**BUSINESS PROPERTY**

We are fortunate to be able to quote some very attractive prices on both improved and unimproved Main St. property. We call your special attention to the following:

Four good concrete rooms and 87 ft. frontage on Main at a price of \$18,000 on very easy terms. The building would cost \$25,000 at this time.

A fine two-story brick building at the hub of the city at a price so low that you will be interested. It brings an excellent income and will appeal to the conservative buyer. Ask us about it.

And we have a 70-ft. corner lot on Main St. which is right in line with the growth of the city. It's good right now and getting better. The price is low enough to get your money.

And also 175-ft. on Main St. with sufficient income to pay the carrying expenses. We believe that Klamath Falls will have good business buildings on both sides of Main St. from the present center to the White Pelican hotel. Look over this 175 ft. and bring your check book along.
