SACRED KINE TAKE RIBBONS AT SHOW

FORT WORTH, Texas, Apr. 7.—The great sacred cattle of India have gone to home pastures with blue ribbons for the first time from the Fort Worth fat stock show, setting a new era in the industry in the southwest. The Brahmas came from the great Pierce ranches in Wharton county. What attracted most interest about the "sacred cattle" is the fact that they are tick-proof and drought-resistant. Originally pure-bloods, these giant, gaunt cattle have been crossed with Texas stock until they have dropped some of the physical characteristics of their kind. But they still retain the hump and their natural wildness has been intensified.

In the old nature worship of various peoples the Easter rabbit and eggs originated. Rabbits and eggs are emblematic of fertility; Easter is the spring festival, at which, among Latin and Teutonic races, the fruitfulness of nature is worshiped.

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.
