## Half a Pineapple

Crushed to Flavor One Jiffy-Jell Dessert

Here is one example of the wealth of fruit in Jiffy-Jell desserts.

We crush pineapples in Hawaii—fruit too ripe to ship. The juice of half a fruit is condensed and sealed in a vial to flavor one pint dessert.

Yet the whole dessert costs but a few cents, ready at your call.

So with eight rich fruits which come in Jiffy-Jell. All are made from crushed fruit, all are abundant. All come in liquid form, condensed and sealed in glass—a bottle in each package.

### Real-fruit flavors in bottles

Mark this Jiffy-Jell distinction. Note how it differs from old-style quick gelatine desserts. Jiffy-Jell alone has these bottled fruit-juice essences.

Jiffy-Jell desserts are fruit-made dainties, rich in fruit. The fruit taste is not mere flavor and not artificial.

People need fruit daily. Now, when fruit is costly, this is an ideal way to serve it.

### Complete desserts

Jiffy-Jell comes ready-sweetened. It is acidulated with evaporated fruit acid. A rare-grade gelatine is in it, and the fruit-juice essence in a vial.

You simply add hot water as directed on package, and let cool. Then a package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jell.

Yet this fruit-made dainty, rich in fruit, costs a trifle. It costs less than serving apples.

### 'Twill delight you

Try Jiffy-Jell in various fruit flavors. Try lime-fruit flavor for a tart green salad jell. Try mint for a mint jell to serve with meats.

Learn what these dainties mean to you. Compare them with old-style desserts of this type.

We offer you choice of several 50-cent molds if you will do this, and at once. Cut out our offer so you won't forget.
