Personal Mention

Word has just been received in this city of the marriage of Viola Demuth, daughter of Mrs. F. C. DeChain of Shippington and Lawrence Wilsey, which took place Dec. 30th at the home of friends in Modesto, Calif. The couple will make their home in Bray, where Mr. Wilsey is employed by the Bray Lumber Co. Mr. Wilsey served his country with the 20th Engineers in France and is a brother of Mrs. Setzer of this city.

About twenty five friends surprised Mr. and Mrs. F. C. DeChain at their home in Shippington Tuesday night. Music and cards passed away a pleasant evening after which the real surprise of the evening was sprung when the guests were invited across the street to the home of Mr. and Mrs. Earl Leeland, where most delicious refreshments were served. Mr. and Mrs. F. C. DeChain have sold their hotel in Shippington to A. S. Haakins of Beatty, who has already taken possession.

F. C. DeChain has returned from Hornbrook where he has been spending some time looking after his mining interests there.

Mrs. E. R. Grieve, who has been visiting Mrs. McNealey, left for California this morning.

Mr. Schneider, brother of Mrs. D. W. Ryan, and Mrs. Butler, of Albion, Idaho, Mrs. Ryan's sister are in town to attend the funeral of little Chloroche Ryan this afternoon.

C. H. Daggott and wife left this morning for a visit in San Francisco.

Chas. G. Twohy, of the Dorris Lumber company is in town on business until tomorrow.

Geo. M. Strowbridge is in town from Chiloquin.

Dr. S. A. Danford, who has been conducting the evangelistic meetings at the Methodist church, left for Ashland this morning. The meetings are continued this evening and Sunday under the leadership of the pastor. Mr. Johnston will sing.

Mrs. R. Vance Hutchins left this morning for San Francisco and other points in California, where she will spend a two months' vacation.

T. E. Griffith and wife left this morning to visit in Ashland.

Miss Elisabeth McCurdy left on this morning's train for a vacation of two weeks in Newport, Ore.

AT THE THEATERS

The American Longfellow Society has endorsed the William Fox production with Miriam Cooper as Evangeline. The society says:

"Evangeline is a step forward, a distinct addition to the history of the motion picture. William Fox has contributed to the annals of the screen one of the greatest works ever screened. He has produced it with care and with sincerity. Director Walsh has brought to the story all his masterly art, and the splendid cast that interprets it has given to the their roles the dignity that the great work demands. The success of the

Marriageable young women in China usually wear their hair in a long single plait, in which is entwined a bright scarlet thread. The thread indicates that the maiden is awaiting a life partner.

SEEKING OIL
MELBOURNE, Dec. 30. (By Mail)—The Australian government has been trying since 1915 to find oil in

paying quantities in Papua (British New Guinea) but thus far the English expert in charge of the work has obtained only about 3,000 gallons.

SPAIN HAS NO BIG NEWSPAPERS

MADRID, Dec. 23.—In almost any other of the world's cities it would be considered a calamity to be without newspapers. Madrid has just passed through this experience in a period of political crisis and during a lockout in Barcelona, the chief industrial city of Spain.

Absence of the newspapers passed almost unnoticed because the people of Madrid are not a newspaper-reading public. Compared with other western cities of Europe the circulation of the newspapers here is very small. Many a small town newspaper proprietor in America would consider himself very badly treated if his circulation books did not make a better showing than those of the metropolitan dailies of Madrid.

The A. B. C., a well-printed paper with good local and foreign service and well-printed pictures, has a circulation in the whole of Spain of about 100,000 copies and the pictures account for its comparatively large circulation. Other newspapers well-known abroad by name as they are frequently quoted on foreign and domestic affairs are satisfied with circulations of from 30,000 to 60,000.

The advertising columns, too, make a poor showing compared with newspapers of other large cities. An income of \$6,000 a month is considered good. The papers are sold at either five or ten centimos but the government gives the papers a bonus of another centimo for each paper sold, owing to the increased cost of production.

The shutting down of the newspapers was due to a strike of the newspaper workers. Editors who received 500 pesetas a month asked for an increase of 30 to 35 percent. Re-

porters drawing 50 to 150 pesetas demanded a minimum of 300 pesetas. Compositors asked for a 20 to 30 percent increase in their average wage of seven pesetas a day. The result of the strike was that two newspapers disappeared and two new ones, the Libertas and the Hoy were born.

LODGINGS SCARCE.

PASADENA, Cal., Jan. 23.—Lodgings are so scarce in Pasadena that visitors here are "put up for the night" in the city jail practically every night.

They are almost always men who have enough money with them to pay for lodgings for months, if they only could find the lodgings.
