

Have Your Eyes Changed?

There is a slow but constant change in every person's vision. Glasses that fitted you perfectly a few years ago are probably entirely unsuited to the needs of your eyes today.

Every person who wears glasses should have their eyes examined at least every two years.

Call and see us and let us find out whether you're wearing the proper lenses. If a change of lenses is necessary, we'll furnish them promptly and reasonably.

We guarantee a correct fitting and absolute satisfaction in every case.

METHODIST CHURCH NOTICE.

Those attending the Methodist Sunday school may secure their Sunday school papers by calling at the church Sunday morning at ten o'clock.

NOTICE

To Patrons of City Milk Depot: To insure milk delivery it is requested that bottles be put out daily. During the "flu" epidemic, we have furnished more than 1000 extra quarts of milk and the bottles are not being returned. That we may be able to furnish the demand for milk for every one's needs, we kindly ask that those buying milk at stores, also our delivery customers to return bottles daily.

WYOMING SOLONS FINISH SESSION

CHEYENNE, Wyo., Feb. 14.—Wyoming's first special session of the general assembly has just closed after having ratified the federal suffrage amendment, passed a law providing for the formation of irrigation districts, appropriated \$10,000 for relief of Wyoming veterans of the war, and sending a memorial to congress condemning the "dilatory procedure" of the federal bureaus of soldiers' compensation and vocational training.

The session was notable in that nearly every question which came up was settled by a unanimous vote. Total appropriations for the session and relief of the soldiers were \$18,850.

Compared with former sessions, the closing night was a tame affair, for instead of hurling books, papers, etc., at each other during the wind-up, the legislators were content to discuss presidential possibilities and other matters of a similar trend, and all appeared to be anxious to leave for their homes.

The house concurred in the senate amendment to the appropriation bill whereby \$10,000 was set aside for disabled war veterans. It was pointed out that many of the maimed warriors might die before any federal aid was enacted for their benefit. The funds are to be in control of the governor and paid out by him as deemed best.

The new irrigation legislation is designed to prevent huge crop losses through droughts, and provides for a system of reservoirs which will provide water during dry seasons, those benefited to pay in ratio to the benefits received.

DISCOVERS NEW FISH AT GREAT DEPTH.

PARIS, Jan. 22. (By Mail).—The Prince of Monaco has discovered a new fish which lives at a depth of 20,000 feet under a pressure of 600 atmospheres. Although at such a depth there is practically no light, the Grimaldichthys Profundissimus, as this dweller of the depths has been christened, he has rudimentary eyes. The fish was brought up during one of the Prince's oceanographical cruises off the Cape Verde Islands. Two other species, not hitherto known were caught in the same region at a depth of over 15,000 feet.

BLANCHE SWEET MAKES HER SCREEN "RE-DEBUT"

"The Unpardonable Sin," which is to be shown at the Star Theatre Sunday and Monday will be of interest to local moving picture devotees for a number of reasons. The picture is a screen adaptation of the Major Rupert Hughes' book, by the same name, which has had such a tremendous sale during the past two years, and has stirred up merry controversies in various parts of the country because of its fearless handling of a timely subject. The star of the photoplay version is Blanche Sweet, who is making her "re-debut" on the screen, after having been in retirement for the past couple of years. Miss Sweet will be remembered for her splendid performances under the direction of David Wark Griffith. The director of "The Unpardonable Sin" is Marshall Neilson, whose work with important stars, like Mary Pickford and others, has won him a place among the foremost directors of his day. The production is one of the most elaborate which has ever been given a screen story.

Personal Mention

Leda Harvey has taken a position in the office of Mrs. L. H. Hague. The Misses Margaret and Florence Dowling have gone to San Francisco to take commercial courses. Charles Drew was in from his ranch yesterday on matters of business.

Mrs. Gertrude Moore is enjoying a brief visit from her brother A. L. Hodgdon of Hoquiam, Washington.

A. Thompson, federal appraiser for the California Joint Stock Land bank, is making a tour of the county viewing the securities offered for federal loans.

Charles J. Cizek returned last night from San Francisco, where he went to purchase his spring stock for his tailoring establishment. Mr. Cizek stated that it is almost impossible to secure goods and all goods are being sold by weight. Silks that were fourteen dollars per pound on Mr. Cizek's previous visit to the city a short time ago are now eighteen dollars and it is difficult to get them at any price. He stated that he saw Albert and Hugo Loewe while in San Francisco.

POSTOFFICE REWRITING ITS DIRECTORY.

Within a few days all box patrons of the postoffice will find in their boxes a directory card which you are requested to at once fill out and return to the postmaster. This is for the purpose of rewriting our directory. Your co-operation will greatly assist in its accuracy. Fill in the names of all members of the family or firm who may be entitled to the use of the box, even the children. No postage is required to return the card, drop it in the office or in any street letter box. Please do this at once. Do not delay. It only takes a few minutes.

W. A. DELZELL, Postmaster.

DANCES CANCELLED.

The dances at St. Cloud have been cancelled until health conditions improve. Commodore Nosler announced today.

AMERICA BUYS HIDES IN S. A.

BUENOS AIRES Jan. 8. (By Mail)—American buyers are reported to be buying Argentine cattle hides on contracts which would include the greater part of what are known as "freezing house skins" up to the middle of June, 1920. The American buyers, according to La Razon, are anticipating German purchases which are expected to be facilitated by the resumption of maritime traffic with German ports.

"At present," says La Razon, "the demand for cattle hides is very active all over the world. The United States bought during the war the greater part of Argentina's production, but now cannot do this for the reason that the tanning industry has progressed very much in several countries such as Spain, Sweden, Norway and Holland, and these countries today are disputing the market. As Germany is commencing to operate on a large scale in the international hide market, the United States will not find the same facilities that she had in 1915-18 to impose her prices on the market.

"It is estimated that Argentina next year, will be able to dispose of more than 6,000,000 cattle hides."

GIANT MEMORIAL
BERKELEY, Cal., Feb. 14.—A grove of Sequoia redwoods, the largest trees in the world, will be planted here by the Forestry club of the University of California as a memorial to those students who lost their lives in the war.

WEATHER RECORD

REPATRIATION OF GERMANS FROM INDIA.

LONDON, Jan. 23. (By Mail).—The repatriation of Germans from India is steadily proceeding, and before long no German will remain in India except those who for very special reasons are granted exemptions, said Samuel Montagu, Secretary of State for India, replying to a question in Parliament. The precise period during which Germans will not be allowed to enter India has not been finally decided, but it will not be less than three years.

Before the war Germany was making strenuous efforts to capture Indian trade and did a large business through German agents stationed in India.
