TREATMENT FOR SEED POTATOES

OREGON AGRICULTURAL COLLEGE, Corvallis, April 1.—Potato seed should be treated with corrosive sublimate 10 days or two weeks before planting, while still dormant, according to M. B. McKay, associate plant pathologist and potato specialist.

Use four ounces of corrosive sublimate crystals or powder to every 30 gallons of water. Dissolve in about a gallon of hot water in glass or a wooden vessel before dilution. This makes a one to 1,000 solution.

Use decreases its strength, to correct which add one-half ounce of chemical for every four bushels of potatoes treated for two hours. If a

shorter treatment is used, reduce the amount of chemical used proportionately.

Dry the tubers immediately after treatment. Piling them up wet leads to injury. Exposure of the potatoes to the hot sun produces black heart. Disinfect the sacks with corrosive sublimate or formaldehyde and dry before resacking.

Corrosive sublimate is better than formaldehyde, as it destroys the spores of two diseases, scab and rhizoctonia.

Rhizoctonia is a fungous disease and one of the most serious tuber troubles.

A three to four year crop rotation is necessary for the control of scab and rhizoctonia, as the organism is always present in the soil to some extent.

Thousands of women in Switzerland earn a livelihood by their skill in the finer work of watchmaking.

READY TO FIGHT HESSIAN FLY

WASHINGTON, March 31.—Anticipating the possibility this spring of another of the numerous destructive outbreaks of the Hessian fly in the wheat fields of the country, the department of agriculture has made ready to combat it. Through appropriation by congress, funds for the work were increased sufficiently to provide for the principal needs and three stations for the purpose of systematic study have been established at Carlisle, Pa., Centralia, Ill., and Wichita, Kan.

Through these stations it is hoped more will be learned this year about the Hessian fly than in any year since the British General Howe's hired Hessians are supposed to have brought the pest to Long Island during the revolution. Exhaustive investigations are under way on parasites of the Hessian fly to determine what effect the presence or absence of any particular parasite has on periodical visitations of the fly. The last great outbreak came five or six years ago.

NATIONAL SHOOTING MATCH TO BE HELD AT CAMP PERRY

The secretary of war has approved the schedule for the national matches this year. The matches will commence Monday, August 23, 1920. The order of the matches will be: national individual rifle match, national individual pistol match, national pistol team match, national rifle team match.

Any citizen of the United States may participate in the individual matches. Ammunition will be issued by the ordnance department, U. S. army. Springfield model 1903 rifles and Colt automatic pistols, caliber .45, will be used.

U. S. ARMY TO COMPETE IN OLYMPIC GAMES

The Olympic games will be held in Antwerp, Belgium, beginning about August 1 this year. Teams will be selected from the U. S. army to compete in rifle and pistol shooting, boxing, fencing, horsemanship, swimming, wrestling, track and field.

Two of the officers who have been in this vicinity on recruiting duty recently have entered their names for the rifle and pistol competitions.

The credit of organizing the first Sunday school in the United States is claimed for a woman—Miss Sarah Colt, who died at her home in Patterson, N. J., in 1872, at the age of 90 years. Miss Colt's original idea was to teach the mill boys to read and write, and from this the school gradually grew into a means of exclusive religious instruction.

RED PAMPHLETS YANKS SPURNED

Poison Propaganda to Russian A. E. F. Revealed by U. S. Secret Service.

Extracts from pamphlets, published by the English-speaking Communists in Russia, and distributed among the American troops in the North—now in the possession of the U. S. Department of Justice.

"Comrades! Drop this dirty work. Turn your guns on your real enemies, the swasters and capitalists. 'Come with us in the far nobler struggle to establish the triumph of labor the world over' (Signed) N. LENIN."

"East and Central Europe is aflame with the revolt. The exploiting class has in some countries fallen, and in others are on the point of falling. The dawn of the day of Labor's emancipation has come!"

"You have arms. You know how to use them. Will you, like slaves, use them in defense of your master, or will you use them to help your class be free? If the former, then you know that you will meet with determined resistance of the united revolutionary people of East and Central Europe, and History will be your judge. If the latter, then here's a hearty welcome into the ranks of international labor."

"We want you to understand that every country in the world—including your own—can become a socialist state, a workmen's country, if only it follows the Russian example. Every nation in the world—including the 'yankee race'—can become a really free nation, if it only does away with the trusts, the money lords and the bloodthirsty exploiters. It is up to you American soldiers to do it! It is up to you to bring the great lesson of the Russian Revolution home to your toiling and suffering brothers. It's up to you to start it there—in your own America, you just start it—and your brothers will follow you! You just dare! You have nothing to lose but your chains. You have a world to gain."

"You just dare to take home with you the Red Banner of the Revolution—and inscribe upon it: 'Down with capitalism! 'Long live Industrial Freedom! 'Long live Socialism!'"

"You probably would let us alone and go home, if your officers would let you. But they do not intend to let you do so. You are under their orders, and they are under the orders of 'higher-ups,' and those are under the orders of 'still higher-ups,' etc. At the top of the whole pile are the wealthy capitalists who want to get their greedy hands upon the mines and factories, railways, etc., of Russia. That is the reason you are here to rob workmen and make millionaires richer."

"We know that you are bound, hand and foot by discipline and have been in blind ignorance of what you were doing here or why you came. The only way that you can do the decent thing is by breaking the discipline that drives you to this crime against your own kind, the working class."

"The war is over. There is no honest reason for you to submit to military orders. You are not fighting 'German militarism.' You are submitting to it when you obey the commands of your own officer. 'You can break away. We know that you can, for we did. You are powerful enough and numerous enough to arrest the officers or to do with them what you please. Or you can come over to us.'"

What's Inside a Tire-- Miles or Disappointment?
We have seen enough grief coming from tires that have no name on them at all, or some name that nobody ever hear of—tires that cost enough to be good but were in the end a disappointment.
For years we wished that some real manufacturer would come out with a small car quality tire that would sell for a low price.
Now we have it.
Size Plain Anti-Skid
30x3 \$12.25
30x3 1/2 16.80 \$17.65
31x4 25.65 26.95
Tires to suit the man who must watch his pennies, and tires that equip the world's most luxurious cars. We have them and every one has the Goodyear name on it and an unlimited service guarantee back of it.
