Klamath Packing Co.

HAVE YOU ANY RAGS?

There is such a great scarcity of paper, as well as the material from which paper is made that there is a nation wide movement on foot to gather every pound of old rags that can be secured. That movement has reached Klamath Falls and Mr. M. Wise of San Francisco is in the city for the purpose of buying all the old rags he can get. He will pay two cents a pound for them irrespective of quality. He will make a house to house canvass, beginning Saturday. Get your rags ready. 23-11*

Special Matinees on Saturday at the Liberty

In order that all school children may see "Evangeline" the Liberty will admit any child at the Saturday matinee for five cents. Remember the hours one o'clock and 3 o'clock p. m. Saturday. 11

SOME NAME.

HONOLULU, T. H. Jan. 15. (By Mail) A baby boy, recently born to Mr. and Mrs. Darley S. Kaikala of Honolulu, has been given a name of forty-three letters, according to the birth certificate. Here it is: Nawaiebaika-Libilibi Wai Anuenue-ika Maka o Kaopua. The name in the Hawaiian tongue means, "The four waters near the edge of the eye of the rainbow in the clouds."

CONCRETE COFFINS

MIDDLESBOROUGH, Jan. 23.—The corporation of this town is considering the use of concrete coffins in local burial grounds as being lighter and cheaper than those made of wood.

MEX. MONEY AT PREMIUM, CHINA

SHANGHAI, Dec. 26. (By Mail).—While Americans have been buying British pound sterling in New York for \$3.70 or less, Americans here have been paying \$100 in American gold for 76 Mexican dollars, which are in current use here.

This unprecedented advance in the rate of exchange in Shanghai has been due to the acute rise in the price of silver. Probably no country in the world has been more sharply affected by this enhanced value of silver than has China.

In consequence of the confused state of exchange, the foreign trade through this city, China's principal commercial center, became more or less disorganized. Exporters ceased to look for new business and continued their activities wholly to filling old contracts from the terms of which they would have been glad to escape.

Shanghai bankers held frequent conferences day and night in an effort to determine what might be done to stabilize the exchange rates. For one day all but one of the leading banks in the city declined to issue drafts in connection with export shipments to America. Those exporters who buy their goods in China for silver and sell them abroad for gold suffered most severely. They were obliged to restrict operations or raise prices wherever the goods were sold.

On the other hand importers who buy their goods in America and are paid for them in Mexican dollars have prospered.

One of the difficulties arising from the exchange situation is that much of the business here is done under terms arranged several years ago when an American dollar was worth two Mexican dollars or more. Consequently foreign workers here have suffered.

The bankers concluded that one solution of the problem would be to increase the price of China's products throughout the world.

WILL SPEND FIFTY MILLIONS ON ROADS

SALT LAKE CITY, Utah Jan. 23.—Approximately \$50,000,000 will be spent during 1920 on road work in the mountain states of Idaho, Montana, Utah, New Mexico, Arizona, Wyoming and Nevada, according to an announcement made here recently by Ira R. Browning, Utah state road engineer.

Of this sum according to Mr. Browning, Idaho will expend \$17,000,000; Montana, \$5,500,000 on state roads and \$4,000,000 on county highways; Utah \$5,000,000; New Mexico, \$4,000,000; Arizona, \$4,000,000; Wyoming, \$3,000,000, and Nevada, \$2,000,000. Most of these expenditures, he says, will be made with the aid of federal appropriations.

Many industries, especially canning and sugar beet farming will be benefited and increased by the 1920 road improvements, Mr. Browning said. He predicted these two industries in Utah will be increased twofold.

NEW DAIRY COMMISSIONER

EUGENE, Jan. 23.—John D. Mickel, state dairy and food commissioner addressing the state dairymen's association here yesterday, announced that he would retire at the expiration of the present term. Efforts are being made to induce C. L. Hawley of Polk county to become a candidate.

Efforts are being made in New Jersey to have the limit of boxing extended from 8 to 12 rounds.

WANTED—A housekeeper. Apply Room 2, Swanson Building. 12-1f

WANTED—A small second hand 2-wheel push cart. Inquire G. C. Herald office. 6-1f

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,191.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1 1/8 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

Consumer—

The average consumer eats about 1/2 lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1 1/8 cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

Swift & Company, U. S. A.
