COLD WEATHER WARNING, AUTOISTS

"With cold weather again upon us it is necessary to warn motorists about their engine oil," said Mr. T. J. Mortell of the Standard Oil Company, recently.

"An oil that gives satisfaction during the heat of summer will not necessarily give the same satisfaction when the temperature is 10 degrees above zero. A poor cold test oil will not splash properly or even flow freely in cold weather, but it congeals or thickens excessively. Then it becomes necessary to run the engine without sufficient lubrication for a time in order to warm up the oil so it will flow and splash. Of course, this period of running the engine without oil on the cylinder walls and other bearing surfaces makes for excessive wear and sometimes seriously damages those engine parts.

"Zerolene Medium (Zerolene Light for Fords) is a high quality lubricating oil having a Zero Cold Test. That is, it will flow freely and splash properly in any temperature down to Zero. It is correctly refined from selected California crude oil and gives correct lubrication in winter to all engine parts—from the very first turn of the engine."

AN'S TESTS ARE FREE.

NELSON, B. C., Feb. 14.—The establishment of district ore testing plants and free assays for prospectors, powder at cost to prospectors, and a special transportation rate on small ore shipments, were among the requests made in resolutions recently adopted by the British Columbia Prospectors' Protective Association and which will be laid before the minister of mines and the provincial legislature.

Other resolutions asked for the establishment of a new school of mines in the interior of the province, and the rejection of the section of the Engineers' Incorporation bill which provides that foreign mining companies must employ local mining engineers.

LIVING COST VEXES GERMANS

AMERICAN HEADQUARTERS, Coblenz, Germany, Jan. 27.—(By Mail.)—Continued shortage of raw material, increased cost of coal and wages is being reflected in a general increase in prices throughout Germany, according to the German newspapers.

A Hamburg rubber goods company has announced a 30 per cent increase in the cost of all goods. Leather goods have gone up in price enormously. Some dealers say the price has reached such a stage that they believe it will be virtually impossible to do business in the leather line if the price takes another jump. Trade papers have recommended that leather goods be permitted to be imported free of luxury tax.

German newspapers are contemplating an increase both in the rate of subscription and of advertising.

Despite the wall of high prices, German newspapers published long accounts recently to the effect that many foreigners, especially Russians, had been flocking to Germany to take advantage of the low cost of living, due to the low value of the mark. One newspaper says: "The cost of living for a foreigner in Germany today is probably one-fourth of that abroad. Naturally, foreigners, attracted by the cheapness of living conditions, are flocking to various parts of Germany. Many of these are Russian emigrants who escaped to Stockholm or Copenhagen with money enough to last them a year or so, but who, by coming to Germany, find themselves provided with enough money to last them five or six years."

SHOULD BE HOT ONE.

SPokane, Wash., Feb. 14.—With the purpose of acting as "big brothers" to all boys in need of such assistance, and especially of all red-headed boys, the "Red Head Club of Spokane" was organized here recently.

All men of this community, providing only that their hair is of some shade ranging from auburn to an out-and-out red, are eligible to membership.

It is expected that the club will supplement the activities of the Clemmer Red Head club of this city, organized several years ago by Dr. H. S. Clemmer.

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all of the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

H. P. O. E. LADIES PLAN FIRST SOCIAL MEET.

The first social meeting of the club organized by the Ladies of the H. P. O. E. will be held at the Elk's Temple, Tuesday afternoon, Feb. 17th beginning at 2:30 o'clock. All Elks' ladies are urged to be present and become members.

Cards will be the entertainment of the afternoon, but those wishing to come to visit or bring needle work are welcome.

FOR RENT—Nice sunny front rooms for housekeeping—705 Main. 12-14*

MISCELLANEOUS

We are offering an unusual value in a Reo touring car at \$550. Howie garage. 13-16

AT THE THEATERS

Detectives who see "Marked Men" drama now playing at the Liberty Theatre, may recognize among the extra players five of the most noted criminals of the last twenty-five years. The five men have long since been pardoned, paroled or have completed their sentences. They were summoned to the Universal City to appear in the prison scenes shown in the photodrama.

One of the men served twenty-five years at Jackson, Michigan, for safe-cracking. One served eleven years at Atlanta, Georgia, for counterfeiting. The third spent eighteen years in the Federal Prison at McNeil's Island for dynamiting a safe in a railway post-office, following a sensational hold-up. The remaining two of the five celebrities served long sentences in Sing-Sing for repeated burglaries.

It is unusual that a famous star should select such a bevy of brigands to support him in a photodrama. Because Jack Ford, who directed the star in "Marked Men," insisted that the prison scenes be absolutely true to life, the five men were employed to make sure that the hundreds of extra players who depicted the convict roles conduct themselves properly in accordance with prison etiquette.

"Marked Men" has its last showing tonight.

"Oh, Boy!" which Manager Poole has booked for exhibition at the Liberty on Sunday is said to represent the only really successful attempt ever made to translate to the screen the complete story of a modern up-to-date "girlie-girlie" musical comedy hit. For from start to finish, "Oh, Boy!" is just one succession of laughter-provoking, ludicrous, farcical situations, yet maintaining the romantic story of the original musical comedy production.

The film version of "Oh, Boy!" is the stage version picturized, the only variations made being those which were absolutely necessary and incident to the translation from stage to screen. All of the wit, humor and farce-comedy of the regular produc-

Other amounts in the same proportion. The unpaid balance of principal may be paid at any time. Pacific Building & Loan Ass'n J. H. DRISCOLL, Agent. 7-14

tion has been retained in the film presentation, augmented by the fact that whereas the stage play was confined to two scenes only, the broader scope of the cinematograph has permitted a wealth of magnificent settings.

"The Eternal Triangle"—it's two reels long, and there isn't a human being in the entire cast. Nothing but dogs; every kind from Mexican hairless to St. Bernard appearing in the melodramatic story of how a villain Airedale broke up the home of a law-abiding and peaceful collie. A DOGGONE GOOD SHOW. At the Liberty Sunday.

SEATTLE LABOR MEN HAVE OWN SCHOOL

SEATTLE, Feb. 14.—Union labor men of Seattle are going to their own school, the Workers' College and are taking courses, given by professors of the University of Washington.

The Workers' College is conducted nights at the Seattle labor temple under the auspices of the Seattle Central Labor Council. It is open to all citizens, men and women. A large number of labor men, including officers of the council and the Washington State Federation of Labor, are enrolled.

The object of the college, it is announced, is to stimulate a desire for education among wage earners. Among the courses taught are dramatics, economics, social ethics, local government, co-operative movements, care of children and legal rights and duties of citizens.

BIG DEMONSTRATION BY TOKIO WORKERS.

HONOLULU, T. H., Feb. 1. (By Mail).—More than 10,000 workers of Osaka, the second largest city in Japan, held a labor demonstration recently when they paraded the streets in support of the union labor movement in Japan, according to a Tokio cable to the Hawaii Shippo, a local Japanese language newspaper.

Thirteen labor organizations were represented, said the Shippo's dispatch, which added that enthusiasm ran high, but that there were no disorders.

OREGON PRODUCTS ARE ADVERTISED EVERYWHERE

In newspapers, in the big national magazines, in trade and technical publications, in farm papers, by bill-boards, street car cards and all the media known to the advertising world, the quality of Oregon products is heralded.

This advertising is expressing the faith of Oregon manufacturers in Oregon's raw materials, in her resources, and in the craftsmanship of her workmen.

Thus thru quality and advertising Oregon products are establishing a world-wide prestige.

Watch for the advertisements of Oregon manufacturers. When you buy, specify the products advertised. You will be helping to enhance the popularity of Oregon products and to augment the prosperity of the Oregon producer, manufacturer, and workman.
