

THIS CUP FREE

This Jiffy Measuring Cup is free to users of Jiffy-Jell. Just send us the end labels from two Jiffy-Jell packages—the labels naming the flavor—and we will mail the cup.

This aluminum cup holds exactly one-half pint. Fill twice with boiling water to dissolve one package Jiffy-Jell. It also holds exactly one cup, as called for in many recipes. Ordinary cups so vary in size that many recipes are spoiled. So this exact cup, with markings showing fractions of a cup, is essential in every home.

Crushed Fruit Desserts

Delightful Dainties at Trifling Cost

Free Dessert Molds

These Individual Dessert Molds come in assorted styles, six to the set. The six will serve a full package of Jiffy-Jell. We send the full set for 5 end labels. The molds are aluminum, and the set is worth 50c.

We make these offers to show more women what Jiffy-Jell means to them.

Jiffy-Jell differs vastly from other quick gelatine desserts. Each package contains a bottle of condensed fruit juice.

We crush the fruit, condense the juice, and bring you real fruit in abundance in these Jiffy-Jell desserts.

That's the important point. Flavor is mere taste, and often artificial. The fruit itself is rich in earthy salts. Everybody needs it every day.

For a Few Cents

Fresh fruit and canned fruit are expensive. Here are real fruits which are not.

And they are rich in fruit. Half a pineapple, for instance, is used to flavor one Jiffy-Jell dessert. Then almost a whole lemon is used to acidulate the mixture.

Yet a package of Jiffy-Jell serves six people in mold form,

and twelve if you whip the jelly—all for a few cents.

It is also quick. Simply add boiling water, as directed on package—then the fruit-juice flavor from the vial, and let cool. Millions are using these quick, economical fruit desserts, and no home now should miss them.

Try These Flavors

Try Raspberry and Pineapple for desserts. Try Lime-fruit flavor. It makes a tart, green salad jelly. Mix in your salad before cooling. Or mix in meat scraps and make an appetizing meat loaf.

Try Mint flavor. It makes a refreshing mint jelly to serve with meats or as a side dish.

Try them now. Then send us the end labels which mention the flavor, and get the Jiffy Cup—and any of our molds.

See the coupon. Cut it out so you won't forget.

COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur. An easier way is to get the phur recipe at home, though, is ready to use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it is done so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes dark, glossy, soft, and luxuriant, and you appear years younger.
