# WHY?

**SHORT OF COIN**  
MACAO, March 19. (BBY Mail.)—Due to the scarcity of subsidiary coins in the Portuguese territory of Macao, the Banco Nacional Ultra-

marino early in March issued an initial issue of 2000 each of five and ten cent denominations and intends shortly to issue notes of 50 cents denomination.

## Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1 FOR THE CHURCHES WORK AT HOME. A score of millions under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3 FOR HIGHER EDUCATION. Of the 400,000 American students in institutions of higher grade, one-half are in institutions funded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.
- 4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?
- 5 FOR THE CHURCHES WORK ABROAD. Influence came first from the Orient; thirty years ago nearly all pilgrims are Oriental pilgrims. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent ahead is worth for America as truly as though he worked at home.
- 6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

Some of the girls and women who have taken up farm work in Australia have accomplished marvelous results, but perhaps the most remarkable record is held by a ten-year-old girl living in the south of the Pinaroo district, who in one season cultivated three hundred acres and drilled two hundred.

Queen Marie of the Belgians is the most talented violinist among the women of European royalty.

In parts of Mexico the farmers follow a strange custom. They use oxen of one color in the morning and of another color in the afternoon. They do not know why, but they say it must be the right thing to do, because their forefathers did it.
