### MINE WITH MASKS.

PHOENIX, Ariz., Jan. 30.—Gas masks, such as were used by the American army in France, are to be supplied men of the United Verde Mining company at Jerome, Ariz., to overcome sulphur fumes while they make the last dash to put out the fire which has been raging in the mine, far underground, for the past 20 years, according to Commissioner Johnson, of the Arizona Corporation Commission.

To reach the fire and attack it from a new angle, a new opening is to be made, the commissioner said. To do that, it has been found necessary to remove an old slag dump which is a veritable mountain. A gigantic steam shovel, said to be one of the largest in existence, is to move the slag mountain. Six bites and it fills a car with slag; 300 bites and a train is ready to move.

## No Matter How Much You Pay

### You Cannot Buy Better

It's a pretty strong statement, but we are willing to prove it. All we ask is that you thoroughly investigate our claims for the PAUL AUTOMATIC WATER SYSTEMS and the UNIVERSAL FARM LIGHTING PLANTS.

No matter how small or how big an equipment you may need, you cannot get greater value for your money.

Remember, we are always willing to figure with you on the cost of installing a water system or light plant without any obligation on your part whatever.

### Everyone Should 'Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.
