RAISE MARRIAGE RATE.

BLACKBURN, Eng., Jan. 30.—Cupid is being taxed in the Blackburn district to help clergymen meet part of the increase in the cost of living. The charge for getting married has been raised 50 to 60 percent.

For many months the servants of the Church of England have been agitating for larger salaries and so desperate has been the need, according to the reports, that there has been some talk of forming a clergyman's union.

The Japanese are far ahead of all other nations in the art of making artificial flowers. They copy with marvelous fidelity not only the blossoms but whole branches and even plants in bloom.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy, and never sore, tender, or even irritated.

"BACK TO GOD'S COUNTRY"

NELL SHIPMAN and "Wapi" in "Back to Gods Country"

This is a unique and unusual picture, like nothing ever before shown. Sixteen varieties of animals appear in their natural roles, the wild folk at peace with the world, and the wild folk battling each other and man for life.

It was written by the greatest living portrait of animal life, James Oliver Curwood.

The scenes were taken in the arctic ice fields, north of 56 degrees.

The intense cold reached sixty degrees below zero.

One player lost his life; one man's foot was frozen and the entire company suffered terrible privations to make this picture true to life.

It is a picture of the open spaces, of the land of everlasting snow where the gaunt wolf stalks its prey, where men settle their feudal battles with knife and gun.

It is a story of the primitive and elemental in the play of passion and the struggle to live.

It is a picture you can never forget. Star Theatre, Sunday and Monday. Matinee 2:30.

EUROPE AFTER S. A. TRADE

VALPARAISO, Jan. 30.—Italy, France and Sweden have taken steps to open South American markets by establishing steamship lines to Chilean ports. One of the steamship companies, composed of the Transatlantica Italiana and the Compania de Navegacion already has sent two steamers to Chile by the Panama route. It is announced that the company intends to add ten more steamers to the line, making a total of six passenger and six freight vessels which will voyage alternately by the Straits of Magellan and the Panama canal.

The government of Chile has agreed to subsidize these ships by payment of 700 pounds for each cargo shipped and 900 pounds to each passenger and freight vessel.

More recently the Italian Navigation company has sent to Chile its steamer La Veloce. The Compagnie Generale Transatlantique announces that direct communication will be established between Havre and Valparaiso by way of Panama by the use of the steamer San Luis. The Swedish company has resumed service to Chile and there is talk of a Dutch line of steamers from Java by the way of Australia.

As a result of these activities freights have begun to decline. This has stimulated the commerce of all the west coast and especially the exportation of nitrate and the agricultural products of Chile.

CHINESE BANDITS DEMAND RANSOM

TENCHOWFU, Shantung, China, Dec. 30. (By Mail).—Bands of kidnapers recently have caused much alarm in this district. Operating in groups of from 30 to 50 they have carried away and held for ransom wealthy Chinese for whose release they have obtained as much as \$50,000 in some cases.

Ten citizens were kidnapped in October. Promises to pay ransoms have been exacted by torture. Troops have tried to capture the bandits, but have failed. It is believed the kidnapers come from Dalny, crossing the gulf of Pechili in boats in which they escape with their captives.

DOG AND CAT LAW.

LOS ANGELES, Cal., Jan. 30.—Los Angeles dogs and cats, sick or well, are restricted as to residence but safeguarded as to personal liberties by a city ordinance just passed.

The new law relegates all dog and cat hospitals or kennels to the industrial and outlying districts but provides that such hospitals or kennels "must not be conducted in such a way as to prevent the animals from barking, howling or mewling, particularly in the night time."
