LESS FIRE RISK
IN CLEAN CITY

A clean town makes for reduced
fire risk, lower insurance rates and,
from the efficient fire-fighter's stand-
point, the point that fire prevention
is the scientific method of attacking
the annual problem of fire loss, a
clean town is the sort of town that
he is working for all the time.

Fire Chief Ambrose is unqualifiedly
behind the clean-up, paint-up and
safety first campaign, which starts
May 1 and lasts until May 15, and
submits the following observations
regarding the results that appeal to
the fire-fighters:

CLEAN UP YOUR TOWN

A town looks like its citizens.
Is there anything wrong with your
town?

Are the back lots filled with rub-
bish?

Are the basements full of trash?
Is there rubbish leading to the ex-
its that people would have to pass
over?

If there are any of these condi-
tions existing, then there is some-
thing the matter with your town.

If your tongue was coated, your
back ached and you had chills, you
would go to a doctor. You would
go because you were sick.

Your town is sick. It gets clogged
up like your system and is coming to
the only doctor it can come to. It is
coming to you.

People judge a town by its looks.
If there have been fires in your
town from defective flues or from
rubbish in the basement, it is too
bad.

Property that could have been
tamed and thus helped to reduce your

burden, is beyond the power of tax-
ation.

CLEAN UP YOUR TOWN

It will mean dollars and cents to
you.

It may mean the saving of a life.
Your own home may be destroyed
by the careless act of a neighbor.

His home is in the same danger as
yours.

Sunlight, fresh air and cleanliness
never start spontaneous combustion.
Lack of ventilation and accumula-
tion of filth and dirt will.

This is your town.
You live in it. It is what you
make it.

Remove those unsightly and dan-
gerous piles of rubbish.

Clean up and fix up.
This is your home town.

An ounce of fire prevention is bet-

ter than a pound of fire extinguish-
ment.

A fire prevented is better than a
fire extinguished.

The prevented fire causes no loss
of life, no destruction of property
and no interruption of business.

85 per cent of the fires in the
United States today are caused by
some act of carelessness.

FIRE CHIEF.

STANDISH LOST;
PORTLAND GAINED

PORTLAND, Ore., Apr. 29.—If
Priscilla had not made her famous
remark to John Alden, the Pacific
coast would have lacked one of its
leading colleges, as genealogical
chart just published by Reed college
shows that Amanda Reed, the found-
er, is a direct descendant of Priscilla
and John Alden. Had the demure
New England maid failed to say,
"Why don't you speak for yourself,
John?" Portland would never have
had Reed college.

PASTIME POOL ROOM
CHANGES OWNERSHIP

J. W. Allnut and E. D. Moody have
purchased the Pastime pool and bil-
liard hall from Jack Monroe. Messrs.
Allnut and Moody operated one of
the finest pool and billiard halls in
southern Oregon in Ashland until re-
cently, when they were attracted by
the possibilities of Klamath Falls
and sold out. They have been here
for some time seeking a suitable
location and finally succeeded in clos-
ing a deal for the Pastime at a fig-
ure that it is reported yielded Monroe
a handsome profit on his investment.

The new owners are going to re-
place all of the tables now in use
with new ones. In addition they are
going to completely remodel the
place and install the latest pattern
American soda fountain, with all of
its latest sanitary features, milk
pump, etc.

All of Mr. Monroe's time will in
future be devoted to the Mondak
theater.

Coming to Portland from Quincy,
Mass., in pioneer days, Simon G.
Reed started the line of steamships
on the Columbia river, which later
became the Oregon Railroad and
Navigation Co. When he died he
suggested that his wife use his for-
tune for some institution of value to
the citizens of Portland. In 1904
Mrs. Reed died, leaving her entire
fortune of several millions for the
founding of Reed college.

Under the English law a girl of
fourteen is, if of ordinary intelli-
gence, deemed to be of sufficient
capacity to choose her own domicile
and mode of life.

WEATHER RECORD

Hereafter the Herald will publish
the mean and maximum tempera-
tures and precipitation record as tak-
en by the U. S. Reclamation service
station. Publication will cover the
day previous to the paper's issue, up
to 5 o'clock of that day.

Table with 4 columns: Date, Max., Min., Precipitation. Rows for April 1st through 28th.

AT THE THEATERS

"My Little Sister," the famous
novel by Elizabeth Robins, has been
dramatized for the screen. The story
of the two happy sisters who were
decoyed into a notorious house by a
woman who posed as their wealthy
aunt is said to offer a splendid role
for Evelyn Nesbitt, the William Fox
star. She will appear in this new
picture at the Liberty Theatre to-
night.

Nobody knew who he was. In all
appearance he was just a common
lumber-jack seeking work. But
there was one fact about him that
aroused wonder even in those rough
northern lumber camps. He had
come into camp by the river, having
braved, with skill and courage, the
Rapids Deserted of God, through
which no man had been known to
pass alive. He took his adventure as
a matter of course—as if it were but
a trifle in the boring routine of
his life. When the newcomer took
up a huge rock that the rest of them
could scarcely move, and hurled it
the length of his body, tongues be-
gan to wag for the welfare of the no-
torious camp bully.

Frank Mayo is seen as the myster-
ious newcomer in "The Brute Break-
er," a Universal production, to be
shown at the Liberty Theatre Fri-
day. He thrashes not one, but sev-
eral, bullies during the knight er-
rant career. Then there is a roman-
ce, and no romance is complete
without a girl. Kathryn Adams, one
of the most beautiful players in pic-
tures, is the girl. Lynn F. Reynolds
produced the picture.

Distinctive Blouses

Fairbanks-Morse
"Z" Engine with
Bosch Magneto

Greater
Engine Value

OVER 250,000 farmers
bought the "Z" engine.
They know it is power-
ful, dependable and practically
fool-proof—truly a great en-
gine. But now we announce
the one addition which could
possibly improve the "Z" per-
formance—Bosch high tension,
oscillating magneto ignition.
So let us show you in detail
this greater engine value. Our
service to you is remarkably
complete and we are assisted
by a nearby Bosch Service
Station. Prices—1 1/2 H.P.
\$75.00—3 H.P. \$125.00—
6 H.P. \$200.00. All F.O.B.
Factory.
