Something for Nothing?

Something for nothing?-it can't be done. Nor do we promise it. The man who responds to such a promise usually gets it the other way-nothing for something. That's expensive-also embarrassing.

Merchants are in business to serve-and must not only make expenses but an honest profit, in order to make a living, for their employees as well as for their own families.

We prefer to promise less and give you more. This invites the patronage of level-headed Americans who buy with their eyes open-men and women who understand the economy of qualityfolks who want the best and will pay what it is honestly worth. German Cripples Employed.

Weekly.

According to the American Journal for Cripples, published in this city, Germany issued a peremptory order in January requiring the employment of her disabled soldiers. All public and private industries, offices and administrations are directed to employ at least one disabled soldier for every 100 persons on the working staff, making no distinction of sex, it is stated.

In agricultural work the proportion must be one disabled soldier to every 50 employees, and in all cases the disabled cannot be discharged except with the consent of the workmen's committee and after receiving 14 days notice. Private employers who disregard the order are liable to a fine of not more than 10,000 marks.
