SATURDAY, APRIL 10, 1920

**AIRPLANES TO CARRY MAIL AND PASSENGERS GALVESTON, Tex., Apr. 10.**—Airplane freight and passenger service throughout Mexico is assured within three months, dispatches to Mexican Consul Meade Fierro here state. Huge multi-engined planes, operating in four distinct air routes, will fly between the Mexican capital and the cities of Tampico, Vera Cruz, Nuevo Laredo and El Paso. Two machines will operate daily each way. British and Mexican capitalists, it is reported, are backing the new venture, which will inaugurate service under the name Mexican Air Corporation. Sixteen British-made airplanes, each having a carrying capacity of fourteen passengers and three tons of freight, have been purchased as initial equipment.

**Greater Engine Value**  
OVER 250,000 farmers bought the "Z" engine. They know it is powerful, dependable and practically fool-proof—truly a great engine. But now we announce the one addition which could possibly improve the "Z" performance—Bosch high tension, oscillating magneto ignition. So let us show you in detail this greater engine value. Our service to you is remarkably complete and we are assisted by a nearby Bosch Service Station. Prices—1 1/2 H.P. \$75.00—3 H.P. \$125.00—6 H.P. \$200.00. All F. O. B. Factory.  
Carried in Stock by  
**G. C. LORENZ**

Business and professional women of Minneapolis have opened an up-to-date clubhouse.

**FOUR PARADES FOR SHRINERS**

PORTLAND, Apr. 10.—Twenty-six of Portland's leading citizens are heading committees which are planning for the entertainment of the Shrine convention which meets in that city June 22nd to 24th inclusive. W. J. Hofmann is the general chairman and behind him are most of the big business men of his city. They are planning a wonderful entertainment for all visitors and most of the show will be right where people of the ordinary type can enjoy it—on the streets. There will be four great parades in three days, an Oriental garden and a series of street decorations that will be reminiscent of an oasis in the desert. Shriners mimic the Arabs in dress and manner of conversation and their whole ambition is to have as much fun out of life as they can get. Therefore 75,000 of them are bringing their rich and gaudy trappings to Portland to help put on the show. It Will Be Some Show Portland is spending \$172,500 to stage it, which emphasizes the remark that it will be some show. Al Kaiser Temple of Portland gave \$50,000 out of their treasury, the members of the Temple gave \$46,000 out of their pockets and Portland business houses are giving the balance. It Ought to Be Some Show Portland is taking care of the crowd by filling the hotels, the clubs and school houses and is now opening her private homes where engagements of rooms may be had at nominal cost. Those who expect to attend the big event should write the Shrine committee, 802 Gasco Building, for rooms.

**Endorsement Given By Seattle Pastor**

We believe that any one suffering with rheumatism will be interested in the following letter received by the manufacturers of Anti-Uric: "My wife suffered for years with rheumatism, and we had just about decided there was no hope of a cure. She was unwilling at first to try Anti-Uric because she had used so many remedies with no result, but was finally persuaded to do so. The first outfit seemed to make her worse, but she persisted in the treatment, and the results were wonderful. After suffering for many years she is now well, and we are unable to express our gratitude in sufficiently strong terms. "This voluntary statement is given in the hope that others who suffer with rheumatism will be convinced that Anti-Uric will cure them. Anyone who wishes to inquire of me regarding my experience with this remedy is at liberty to do so, and will receive a prompt reply. Both my wife and myself wish to thank you from the bottom of our hearts." (Signed) REV. PHILIP GRAIF. The Rev. Dr. Graif is a resident of Seattle, Wash., living at 4500 Thirty-ninth street in that city, where he is very well known. Can anything be more positive and convincing than an endorsement from such a source? Even the most skeptical must admit that Anti-Uric has merit. Anti-Uric is made from herbs, containing no mineral or salicylates. It

is guaranteed to give satisfaction or the money spent for it will be returned. Anti-Uric is for sale by THE STAR DRUG COMPANY. 9 A Classified Ad will sell it.

**Warren Hunt Hospital**

**SAILS FOR FREIGHT TRAINS IN KANSAS**

PRATT, Kans., Apr. 10.—Sails for trains in western and central Kansas have been advocated as great fuel economizers by the railroad men here since the recent "stunt" played by the wind in driving a box car twenty-six miles on the Missouri Pacific track, from Iuka to Olcott. The car was started by the high wind from a siding and "made the run" of twenty-six miles in less than an hour. When it dashed through Preston the operator wired ahead to Olcott and the runaway was derailed and stopped at that point.

CHICAGO, Apr. 10.—A Chicago manufacturer who supplies ice cream cones has announced a reduction in price for the coming summer that will enable dealers to absorb the war tax and still sell the cones at five cents.

**NO ARGUMENT**

Everybody knows the relative merits of rubber as compared to wood as an insulator of electricity, and if submerged in liquid the difference is more pronounced. This is absolutely true in the construction of storage batteries. Also everybody knows that the Willard Storage Battery always has been the foremost and best battery on the market, when there was nothing used for insulation but wood. But now since the Willard Co. are making the Still Better Willard with Threaded Rubber Insulation there is No Argument. In all wood insulated batteries the insulation is the first part to break down, and cause the battery to fall to do its work properly, thereby needing repairs or scraped. In a threaded rubber insulated battery, the insulation is the last part to break down. The threaded rubber insulation is patented, and the process of its manufacture will be fully explained when you call at the LINK RIVER BATTERY STATION, Seventh on Klamath Avenue.
