**Everyone Should Drink Hot Water in the Morning**

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

**SINCE THE BOYS CAME HOME**

News Item.—There were 27 per cent more Caucasian babies born in California in January of this year than in that month last year.

So we notice quite a difference  
Since the boys came home,  
For the birth rate's getting stiffer  
Since the boys came home,  
And Sir Cupid now is smiling,  
And his style is quite beguiling,  
And the babies come a-b'iling,  
Since the boys came home.

Our baby score was sleeping  
Till the boys came home;  
There were many girlies weeping  
Till the boys came home;  
When our baby score, by thunder,  
Worked right up from down and under,  
Till it really is a wonder  
Since the boys came home.

Babies fat and babies thinish  
Since the boys came home;  
Cupid can't foresee the finish  
Since the boys came home;  
But he says, "I'd have you notice  
That a joy a babe to tote is,  
And to swell the score my vote is"  
Since the boys came home.

**IF KIDNEYS AND BLADDER BOTHER**

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
