AT THE THEATERS

If any one has any doubt about the ability of Theda Bara to enact strongly sympathetic roles—the non-vam-

pire sort—he owes it to himself to go to the Liberty Theatre Friday and see her as Cigarette in "Under Two Flags." Those who were fortunate enough to see Blanche Bates in the same role when Ouida's novel was presented on the speaking stage, will agree that Miss Bara profits from comparison. The interpretation, without any question, is the greatest in which the William Fox actress has been seen here. Equally emphatic commendation may be accorded the production itself. The desert sandstorm, which Cigarette braves to obtain a reprieve for her sweetheart, is so realistic that one involuntarily rubs his eyes when it abates. All in all, "Under Two Flags" is one of the best photoplays that has been shown in Klamath Falls this season.

Nazimova, the brilliant Russian star, in her newest production, "Stronger Than Death," is announced by the management of the Liberty Theatre as the special attraction, on Sunday next. The presentation of this great artist in a great photodrama is described as a particular treat for motion picture-goers. In "Stronger Than Death," Nazimova returns to powerful emotional roles after her clever impersonation

of the chorus wail in her picturization of Maude Fulton's Moroso stage play, "The Brat." Nazimova is cast as Sigrid, a London music hall dancer, who finds love in the almost wildernesses of India, whither she goes for rest.

Nazimova's biggest scene is her dance on the steps of the temple—a weird dance in the moonlight which strikes awe and terror to the hearts of the blacks, and causes them to delay their uprising until the British garrison comes to the rescue of the civilian community of Gaya. Her sacrifice is rewarded by the devotion of her hermit doctor, the strong male figure in the tense drama.

Herbert Blache and Charles Bryant directed the star in the big production.

"Stronger Than Death" will be shown Sunday only.

MEDFORD COURT SENTENCES MAN FOR SYNDICALISM

MEDFORD, Mar. 25.—What is probably the first conviction under the state syndicalism act was secured here when J. T. Smith, alleged member of the I. W. W., was sentenced to serve a year's imprisonment by Judge Calkins. He was later paroled to the district attorney's charge under promise of good behavior.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

NANTUCKET FOLK HAD HARD WINTER

NANTUCKET, Mass., Mar. 25.—Short of fuel and having waged a grim battle with sickness and death from influenza while isolated by 30 miles of impassable ice, the people of Nantucket are emerging from what they call the hardest winter they ever experienced.

They are used to isolation by ice but this year the shortage of fuel coupled with the influenza caused hardship and suffering. A fleet of schooners chartered to bring to the island its winter supplies was storm-bombard in Long Island sound port in December and by the middle of February the coal in the hands of dealers on the island was exhausted. Thereafter coal was loined by the handful from one family to another and supplies of it in summer cottages were taken by permission of the owners. Thus the people kept from freezing until, early in March, a coast guard cutter broke a passage through the ice and towed a coal-laden schooner to Nantucket.

The fishing fleet was frozen in the harbor for two months beginning at Christmas.

About \$2,000,000 worth of gold has been mined in Wales, Scotland, and Ireland during the past twenty years.

So closely is the ex-kaiser protected at Amerongen that the annual cost of his guard alone is well over \$10,000.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, back-aches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Here is a Goodyear Fabric tire for the smaller cars. It is a winner, and as chock full of value for the money as the Goodyear Cord.
