes from the factory in Cleveland to their home cities have written the factory expressing their admiration and confidence in the car. What they all say is summed up in this sentence from one of them, "I can look any man in the face now and tell him the Cleveland is a regular automobile."

—And that's what the Cleveland Six is—a regular automobile, an unusual automobile. —Hundreds of Cleveland Sixes, within the past four months have undergone long, grueling cross country drives, with honor. They have passed over great hill drives and long mountain climbs, plowed through mud and wash-outs and

desert sands where other cars stall and stop. Its power and endurance have already won the Cleveland an enviable reputation. —This is not surprising for skill and sincerity are built into this car by men who have contributed their genius to the building up of one of America's finest quality cars.
