

Maibohm

Let's Go!—that's the

urge you feel when you sit behind the wheel. The whizzing getaway—the snap of the engine with its smooth pick-up and the restful ease of the driving position all combine to make you realize that at last you are driving a real automobile.

The thirty years of Maibohm coach work are reflected in the attention to detail and niceties of finish that you have hitherto associated with only the big expensive cars.

Sink into the real tan Spanish leather cushions and get the "feel" of the Maibohm—let us prove these claims to you.

VOLUNTEER ONIONS TRAP FOR MAGGOTS

Volunteer onions left in the field reduces the injury from onion maggots by 90 per cent, is the encouraging report of A. L. Lovett, entomologist at O. A. C. experiment station.

"It is the common practice in commercial onion production," says Professor Lovett, "to go over the fields in the spring and remove all volunteer onions. Observations show that where these volunteer plants are left in the field they prove very attractive to the fly and it is on these plants they center their attack, leaving the young plants practically free from maggot injury."

"Such striking results were obtained in tests carried forward in British Columbia by Canadian entomologists, and it is urged that our growers give the practice a trial."

"Leave two to three volunteer plants to every 100 feet in the row. Plants of a rather bushy growth at the surface are most attractive. Supplement this with a late thinning, removing at thinning time any young plants showing an infestation."

"After they are once thoroughly riddled by maggots, the volunteer plants should be carefully removed, the adjacent soil examined and all maggots destroyed. In the absence of volunteer plants the seeding of one row of 'multiplier' onions about every 100 feet is suggested."

KEPT HIM ON THE PAY ROLL

G. C. James Was Remarkably Built Up after Taking Tanlac—Feels 20 Years Younger and is in perfect Health

"Nothing kept me on the payroll of the Illinois Meter Co. but Tanlac, for I had already made arrangements to give up my position when I began taking it," said G. C. James, who lives at 1419 Franklin Ave., Springfield, Ill.

"I had suffered from rheumatism and stomach trouble for fifteen years," he continued, "and got in such bad shape I could hardly get about. The rheumatism was especially bad in my legs and sometimes my life leg would swell to twice its normal size. My kidneys were also in such a condition I could seldom get a good night's rest, and so far as eating was concerned—well, before I began taking Tanlac I had not enjoyed a meal in years. I suffered so from indigestion, and I had such dizzy spells I would have to lie down. I became so weak I often gave out completely while at work and they would have to take me home in a car, so it is a wonder I held up at all."

"One day one of the men I work with suggested that I try Tanlac and as long as I live I will praise the day I bought it, for I haven't a trace of rheumatism now and I eat everything set before me without any bad after effects. The dizzy spells are things of the past and my kidneys never bother me any more; every night I sleep like a log and I weigh just thirty-eight pounds more than I did when I began taking Tanlac. I feel twenty years younger and am in perfect health, and there is nothing in the world I would take for the good Tanlac has done me."

Tanlac is sold in Klamath Falls by the Star Drug Co., in Loretta by the James Merc. Co., and in Merrill by the Southern Oregon Drug Co.—adv.

HERALD'S CLASSIFIED COLUMNS

FOR SALE—Real Estate

FOR SALE OR TRADE—For lots or residence in Klamath Falls, 20 acres of land in Grants Pass, Ore.—A McDuffee, Pelican Bay Lumber Co. 24-26

Oysters live as long as twenty years, and are best fished for the market when they are about five years old.

The reason why birds do not fall off their perch when asleep is because they cannot open the foot when the leg is bent.

Some of the tops with which the Chinese amuse themselves are as large as barrels. It takes three men to spin one, and it gives off a sound that may be heard several hundred yards distant.

At a recent show of the National Mouse and Rat club in London the exhibits included rare mice of many colors—red, black, white, cream, chocolate, and silver, not to mention mice with spots and stripes.

EX-SERVICE MEN, ATTENTION!

The regular meetings of Klamath Post No. 3, American Legion, will be held at 8 o'clock p. m., at the City Hall in Klamath Falls, on the second and fourth Tuesdays of each month. All Comrades are invited.

Those desiring to join the Post may secure application blanks from G. K. Van Riper, Fred Nicholson, or J. H. Carnahan, all of Klamath Falls.

FRED NICHOLSON, Secretary.

Timber Sale, Klamath Indian Reservation.—Sealed bids, in duplicate, marked outside "Bid Eggsman Unit," and addressed to the Superintendent, Klamath Indian School, Klamath Agency, Oregon, will be received until twelve o'clock noon, Pacific time, Thursday, March 11, 1930, for the purchase of timber on 640 acres of tribal and allotted land on the Sprague River in Sections 22, 27 and 28, Township 34 South, Range 6 East of the W. M., Klamath Reservation. The sale comprises about two and one-half million feet of yellow pine, for which no bid of less than three dollars and ten cents (\$3.10) per thousand feet will be considered. All timber must be removed prior to July 1, 1931. Bids must be accompanied by a certified check for one thousand dollars, payable to the Superintendent of the Klamath Indian School. Deposit will be retained as liquidated damages if bidder fails to execute contract and bond within sixty days from acceptance of bid. The right to reject any and all bids is reserved. Form of contract and other information may be obtained from Superintendent, Washington, D. C., January 23, 1930. CATO BELLS, Commissioner of Indian Affairs. 3-2nd-13

DOES YOUR BACK ACHE

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this man's testimony.

D. C. Smith, carpenter, Algoma, Ore., says: I can't say anything but praise of Doan's Kidney Pills, for I have been using them off and on for a number of years and they never failed to give good satisfaction. I used to be subject to lumbago, which at times was very severe, but of late years my trouble has been backache. At times, my back would get stiff and lame and it would bother me a great deal, especially when I came to straighten up. When I experience an attack of this kind, I start taking Doan's Kidney Pills for

a few days and they always relieve the misery in my back and make it possible for me to get about as well as ever."

60 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ATTENTION MASONS.

The Government Took Over

The Possession and Management

of certain QUASI-public concerns, and, with the assistance of a large part of the previously formed organizations, realized some success in operation, but as a total result the experiment was a failure. Every day that passes furnishes evidence to justify this assertion. The property and businesses taken over have been or will be returned to the owners for the real reason, if not admitted, that the undertakings were too big and complicated for new and inexperienced chiefs to manage. What the results of this experiment will be as to the future value of the properties no one can, with accuracy, predict. It cannot be entirely satisfactory to the owners or, for some years at least, to the general public. There was clearly demonstrated during the war the value and practical benefit of private management as compared with public management. If it be said that government (or municipal) conduct of business has sometimes been successful, the answer is that the same business in the hands of private, responsible individuals, with capital and success at stake, would have resulted more favorably.
