### DANCE AT ST. CLOUD.

The dance at St. Cloud, scheduled for New Year's but postponed until Saturday evening, was largely attended. The music of Professor Bahrman and Miss Alice Hamilton was a feature of the occasion.

### Personal Mention

Sykes Hamaker, foreman of the Louis Gerber ranch in Horsefly valley, was a business visitor in town today.

Superintendent Rahn of the Edgewood ranch at Swan Lake was in town today on business.

Mrs. A. Shetler left yesterday for San Francisco for an extended visit with her daughter who resides there.

Miss Christine Murdock left Saturday for Stanford University after spending the Christmas vacation with her parents, Mr. and Mrs. H. F. Murdock.

The Misses Mary and Agnes McCornack left Saturday for school, after spending the holidays with their parents, Mr. and Mrs. H. F. McCornack. Miss Mary returns to Eugene and Miss Agnes to Corvallis.

Eugene McCornack has been in the city for several days from his home at Forest Grove looking after his stock in the Upper Lake section.

Mr. and Mrs. T. H. Jolly returned last night from a ten days trip to Sacramento and other California points and report a delightful vacation.

Dr. and Mrs. Demorest returned to this city last night. Mrs. Demorest has been spending several months with her daughters in Walla Walla and Dr. Demorest joined the family for the holidays and has been absent from his office for about two weeks.

Elmer French of the City Milk Dept. has just returned from Portland, where he purchased a complete milk sterilizing plant. This he will have installed immediately, and will then be in a position to furnish milk that will meet all of the requirements of the most exacting regulations.

Joe Joseph, the pioneer of the business in Klamath Falls, is seriously ill at his home in the city. In addition, he is suffering from influenza.

Robert and George Riggs, who spent the holidays with their parents, Mr. and Mrs. F. W. Riggs, returned Eugene yesterday, where they are students at the University of Oregon.

F. W. Rector, who has been operating a linotype machine in The Herald office for the past few months, left this morning for California. He is succeeded by Arthur Jackson, who comes here from Sacramento. Mr. Jackson was for a number of years linotype operator for the Grants Pass Courier, and during more recent years has been employed on several of the big papers on the Coast.

The Ladies Athletic club will resume practice this evening at 8 o'clock in the old gymnasium over the Dodge garage.

### FANCY DRESS BALL IS HIT

An impromptu New Year's fancy dress ball provided amusement for guests at the White Pelican Hotel, and a number of friends of those staying at the hotel who were invited to enjoy the festivity. While the affair was staged on the spur of the moment, some striking costumes were evolved, a number of which, beside the tastefulness displayed, were very proper to the character portrayed.

James Milne, resident manager, turned the big dining room over to the party, and with a phonograph to furnish music, the guests made use of the dancing floor until a late hour. Within the near future, Mr. Milne is planning an affair of similar nature on a larger scale. The New Year's dancers and costumes were as follows:

Mrs. Robert Smith, Futurist; Mrs. H. R. Reynolds, Palm Beach; Mrs. T. C. Campbell, Madame Butterfly; Mrs. Estelle Carlier, Jester Costume; Miss Edith Simon, Scotch Lassie; Miss Nora Binker, Good Morning; Miss Estelle Gerard, Yama Yama Girl; Miss Betty Gaddes, Man About Town; Miss Verda Cosad, Sis Hopkins; Mrs. George Stevenson, Some Housekeeper; Agnes Driscoll, Jon-teel Costume; Miss Bordeaux, Dutch Girl; Miss Chastain, School Girl; Miss Goeller, Mrs. Nutt; Robert Smith, Bubble Costume; Bob Davis, Red Taffeta Gown—"Oh You Beautiful Doll"; J. H. Breinig, attractively gowned in Pink Georgette Crepe; George Stevenson, at a Palm Beach Suit; George Hartwig, Henry Davis, White Coat and White Apron Boys; Frank Lee, Charlie Chaplin; Mr. Armstrong, Very Tough; Rex McMillan, Cow Boy; Dr. T. C. Campbell, 67th Battalion, Canadian Forces, Highland Costume; James Milne, Porter—moved everything in the house; Pat Parker, Mr. Bordeaux, Hermie Foster, Kenneth Parry, Bob Riggs, Dorothy Martin, Veva Martin, varied costumes.

### NEW MUSICAL INSTRUMENT

LONDON, Jan. 5.—In a new production by the Russian ballet now playing here an ordinary typewriter has been installed as the newest "instrument" in the orchestra.

### CENTRAL GARAGE TAKES AGENCY FOR CLEVELAND

The automobile family of Klamath Falls was increased by the addition of another member which arrived as a New Year's innovation by the Central Garage. It is the Cleveland. This machine, which is of the Chandler construction throughout, is of a character and equipment that will permit of its taking its place in the front rank of the automobiles of the nation, and will undoubtedly prove one of the popular moderately priced cars in this territory.

In speaking of the car today Mr. Brownell said:

"The Central Garage is proud to present the Cleveland Six to the people of this territory. The car is not an experiment, but the result of three years of engineering, in the shop and on the road. It will be in the front ranks as long as men buy automobiles. It sets a new standard in the light car field and is an achievement that the makers have no hesitancy in placing on the market."

The Cleveland has a six cylinder, valve-in-head motor; Stromberg carburetor; Bosch magnet; Gray & Davis starter; multiple disc clutch; floating rear axle; unit power plant; with three speeds and reverse; semi-elliptic springs; 112-inch wheel base; one-man top; finished in Cleveland blue and black, with bright long grain leather upholstery. The price of the car is \$1640, f. o. b. Klamath Falls.

### LIKES PRIMA DONNA TO SING "UNITED STATES"

Our town turned out the other night, to hear fair Alice sing; she filled our souls with great delight, our hearts and everything. She sang the songs of dear old France, and Italy and Spain; to tell the truth, the most of these gives one an awful pain. But we applaud and loudly cheer.—yes, truly, there's the rub,—to say you do not like them, marks you plainly, as a dub. As each classic number ended the cheers were loud and long, and returning to the footlights she would render just a song. You may rave about "A Spirit Flower"—"The Weathercock,"—"The Ball", but the good old "Suwannee River" is better liked than all. And although the other numbers make you almost groan and sigh, your heart is cheered and lightened by "Coming thru the Rye." And your neighbor sitting by you thinks about it just the same, but he doesn't dare to say so,—this life is sure a game. —E. E. MAGDER.

### MANY DEFECTIVES

LONDON, Dec. 15.—(By Mail).—The chief medical officer of the Board of Education reports that of 533,400 children outside of London medically examined in 1918, 259,000 or 48.5 per cent were found to be defective.

### TOO LATE TO CLASSIFY

Thackeray used to lift his hat whenever he passed the house in which he wrote "Vanity Fair."

### Have Your Watch Looked Over In January

Proper care of a watch requires annual inspection by an expert watchmaker. The lubricating quality of watch oil wears out in from 12 to 15 months. Before new oil is applied the watch should be thoroughly cleaned. Neglecting to have this done shortens by years the life of a watch, and adds much to up-keep cost. The habit of bringing your watch to Upp's for examination each January is true thrift and economy. Our repair work is the best that can be done, and our charges are decidedly fair and reasonable.

### Some Reasons Why Selling Lalley Light Is So Attractive

Among the many reasons why the over 1,300 merchants who are selling the Lalley Electric Light and Power Plant find it a very attractive and profitable business, are:

The aggressive sales and service co-operation of the Lalley Light Corporation and its distributors, which enables the live merchant to establish a permanent and profitable farm electric business.

The ten-year service of the Lalley Light plant which has long since proved that Lalley Light is not an experiment.

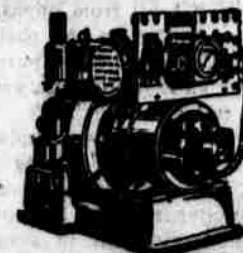

And, added to the satisfactory experiences of thousands of owners over this ten-year period,—the phenomenal and unparalleled non-stop record made by Lalley Light plants at fairs during the fall of 1919.

A few of these exceptional records, where standard Lalley Light plants were started at the beginning of the fair and run continuously every moment, day and night, without stopping, until the close of the fair, are as follows:

National Tractor Show, Wichita, Kansas, July 14th to 19th—120 hours; Inter-State Fair, Fargo, North Dakota, July 21st to 26th—124 hours; Illinois State Fair, August 15th to 23rd—124 hours; Ohio State Fair, August 25th to 29th—110 hours; Michigan State Fair, August 29th to September 6th—216 hours; Minnesota State Fair, August 30th to September 6th—179 hours; Nebraska State Fair, August 31st to September 6th—102 hours; Kentucky State Fair, September 8th to 13th—135 hours.

Of course, Lalley Light, like most other pieces of machinery, has been given extensive factory non-stop tests, but the above unparalleled records (not made under ideal factory conditions, but where everybody could view them), add to the multitude of testimony coming from Lalley Light owners all over the world, to prove that Lalley Light is built for long, hard, and reliable service.

Any live, aggressive firm or individual in this community who realizes the exceptional future in the farm electrical business should write us immediately for our attractive Lalley Light dealer's proposition.

Manufactured by Lalley Electric Corporation, Detroit, Michigan, U. S. A.; Capacity—Approximately 1,000 Watts. Only three moving parts. Water-cooled. Equipped with 16-cell storage battery and water tank. In use 10 years. Sold largely in every civilized country the world over.

Name of Lalley Light Distributor. Address of Lalley Light Distributor. Please send me full information about the Lalley Light plant and your dealer's proposition. Name. Address.
