BUTTE MINE STRIKE CALLS OUT SOLDIERS

SAN FRANCISCO, Apr. 22.—Announcement that he had complied with the request of Governor Stewart of Montana, that troops be sent to Butte as a result of the mine strike disturbances there was made by Lieutenant General Liggett today.

SPOKANE, Apr. 22.—A detachment of the 21st infantry left Fort Wright here early today for Butte, following receipt of orders from western department headquarters.

BUTTE, Apr. 22.—Hugh B. Haran, 19, was shot and instantly killed at the office of the Butte Bulletin early today by Joe Papst, who was later arrested. Haran and Papst were guards, who with other men crowded the newspaper office in expectation of an attack, following a mass meeting of miners and I. W. W. last night in the building in which the paper is printed.

Mystery surrounds the shooting but the police theory is that Haran was shot by mistake.

No picketing was attempted by the strikers this morning and the police are patrolling all avenues leading to the mines. Troops from the coast are expected before noon. Of 15 men wounded in a battle last night between deputy sheriffs and I. W. W. pickets all except two will recover, it was said today. Ten of the wounded are foreigners.

MAY FINISH TRIAL TODAY

Prospects were good this morning, stated counsel in the case, that the trial of the courthouse litigation would be concluded today. The plaintiff rested his case at noon yesterday and the defense started putting on its witnesses. By holding a late session this evening it is hoped to finish the trial today.

Although the morning session yesterday attracted few spectators, interest awakened as the trial progressed and the seats in the court room were well filled during the afternoon.

Warren Hunt Hospital

A thoroughly equipped institution affording unexcelled facilities for the scientific treatment by hospital methods of medical, surgical and obstetrical cases.

The new and modern fireproof building contains private rooms for bed and ambulatory cases, completely equipped examination and treatment rooms, Roentgen Ray, clinical and research laboratories.

Brown Learns of His Personal Inefficiency

"Ben, it is true that you have a state-wide reputation as a successful business man—you were the first to install an efficiency system in your factory; but tell me, what do you mean by efficiency?"

"Efficiency," replied her brother, "means getting the most out of things with the least expenditure of time, energy and effort."

"Well," laughed his sister teasingly, "according to your own definition, I maintain that you are the most inefficient person I know."

"For half an hour you have been wasting much of your time adjusting your glasses, taking them off and replacing them. It appears that you know about all kinds of efficiency except eyeglass efficiency."

"Why don't you apply some of your efficiency medicine to your own person and wear Kryptoks like mine—the invisible bifocals that you can wear all the time for both near and far sight?"

"That sounds good, Louise, and I'll think over your suggestion. But tell me, where can I have these Kryptoks fitted and fitted right?"

"That's easy," replied his sister. "Just visit H. J. WINTERS, Jeweler and Optician, 706 MAIN ST., whose reputation for accurate and thorough optical service I believe to be second to none in this territory."

HOUSE AUTHORIZES SUIT BY INDIANS

WASHINGTON, April 22.—Representative Sinnott's bill authorizing the Klamath tribe of Indians in Oregon to sue the federal government in the court of claims for alleged losses in lands and tribal funds has

been passed by the house. The Indians contend that the boundary commission which fixed the boundaries of the reservation in 1896 deprived them of 4000 acres which belonged to them.

They also alleged that they have due them approximately \$100,000 under their treaty which has never been paid.

BOY'S NOSE BITTEN BADLY BY DOG

George Will, son of Mr. and Mrs. L. A. Will, met with a peculiar and painful accident last night when his nose was badly bitten by a dog with which he was playing. The dog refused to pick up a stick for its young master and when the lad stooped to pick it up the dog seized him by the nose, ripping a deep gash across the bridge and nearly severing the entire lower portion.

He was taken to the Warren Hunt hospital and report this morning indicated a favorable condition. Surgeons replaced the nose and he is expected to have a normal olfactory organ when the wound heals. The lad's father is a carrier at the local postoffice.

POWER CO. EMPLOYEE HAS FOOT CRUSHED BY POLE

J. T. Robertson, an employe of the California-Oregon Power company, met with a nasty accident yesterday. While engaged in moving an electric light pole, the pole fell on his foot breaking it. He was treated by surgeons at the Warren Hunt hospital and is now in the institution. Robertson had been working for the company only a few days.

MT. LAKE IMPROVEMENT CLUB TO MEET FRIDAY

There will be a meeting of the Mt. Lake Improvement club Friday evening at the Mt. Lake church. R. C. Groesbeck, local attorney will deliver an address on the proposed millage tax for education. Coffee and sandwiches will be served by the ladies. Everyone is invited.

AT THE THEATERS

A photoplay basen authentically on the situation that would ensue were the Russians permitted to carry out their project of nationalizing women so that they would become the common property of every man who desired them is being shown at the Liberty Theatre. Robert Andersen, one of Universal's best known players is seen in the role of Pavel Pavlovitch, a Russian, who came to America, married a Virginia girl, and returned to Russia, only to come under the salacious mandate which would sacrifice his loved ones on the altar of lust.

The play was built on facts obtained from the records of the state department and without doubt it will kindle a feeling of revolt against any steps to legalize such traffic in women. Paul Powell, a well known director, produced "Common Property" with an all-star cast, among the supporting players being Colleen Moore, Johnnie Cooke, Nell Craig, Frank Leigh, Arthur Jasmine, Richard Cummings, Arthur Maude and Robert Lawler.

The locale of the story is laid in America during the earlier scenes and changes to Russia. One of the sensational incidents of the play is a fight between Russian brawlers, who are prowling about the village of Saratov, and a troop of Yankee cavalry. Conditions and events in Russia, leading up to the edict regarding women, were carefully studied in order to give an absolute accurate portrayal on the screen.

STOCKS AND BONDS FOREIGN EXCHANGE

When you buy your new Spring Hat, be sure it's a "Mallory."

You can't find newer styles, better shapes, or more attractive shades than come in

Mallors Hats

Every line, curve and dimension is exactly right.

The materials are of the highest grade and they are made by the most skillful workmen.

How could better Hats be produced?

K. Sugarman

"I AIN'T MAD AT NOBODY"

"Sure I'll Pledge"

APR'L 25 to May 2 Presbyterians will pledge what they expect to give to local expenses and to the vast mission work of the church. How much shall your pledge be?

One-tenth of one's income is recommended as a beginning for all benevolences. The New Testament urges "as God hath prospered you." You decide what the proportion shall be. Be systematic, and give regularly.

You want to do the just thing by your local church. Is your pastor's salary large enough? Has he a manse? You want to have a large share in the outreaching work of the mission boards.

At church on Sunday ask for a leaflet showing just where the money will be spent by the Boards and Agencies. When you know the need, there will be no question about an adequate response on your part.

Come to church Sunday for details.
