LEAGUES WILL BAN GAMBLING

CHICAGO, April 17.—Gambling on baseball games will be curtailed this season, according to officials of the Chicago National league baseball club, who have started a movement against the practice. It is claimed that numerous bets are made on the strength of who the opposing pitchers are to be. This year, Manager Fred Mitchell, declared he will not announce his pitcher until the time his batting order is handed to the umpire, just before the game.

Manager Mitchell, whose home is in Boston, declared he knows of numerous instances in which the wagers were placed after the pitchers had been selected. He said he also knows of a certain hotel waiter who was paid \$5 a day by a gambler for obtaining from the manager the name of the pitcher who was to perform for the visiting club that day.

"Most of the betting is done in the pool rooms downtown," said Mr. Mitchell, "and I believe if the proprietors of these places do not know who is going to pitch they will not be so keen to accept wagers. By withholding the name of the pitcher, I believe much of the gambling will stop.

"If we desire to keep the sport pure, gambling must be eradicated. The Chicago club is to do all it possibly can to stop it. President William Veeck always has taken steps to keep it out of the ball park in Chicago, and I am going to attempt to keep the men in the pool rooms from

have for many years spent less money per student per year in training Oregon boys and girls than is spent at any other state institution. The present cost at the State University is \$293 a year; at the College, it is \$180. But even before the war, when money would buy twice as much as it buys now, the average cost at all other state institutions was \$325 a year. In addition

Their Building Investment is also very low

At the State University it is at present \$322 per student; at the College, \$300. But in state institutions elsewhere, statistics show the average to be \$995. These are convincing proofs of economical administrations, but the three institutions can no longer give satisfactory training to the vast numbers of Oregon boys and girls (5,400 in fulltime courses alone), unless they receive more support. On May 21 the Higher Educational relief measure will appear on the ballot. You are urged to preserve the quality of higher education by voting for it.

betting by giving out the pitcher at the last moment.

"Gambling is not to creep into the game and ruin it for the future fans and players if I can help it," Mitchell continued, "and if there is the least suspicion of it on my team an investigation will be made and the man or men who are apprehended will not stay a minute."
