BERLIN POLICE PUT
LID DOWN TIGHT

BERLIN, Dec. 28.—(By Mail).—The Berlin police are continuing their campaign against immoral or suggestive exhibitions. The latest raid was made upon a big bathing carnival. Motor trucks were required to carry to the police stations the dozen principals and 400 spectators, all of whom were arrested.

The police also have discovered another undesirable exhibition in one of the cafes where the night life of Berlin has been brightest. Both these displays are characterized as worse than the "explanation" films which still prevail in Berlin. The evil will not down, and the average resident of Berlin, when it is called to his attention, shrugs his shoulders and remarks, "Another fruit of the revolution."

A noted physician asserts that these taking part in these exhibitions are not normal.

RESPONSIBILITIES

The particular duty of the company to its customers is to render satisfactory service; to its employees, to maintain loyalty by fair treatment; to those who own its securities, to maintain integrity of their investment, and to others of the commonwealth, under whose rules and regulations it operates, to convey the information that it is giving them better service for less money than can be obtained in any other way, even under government or municipal ownership. Our business is founded on an economic basis, and if wisely administered and not hampered by unfair treatment can continue mutually beneficial to the customer, to labor, to capital and the commonwealth.

MANY TREMBLORS
RECORDED IN 1919

WASHINGTON, Jan. 21.—Four hundred and sixty eight earthquakes were felt sensibly in various parts of the world during 1919. Of that number, 97 were felt in the United States but there was no loss of life or serious damage to property from those in this country. Of the earthquakes occurring in other parts of the world, loss of life was recorded in that of April 28 in San Salvador and one on June 29 in Florence, Italy.

Eighty of the 97 earth shocks recorded in the United States were reported from California. The remainder were felt in various parts of the country from the Atlantic to the Pacific. Kentucky, Arkansas, Utah, Arizona, Indiana, Illinois, Kansas, Tennessee, Washington, Virginia, New Jersey and Michigan all reported shocks during the year.

SHIPPING NOTES.

The steamers "Mazonie," "Klamath," and "Winema" were put on the ways soon after the first storm in December. At a little later date the "Wasp," was frozen up in Howard Bay, where she is at present. The "Eagle" and "Modoc" are in port, and the "Oregon" and "Spray" have just been placed on the ways, preparatory for re-fitting for the coming season's work. Captain Van Camp's houseboat "Salome" has also been placed on the ways where she will remain until spring, and Captain Allen's "Cruiser" lies at anchor in open water near the break of the upper riffle.

This Upper lake fleet did great work last year. It is impossible to give correct figures at this time but we can safely say that the combined fleet was compelled to travel more than 100,000 miles to do the work they did.

YANKS MAY JOIN
FRENCH VETERANS

NEW YORK, Jan. 21.—American volunteers who served in the ambulance corps, the Foreign Legion or the Lafayette Escadrille are to be accepted as associate members in the Federation of French Veterans of the Great War. It was announced here today at the New York headquarters by Charles Bournez, the general secretary.

The organization, formed to "cultivate a spirit of loyalty to the United States and attachment to France," will extend its activity, it is said, to Canada and Mexico. Elliot Norton, of the Norton-Harjes ambulance, and R. Howard Gamble, of the American Field Service, have been designated by the Federation's executive committee to pass upon applications for associate and honorary membership.

BACKING THE BUSINESS

THERE are lots of accounts on the books of the First National representing business concerns which started banking with us a few years ago when they were just struggling along. Now as we reflect upon their successes, we feel a pleasurable sense of having contributed to their development.

We are always ready, able and willing to boost legitimate enterprise.

Unusual Value—In Tires
for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$20.00
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$3.90
