TOMORROW'S AUCTION

Tomorrow is to be held in this city an auction that if it is successful—and every indication is that it will be—will be the turning point in the stock industry of Klamath county. We have reference to the auction of thoroughbred stock that is to be held at the O. K. Barn tomorrow afternoon. This sale is the result of the efforts of County Agricultural Agent Thomas, and is another step in the campaign he has mapped out to help build up the agricultural interests of Klamath county.

In conjunction with this move is the placing of the 27 young calves among the school children of the county in connection with the club work. These calves are to be raised under the direction of the county agent, and when matured will be placed on sale and auctioned as will the stock to be disposed of tomorrow. The willingness of the banks to finance this move is deserving of the appreciation of the people of the county, for it insures the success of the sale.

Let us attend the auction, take an interest in it, boost it, work for it, and then co-operate with those who buy the stock that through our moral support we will give to this movement an impetus that will carry it forward in the future and make Klamath county one of the blooded stock centers of the coast. In particular take an interest in the children who get the calves, so that through your encouragement they will continue to keep up the keen interest that prompted them first to embark on the undertaking.

MUCH SPENT TO FIGHT CORN BORER

WASHINGTON, Mar. 12.—The enormous value of corn, the premier crop of the nation, has made it necessary for the government to take all possible precaution to prevent further infestation from the European "corn borer" which is supposed to have entered the country in shipments of broom corn and has obtained a limited foothold in the eastern part of the country.

WHY PAY RENT WHEN YOU CAN BUY A HOME WITH THE SAME MONEY?

Look over the following and take your choice:

5-room house, modern, 9th St. \$5,000, \$2,000 down, payments.

5-room house, modern, 2 porches, \$2,200; \$800 down, payments, 4 per cent, Mills Addition.

4-room bungalow, modern, good barn, \$2,600, \$500 down, balance easy terms.

5-rooms, modern, big pantry, 9th St. on 2 lots, one planted in choice fruit; \$4,200; one third cash, balance easy terms.

4-room bungalow, modern, on 9th, Will sacrifice this place for \$3,000 cash.

5-room modern bungalow on 9th, \$4,200; \$2,500 down, balance easy terms.

5-room modern bungalow, in best part of Hot Springs Addition; big front porch; \$4,500; \$1,200 down, balance easy terms.

5-room bungalow in Mills Addition, nice lot, can be irrigated, \$2,800, half cash, balance terms.

Good corner lot in best part of Mills Addition, covered with alfalfa, water on lot, \$325.

Here's your chance, good big lot, 2 houses, one 3-room house, big rooms, rents for \$25; one large 7-room house, two baths, city heat; nice fruit on lot, block of Main, all for \$10,500; 2,500 down; balance on long time at good terms.

I also have several good propositions in ranch property, which are bargains at this time.

MORE APPLES IN NORTHWEST

WASHINGTON, Mar. 12.—Apple production has increased enormously in the northwest since 1900. Last year Washington, Oregon and Idaho, with the help of Montana and Colorado, produced one-quarter of the total crop of the country. With new acreage coming into bearing, the department of agriculture says, it is likely that the northwest in a few years will be producing a much greater part of the country's total crop.

If big losses are to be avoided in the marketing of the apple crop of the northwest, government experts say, growers will be forced to give greater attention to equipping their properties with up-to-date storage houses than they have heretofore. Because of increased production and an acute shortage of refrigerator cars last season, growers in the northwest were unable to move their apples to market and thousands of boxes of fruit were caught unprotected in the orchards by an early freeze, while other fruit remained on the trees and was frozen because there was no place to store it.

A government specialist is now making his headquarters at Yakima, Wash., to personally assist growers who expect to build storage houses during the spring and summer. He is supplied with working drawings of storage houses tested during the last five years.

E. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds in weight and is in better general health than he has been in years since taking Tanlac.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straightforward statement made a few days ago by E. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

"During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing agreed with me; in fact I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around.

"My nerves were all unstrung and I would become upset at the least little thing. I seldom slept well at night and, finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more clearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the very first. My digestion now is perfect and regardless of what I eat I never suffer any bad after effects.

"The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well every night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Klamath Falls by The Star Drug Co., in Lorella by the James Merc, Co., and in Merrill by the Southern Oregon Drug Co.—adv.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

DEVELOPING IRON MINES OF BRAZIL

RIO DE JANEIRO, Feb. 19. (By Mail).—Development of the iron and steel industry in Brazil was brought a step nearer realization this week when the Ministry of Ways and Communications approved among its estimates for the current year a provision exempting from taxation and granting certain rights and concessions to a syndicate headed by Percival Farquhar, of New York. By the terms of the contract with the government, the syndicate undertakes to develop mines, build furnaces for steel-making, factories for the manufacture of metal sheeting, and construct two lines of railways from ports in the State of Espirito Santo to connect with the Victoria-Minas railway which now reaches into the vast iron ore fields of the State of Minas Gerais. The contract specifically declares that the concession is granted without subvention, without guarantee of interest and without new charges for the National Treasury.

Equity No. 1168. SUMMONS FOR PUBLICATION

In the Circuit Court of the State of Oregon for Klamath County.
L. M. Langley, Plaintiff,
vs.
German American Bank,
a corporation.
Defendant.

In the name of the State of Oregon,
To German American Bank, a corporation, Defendant.

You are hereby required to appear and answer the complaint filed against you in the above entitled suit, on or before April 23, 1920, that being the last day of the time prescribed in the Order for Publication of this Summons. And if you fail so to answer or appear, for want thereof the plaintiff will apply to the Court for the relief prayed for in her complaint on file herewith, to-wit: for judgment and decree that you have no estate, claim or interest in and to the following described real property, to-wit:

Situate in Klamath County, Oregon, the southeast quarter of the southeast quarter of Section Two, north half of northeast quarter and northwest quarter of the northwest quarter of Section 11, in Township Thirty-five North, Range Sixty East of Willamette Meridian.

And that you be forever enjoined and debarred from asserting any claim whatever to said premises, adverse to plaintiff; for plaintiff's costs and disbursements incurred in this suit, and for such other and further relief as to the Court may seem equitable.

This summons is served by publication thereof in the Evening Herald, a daily newspaper printed, published and of general circulation in Klamath County, Oregon, by order of the Honorable D. V. Kuykendall, Judge of the above entitled Court, made and entered March 11, 1920, which said order requires that this summons be published once a week, for six weeks. The date of the first publication of this summons is March 12, 1920.

R. C. GROESBECK,
Attorney for Plaintiff.
Address: Klamath Falls, Oregon.
