CHEAP WAY TO CLEAR STUMPS

Small farmers can clear 10 acres of logged off land a year in spare times without detriment to the usual farm work by the combined methods developed and tried out by H. D. Scudder, head of farm management at O. A. C.

The cost of clearing can be reduced approximately 50 per cent, says Professor Scudder. "When it is considered that the cropped area of the state is not increasing, the need for development of new acreage can readily be seen."

The new and cheaper method is a combination of stump-pullers and powder with stump burners for the larger stumps.

Former methods have not only been costly but largely unsuccessful in promoting settlement of logged off lands. Just as soon as the cost mounted to \$100 per acre clearing largely ceased, because lands already cleared could be bought for less.

Actual cost sheets have been kept for the new method over a period of four years and show that the cost figure is not a mere guess.

Demonstrations of the new method will be made by the college in cooperation with county agents wherever sufficient interest warrants.

AMERICANS SPENDING MILLIONS IN CANADA

LONDON, Feb. 11.—(By Mail).—American manufacturers are spending millions of dollars in the establishment of branches of their business in Canada, according to representatives of the overseas department of the Board of Trade.

American manufacturers of chemicals, automobiles, welding compounds, toilet preparations, proprietary medicines, metal and wood-working tools, gas engines and wire goods, it is said, have taken a leading part in this "Americanization" of Canadian industry.

SPAIN LACKS FOR ATHLETES

NEW YORK, Mar. 6.—While athletes in almost every form of sport will represent nearly every country on the globe during the Olympic Games at Antwerp, Belgium, this year, a recent survey of the field on sports in Spain does not give promise of an extended entering of Spanish representatives in many of the events on the varied program.

By getting together quite a large stable of thoroughbreds, King Alfonso has endeavored to interest his people in horse racing and with the support of some of his wealthier subjects has succeeded in organizing race meetings at Madrid, Barcelona, Santander and San Sebastian from Spring until Autumn.

Golf is played in the vicinity of the Spanish cities by foreigners and Spaniards who have lived abroad. Casual interest only has been aroused in the Scotch game, however, so far as the public is concerned.

Attempts to introduce tennis and football have not produced a national following as yet and as for boxing some of the newspapers have criticized it severely as a brutal pastime.

In certain Amazonian tribes, on the day of his marriage, while the wedding festivities are going on, the bridegroom's hand is tied up in a bag filled with fire ants. If he bears this torture smilingly and unmoved, he is considered fit for the trials of matrimony.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers' recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mummy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

In the last week in February, a special Safety First publicity campaign will be held, including lectures for school children and posters for display on all classes of vehicles.

ALL U. S. COMING TO SHRINERS' COUNCIL

The two weeks beginning June 13th and ending June 26th will be made notable by the coming to Portland, Oregon, of the three great national conventions—the meeting of the Kiwanis Clubs of America, the national convention of the Traveling Men's Protective Association and the Forty-Sixth Annual Session of the Imperial Council of the Mystic Shrine. The first two will be attended by ordinary crowds, but the Shriners expect the largest assemblage that has ever visited the Pacific Coast.

The annual Rose Festival will follow the Shrine, and because of there being so many Eastern visitors in Portland the effort will be made to put on the finest show that the Rose growers have ever staged.

Realizing that many thousands of Northwest citizens will want to visit Portland to enjoy these spectacles and that the hotels cannot care for the crowds, the Shrine committee is preparing to assign visitors to rooms in private homes of the city. A reservation may be made after April 1st by writing to 802 Gasco building, Portland.

At Upsala, Sweden, there is a curious and famous translation of the Bible into the original Gothic, which is supposed to date back to the end of the fifteenth century. It is written in silver on crimson parchment, with the headings and many of the principal passages in gold.
