BEE MEN PROTEST ALLEGED TRESPASS

RIVERSIDE, Cal., Feb. 6.—Members of the Riverside County Beekeepers' association have gone on record against tourist bees. By this is meant that beemen of this county object to the presence here during the winter of colonies of bees from the middle west, where bee-keepers have formed the practice of sending their honey-makers to Southern California when food grows scarce at home. Riverside beekeepers seek state measures to prevent middle western beekeepers from feeding their bees here at the expense of the local colonies.

In The County Court of the State of Oregon for Klamath County In The Matter of The Organization of The Patterson Irrigation District. To the Honorable County Court of Klamath County, Oregon, Your petitioners respectfully represent as follows:—That they propose the organization of an irrigation district, to be known as Patterson Irrigation District, under the provisions of Chapter 357, Laws of Oregon for the year 1917 A. D.

That the boundaries of the said proposed irrigation district are as follows:

Beginning at a point representing the North West Corner of the south East Quarter of the south West Quarter, (SE 1/4 of SW 1/4) of section Twenty Nine (29), in Township Forty, (40) south of Range Eleven (11), East of the Willamette Meridian, Klamath County, Oregon, thence east on said subdivision line, One and One-Half miles to the North East Corner of the South West quarter of the South East quarter of section 28, in said Township and Range; Thence South forty chains, thence East twenty chains to the 1/4 corner on the section line between 33 or 34, said Tp. and Range; Thence east twenty chains, Thence South sixty chains, more or less to the South East Corner of Lot numbered 4 of section 3, in Township 41 south of Range eleven (11), E. W. M. in Klamath County, Oregon; Thence West twenty chains to the section line between sections 3 and 4, in said township and Range; thence south to or near the South East corner of section 4 in said Township and Range, where said line intersects the north line of the right of way of what is known as the Adams Canal. Thence northerly and westerly along the north boundary of the said Adams Canal to a point twenty chains west of the East line of Section 5, in said Township and Range; thence north to the North boundary of said Township; thence West twenty chains to the quarter corner on the Township line between said Townships 40 and 41, said Range number 11 E. W. M.; thence north through Section 32, Township Forty, South of Range 11 East, distant Sixty chains; thence West twenty chains; thence North Forty chains to place of beginning.

That your petitioners constitute a majority of the owners of said land numerically and in acreage, and that said land is susceptible of irrigation. That your petitioners propose the organization of said district to provide for the construction of works for the irrigation of same and for the purchase, operation or maintenance of works already constructed, and for the assumption as principal or guarantor of indebtedness on account of district lands to the United States under the Federal Reclamation Laws.

Wherefore your petitioners pray that said irrigation district be organized under said Chapter 357 of the Laws of 1917 A. D. Names: J. L. Norton, J. Frank Adams, Walter K. Olson, Anton Klein, N. H. Hadley, James Lacey, A. J. Deans, J. G. Patterson, State of Oregon, Klamath County.

I, John G. Patterson being first duly sworn, upon oath depose and say, that I am one of the petitioners in the foregoing petition and that said petition is true as I verily believe.

U. S. SHOES FOR BALKAN FOLK

PETCH, Montenegro, Jan. 2. (By Mail)—Americanization of the footwear of the Balkans within a few years may be one of the unexpected results of the war. The Serbian sandal or opanchi, of soft pliable leather was abandoned when Serbia was compelled to call upon the Allies for equipment, for only the stiff shoe, to which western European and American armies were accustomed, was available. Now, after having been habituated to the modern shoe, the Serbian soldier upon demobilization finds it difficult to return to the primitive sandal.

Supplies of old shoes gathered in America which were distributed recently by the American Red Cross were snatched up by the peasants with avidity. American business already has begun to exploit this new source of demand so that a few more years probably will see the Balkan peasant wearing American shoes.

The war has dealt the venerable headgear of the Montenegrin, a telling blow.

More than 600 years ago, in 1389, those Serbs who were driven to take refuge from the Turk in the mountains of Montenegro after the overthrow of the Serbian Empire at the Battle of Kosovo, adopted a cap which was intended to keep fresh in their minds forever a national consciousness. The cap still worn to this day is brimless and bordered by a black band of mourning. The crown is a crimson red for the blood which was shed in the battle and embroidered about the edge are six gold-threaded circles for the six centuries which have elapsed since 1389.

Some now have discarded the cap for, now that Montenegro and the Serbs have come into the glory which was their's before Kosovo, there seems to many of them to be no reason for the perpetuation of the sentiment which the cap was calculated to keep alive through the period of adversity of the nation.

FEW G. A. R. MEN

MISSOULA, Mont. Feb. 6.—There are only 284 members of the Grand Army of the Republic in Montana, according to J. P. McClain of Lolo, near here, who recently returned from a tour of inspection of the posts of the state. In comparison, it is estimated that there are between 35,000 and 40,000 veterans of the great war residing in the state.

PRESCRIBED BY PHYSICIAN

Illinois Doctor Says He Has Never Known Medicine to Produce Results Like Tanlac. Takes it Himself for Indigestion.

Dr. B. H. Elder, with offices at 410 Shradski Bldg., Peoria Ill., who has been in active practice for over forty years, says:

"Medical science has never before produced a medicine that brings results like Tanlac. I have been prescribing it some time with remarkable results. Personally I had suffered for years from stomach trouble and rheumatism and had devoted my best thought trying to find relief but to no avail. After eating gas would form in my stomach, and affect my heart, causing poor circulation, cold hands and feet, dizziness, peculiar feelings, terrible headaches and cramps. The rheumatism pained me so I could hardly stand to move my legs or arms.

"I had a patient who had also suffered for years with the same trouble as mine, and although I did all I could for him he got no better. One day, after he had been away for about six months, he came to my office and never in my life have I seen a man look better or seem to feel better than he did. He told me Tanlac was what had brought about the wonderful change. I began trying the medicine at once with the result that a few bottles relieved me entirely of stomach trouble, rheumatism and all other ailments. Although I am an extra heavy eater nothing ever disagrees with me any more. I have prescribed Tanlac in cases of rheumatism, kidney and bladder disorders and a run down condition with wonderful results, and I feel that I ought to give my experience with Tanlac to the public for the benefit of suffering humanity."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Loreslia by the James Merc. Co.—adv.

HORDES FLOCK TO ARGENTINE

BUENOS AIRES, Jan. 31.—(By Mail).—Every steamer arriving here from Latin ports of Europe and from Holland is loaded with immigrants coming here to settle. Most of those on the Dutch ships are Germans. They are attracted by the facts that Argentina is prosperous, unscathed by war, and belief that it gives promise to rapid development.

A great increase in the foreign population of the Argentine is expected owing to this immigration. Already nearly one-half of the population of Buenos Aires is foreign-born and a majority of these have failed to become citizens, although only two years' residence is required. Many have long been residents of Argentina and are large property owners.

The influx of new immigrants has prompted a proposal by Dr. Juan Carlos Garay, professor of law in the University of Buenos Aires, to propose enactment of a law making naturalization obligatory without renunciation of citizenship in the country of birth. Professor Garay hopes in that way to solve the problem presented by failure of so many foreign-born persons to become citizens and take part in the affairs and

politics of the country. He admits that this is a revolutionary doctrine, but contends that for Argentina its advantages would outweigh the disadvantages.

Are you enumerated? DANCING FOR MEN WHO LOST LIMBS

LONDON, Feb. 6.—Dancing is being taught British army officers who have lost an arm or a leg in the war, this instruction being part of a plan intended to give the men poise and confidence in using their artificial limbs. Preliminary work along this line begins at the hospital, and later the officers may continue their lessons without cost if they desire.

Are you enumerated? FOXES VICTIMS OF SEA SICKNESS

KETCHIKAN, Alaska, Jan. 3. (By Mail).—Eighteen very sick blue foxes en route from Katalla to a small island in the northern part of the Japanese archipelago, were on the steamer Alaska when it left here for Seattle recently. There had been 20 of the foxes when the vessel left Katalla, but two died of seasickness on the first leg of their long voyage. The foxes were purchased in Northern Alaska and will be used in starting a fox farm on the Japanese island.

Are you enumerated? SEATTLE HAS 127 MILES OF CAR LINES

SEATTLE, Wash., Feb. 6.—Seattle's street railway system, said to be the largest municipally owned in the world, now includes 85.71 miles of double track and 41.38 miles of single track, a total of 127.09 miles, according to a supplement to the annual report of Thomas F. Murphine, superintendent of public utilities. The city owns 500 passenger motor cars, 37 cable cars and employs 2,180 persons, the report said.

One-man cars, the use of metal tickets and skip stops were innovations under city ownership that have resulted materially in economy of operation and increased efficiency. Mr. Murphine declared. The system was purchased by the city in March, 1919.
