

Since 1845 the name of Brunswick has stood for superlative values and fair-dealing.

As Policies Differ

The Facts About Brunswicks

In attaining a tire worthy of the name of Brunswick we were convinced that it depended chiefly on policies and standards, on prejudices and knowledge. Brunswick Standards are known the world around. For 74 years the House of Brunswick has made only products of the highest grade.

BRUNSWICK

TIRES AND TUBES

An Unlimited Mileage Guarantee Basis

Every Brunswick product has attained and held supremacy. The name always insures superlative values. To build a mediocre tire would be unthinkable for such a concern, jealous of its long-standing reputation.

The Brunswick idea is to give all that is possible, all that anyone can give—all that any factory cost can buy.

The result is a tire that is winning friends the nation over. In The Brunswick motorists expect the utmost—and get it. Never has a tire had greater appeal to the man who appreciates real merit.

Try one Brunswick. See if you agree with others that here is more for your money. One Brunswick, we are certain, will convince you that you'll never be satisfied until you have *all* Brunswicks.
