

STAR THEATRE

SUNDAY-MONDAY, FEB. 15-16

"The Unpardonable Sin"

Is a tremendous subject
BLANCHE SWEET stars in it—
MARSHALL NEILAN directed it—
RUPERT HUGHES wrote it—
THEODORE ROOSEVELT endorsed it—
HARRY GARRISON produced it—

The Super-human Picture
 The Crowds tell the Story in Every City—It has
 broken records everywhere!

Matinee 2:30—Evening 7:15 and 9.00
 Prices 15 and 35 Cents

IS PROHIBITION ELECTION ISSUE?

WESTERVILLE, O., Feb. 14.—Will the issue of prohibition figure in the nomination of presidential candidates and the election thereafter?

The Anti-Saloon League of America, through a statement issued today by E. H. Cherrington, secretary of its executive committee, endeavors to answer that question by declaring that prohibition, or rather safeguarding of prohibition, will be a very live issue in not only the presidential campaign but in the election of congressmen. On this matter the statement says:

"Prohibition is here, and, as we believe, to stay. The question at issue is not whether prohibition is or is not desirable. That was a question on which men might honestly differ before prohibition became the law of the land and part of the federal constitution. Triumph of prohibition was made possible only by a will of the majority, and that same will, working through the lawful processes by which prohibition became law, can, if it chooses, take prohibition out of the constitution."

"The question at issue now is—shall the law be enforced? To that question there can be but one answer. Whether a man believes in prohibition or not, he must comply with the law and aid in its enforcement or be a lawless citizen. As the Anti-Saloon league sees it, two important things are involved in the coming nominations and elections: First, that the chief executive of this nation, who is the chief law enforcement official, must be a man wholly committed to the enforcement policy; and, second, that a congress must be elected that will take no backward step in prohibition legislation."

MANY GERMANS CLAIM DAMAGES

AMERICAN HEADQUARTERS, Coblenz, Germany, Jan. 21 (By Mail).—Claims for damages to streets, buildings, farms and even individuals all reputed to have been done by American soldiers or American equipment of some kind since the Army of Occupation reached the Rhine, aggregate something more than 5,000,000 marks. Those allowed total approximately 250,000 marks. Many claims are unique and some without any justification.

A woman who contended that her facial appearance had been marred for life, owing to cuts caused by flying glass due to an explosion at an ammunition dump, sent in the modest claim for 250 marks. It was allowed.

Another woman, whose husband had been killed by an American military policeman who was chasing distributors of contraband liquor, submitted a claim to the Americans for 250,000 marks, contending that her sole support had been taken from her. The Americans maintained that the German had been killed by the American soldier who was acting within his rights in line of duty. The claim was disapproved.

Some of the claims are humorous. Last summer, the Eighty-ninth division borrowed a goat for a circus at its headquarters. Recently a claim was filed with the American town major asking damages on the contention that the health of the goat had been injured. This claim was pigeon-holed.

A Rhineland farmer recently demanded five marks for a bean pole alleged to have been stolen by an American soldier. An army commission heard the case and threw out the claim on the ground there was no evidence to show that an American had committed the theft.

GERMAN PRESS WANTS WIRELESS

BERLIN, Jan. 22, (By Mail).—All the press organizations of Germany, the representatives of all publishers organizations, the official Wolff Bureau, the Dutch news agency "Trans ocean", and the German wireless propaganda service, gathered in Berlin recently for a discussion of the wireless possibilities in Germany for transmitting news.

Dr. Bredow, who conducted the conference, that there have been distributed daily a report of the Assembly at Weimar, and news summaries by the Wolff Bureau and Dutch agency. The news messages have been received by the government wireless stations at various points in the country and turned over to the papers. The conferees concluded that the wireless is not yet able to supply the full needs of the press nor anywhere near it, for the wireless stations are overloaded with personal messages. However, they decided that the wireless is capable of handling brief flashes on important stories which are paralleled by telephone or telegraphed by the news agencies, so that the news is available for a larger circle of people.

The conference was convinced, however, that the spreading of such messages can be done in large numbers only when the wireless telephone has been installed, as only in this way the hiring of special wireless operators can be avoided. They decided that for the present the sending of news will have to continue by telegraph for it was too expensive to fit up each telegraph office with wireless equipment.

In a few weeks the group will meet again to discuss any further technical experiments with wireless telephony.

Automobile Experts
 522-538 S. Sixth St.

When at last Spring arrives, you will wish that you had fixed your car sooner; so we are suggesting that you bring it in to us to-day and let our expert mechanics start to work on it. We have a modern and complete repair shop and can assure you of service and dependable work.

TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-ache or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, ease you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

MARKET PLACE FOR ALL WORLD

LONDON, Jan. 19 (By Mail).—Plans for the great Marche du Monde, or meeting place for the buyers of the world, which is to be established in Paris in two years, contemplate the erection of a vast building nine times the size of Trafalgar Square and containing not only 5,000 shops but many special features, including the most luxurious club and the largest banquet hall in the world. Details of the scheme were given here by Sir Charles Dundas, secretary of the Association of Great Britain and France.

"The object," he said, "is to give producers and buyers of the world the facility to perform all their transactions in one place.

"It will be the only building in the world where the rentals will decrease according to the length of the leases, and where the tenants will be considered as valued clients, and not as objects of speculation.

"The building will be of six stories, with a frontage of 350 feet. It will be nine times the size of Trafalgar Square, and will cost approximately 4,000,000 pounds.

"This enormous building, continued Sir Charles Dundas, "will contain 5,000 shops, the most luxurious club in the world for buyers and producers, swimming and Turkish baths, gymnasium, restaurant, grill room, roof garden, several lecture-rooms, industrial cinema, and the world's largest banqueting room.

"Briefly, what is contemplated is the erection and operation of a veritable city, in which it may reasonably be estimated there will be a floating population of manufacturers, producers, merchants, buyers and the necessary employes, exceeding 30,000 people."

Sir Charles added that the advantages of this huge project to the British buyers and sellers would be enormous.

"One of the principal objects of having this world's market in Paris, he said, "is because the French capital is the pivot of the railway centres of Europe, and the advice of the buyers of the world has been taken on this matter."

WINDMILLS OF HOLLAND GOING

AMSTERDAM, Jan. 14. — (By Mail).—Holland is slowly but surely losing the one characteristic of its landscape made famous in art and known to every schoolboy—the squat, fat, lazy-looking windmills that for centuries have stood out all over the country's flat surface.

These quaint structures are gradually giving way to highly practical but ugly steam and electric plants. Dutch technical men say the windmill is doomed.

Now and then a large group of them is replaced by one electric plant, and in the course of each year a number are destroyed by fire—presenting a spectacular blaze with the big burning wings wheeling around like fiery arms. They are never reconstructed.

The existing type of Dutch windmill was invented about the year 1400. The great disadvantage of the windmill, of course, is its absolute dependence on weather conditions. For this reason they are being replaced, when possible, by modern machinery.

MUCH CASH GOES INTO MEXICO

JUAREZ, Mex. Feb. 14.—During the first 20 months since the resumption of international money order relations between the United States and Mexico, 105,446 money orders, totaling \$3,442,627.39 were issued in the United States for collection in Mexico, according to a report received by Edward A. Dow, American consul here, from Andres G. Garcia, formerly Mexican consul general at El Paso, now director general of the Mexican postal service.

Senator Garcia's report shows that 23,313 money orders have been issued in Mexico for collection in the United States since May 1, 1918. The money value of these orders was \$578,811.33.

The fact that the value of money orders issued in the United States payable in Mexico is about six times that of orders made out in Mexico to American payees is explained by American officials here as due to the number of remittances made to relatives in Mexico by Mexican laborers in the United States.

MEXICAN MONEY SITUATION BAD

EL PASO, TEXAS, Feb. 14.—Luis Cabrera, Secretary of the Mexican Treasury, has assured the Mexican people, in an interview in the Excelsior, that the Mexican government does not at present contemplate an issue of paper money. There has been some anxiety in Mexican business circles regarding the possibility of such an issue.

Senor Cabrera stated that other measures were being studied by the government to relieve the situation resulting from the scarcity of silver in most of the world markets; but the nature of these measures was disclosed.

American statistics are quoted by the Excelsior to show that the shortage of the white metal is due to a monopoly obtained by India and China. Between 1913 and 1918, these two countries accumulated 760,000,000 troy ounces of silver—or seven-eighths of the world's output, it is asserted.

Commenting editorially on the financial situation, the paper says: "Credit has been lost. All of us have lost it, but especially the government. And for this reason, to insure the success of another issue of paper money, it would be necessary to surround it with all kinds of precautions—especially that of not imposing it on the people. The voluntary co-operation of the public should be sought."

SHORTAGE OF NURSES FELT

NEW YORK, Feb. 14.—A campaign to recruit 30,000 young women in training schools for nurses and a prize of \$500 for the best three act play by an American author based upon incidents in the life of Florence Nightingale, will be among the features of the celebration commemorating the 100th anniversary of the birth of the woman whose work among the sick and wounded in the Crimean war laid the foundation for modern nursing.

Pageants, public meeting and formal ceremonies will be held on the anniversary date, May 12. It was announced here today by the Nightingale Centennial Committee of the National Organization for Public Health Nursing. Nursing organizations, women's clubs and colleges will take part.

The prize for the play, was offered by the Illinois council for Nursing Education to stimulate interest in the nursing profession, in which there is a low rate of enlistment at present. Incidentally it is hoped to encourage aspiring playwrights in colleges. Manuscripts must be submitted before August 1.

There are far too few nurses in the United States to meet the needs of normal times, it was said at the headquarters of the National Organization for Public Health Nursing, and the shortage during the influenza epidemic has been acute. There are not more than 8,000 public health nurses in the country, whereas at least 50,000 are required by federal and state legislation either passed or pending.

FREE MEMORIAL IS PLAN OF ROTARIANS

WASHINGTON, Feb. 14.—The first Rotary Club in the country to report plans for a Road of Remembrance to the American Forestry Association, which is registering all memorial trees in a national honor roll, is the organization at Tampa, Florida.

At a cost of \$7,000 a tree will be planted along the West Coast Road for every man in the service from Hillsborough County.

At Middletown, Ohio, the Welfare Association will plant 1,000 trees along the Dixie Highway next spring and at Chattanooga, the National League for Women's Service will plant a Road of Remembrance leading out of that city. In Minneapolis a Road of Remembrance between two parks is being paved, laid out now and the trees will be planted in 1921. The Woman's Club of York, Pa., will plant twenty-five miles of the Lincoln Highway with memorial trees.

RESOLUTION

BE IT RESOLVED by the Common Council of the City of Klamath Falls, Oregon, that the grades on Pacific Terrace, a street in the City of Klamath Falls, shall be changed from the grades now established to the following:

	West Curbs	East Curbs
Southerly line of Huron.....	230.60	236.60
Huron on westerly line Pacific Terrace.....	230.00	230.00
Huron on easterly line Pacific Terrace.....	240.00	240.50
Northerly line of Huron.....	234.20	240.90
Thence by Stations—		
50 ft. from Huron St.....	236.45	243.33
100 ft. from Huron St.....	238.70	245.75
150 ft. from Huron St.....	241.35	248.18
200 ft. from Huron St.....	244.70	250.60
250 ft. from Huron St.....	248.30	253.40
South line Earle St, 300 ft. from Huron St.....	252.00	257.00
Earle on westerly line Pacific Terrace.....	253.00	253.50
Earle on easterly line Pacific Terrace.....	262.00	262.50
Northerly line Earle Street.....	257.00	262.50
Thence by Stations—		
50 ft. from north line of Earle Street.....	260.00	265.80
100 ft. from north line of Earle Street.....	262.00	268.20
150 ft. from north line of Earle Street.....	263.00	269.80
175 ft. from north line of Earle Street.....	263.30	270.50
200 ft. from north line of Earle Street.....	264.00	271.25
250 ft. from north line of Earle Street.....	266.50	272.50

250 ft. from north line of Melrose.....	277.70	283.80
305 ft. from north line of Melrose.....	278.00	284.20
South line Portland, 360 ft.	277.60	284.00
Portland on west line Pacific Terrace.....	276.00	275.50
Portland on east line Pacific Terrace.....	286.50	286.00
Northerly line Portland.....	275.40	281.60
Esplanade on west line of Pacific Terrace.....	263.00	263.00

Lilly's Alfalfa Seed

Established 1885

Buy seed that you can see before you pay for it.
 Buy seed that you can return if you are not satisfied.
 Buy seed that complies with the Seed Laws of Washington and Oregon.

We can ship carloads or less from our warehouses at Seattle, Portland, Yakima, Walla Walla, Ellensburg, Wapato and through local agents.

Lilly's BEST ALFALFA SEED

Has a reputation in the Northwest for the last 30 years.
 You cannot buy better seed and you cannot get as good seed for less money anywhere.

Lilly's The Chas. H. Lilly Co.

Established 1885

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.
