HARRY McAVOY, well-known Los Angeles hotel man who says he spent a small fortune and tried every treatment money could buy without getting relief, until he tried Tanlac. Says he suffered for twenty years.

"In 1900 I suffered a general breakdown and during these 20 years I spent a small fortune searching for health," said Henry McAvoy, with the Alexandria Hotel Los Angeles, one of the largest and finest hotels in the world. "I suffered from all the terrible symptoms of indigestion. My heart palpitated so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat in my tracks before I could support myself."

"I had indigestion in its very worst form. In fact, I was a confirmed dyspeptic; nothing agreed with me and I suffered from all the terrible symptoms of indigestion. My heart palpitated so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat in my tracks before I could support myself."

"I was absolutely afraid to eat, for it meant nothing but suffering afterward and I would have awful pains and burnings in the stomach and chest. Sleep—Why, I didn't know what it was to get a night's sleep! I would lie in bed awhile and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength I was almost too weak to walk, and I honestly believe no man in this world suffered any more than I did."

"Tanlac has been worth its weight in gold to me and all the money on earth could not buy the good it has done for me."

WRONG DIAGNOSIS

TOKIO, March 18. (By Mail.)—When the influenza epidemic penetrated the jungles in the island of Formosa and began to prostrate the fierce head-hunters, they called a meeting of the tribe and diagnosed the difficulty as a gas attack by Japanese, who control the island. In revenge the head-hunters made a sudden descent on the nearest police station and a considerable force of Japanese troops had to be dispatched to disperse them.

WORKING WOMEN CAMPAIGN FOR \$3,200

LONDON, March 30. (By Mail.)—A girl clerk whose arms and body were wound with red tape has just led an unusual procession through Whitehall street, the home of government departments, to draw public attention to the demands of women in government employ by a large number of women employed in the Civil Service, each of whom carried a poster, while all were linked together with red tape. Inscriptions on the posters were "Fair Play for Women" and "No Favoritism in the Civil Service."

The march was organized by the Federation of Women Civil Servants and served its purpose to attract public attention to the women's protest.

STRIKE WILL NOT MAKE SUGAR SHORTAGE

HONOLULU, T. H., Apr. 9. (By Mail.)—Danger of damage to the 1920 sugar crop of the island of Oahu, from the laborers' strike has passed, according to Royal D. Mead, secretary of the Hawaiian Sugar Planters' association.

"All the mills on Oahu are running more than half time," Mead continued, "and are turning out two-thirds of their sugar-making capacity. That is close enough to normal to insure the safety of the crop."

T. Tsutsumi, membership secretary of the Japanese Federation of Labor, is reported to have told a recent meeting of striking sugar cane workers here that the walkout would be extended from the island of Oahu to all islands.

According to published translations of Tsutsumi's remarks, he informed his hearers that the federation could hold out in a four-year strike if necessary.
