MAY HEAD STUDENT
BODY OF U. OF O.

Donald Newbury of Klamath Falls,
son of Mrs. Wilbur Jones, is a candidate
for president of the student
body of the University of Oregon.
He returned to the campus last fall
after an absence of 26 months during
which time he was in the field artillery
service. Mr. Newbury held the rank
of first lieutenant.

He is a law major and a member of
Delta Theta Phi, a national law fraternity.
He is also a member of the
Friars and To-Ko-Lo and likewise a
member of the student council.

At the present time he is handling
the students' campaign for the passage
of the millage bill which will insure
higher education for the state of
Oregon. Mr. Newbury is student
chairman for the state.

LONE PINE NEWS

Holf Geertson, who has been very
sick with swollen glands in his neck,
is now able to be around again.

Frank Sigford has had a very
severe attack of rheumatism.

Hessie Tallman was out of school
last Friday on account of sickness.

Grandpa Tallman of Sisson is visiting
at the Tallman ranch.

The warm weather of the last few
days is very pleasing to the farmers.

Mrs. J. R. Elliott and Mrs. Enman
visited Klamath Falls Monday.

Mr. Hosley's mother from Ashland
is making him a visit.

Stukel bridge which has been
closed for repairs is open to traffic
again.

A Classified Ad will sell it.

JAPAN GREET'S
VATICAN ENVOY

TOKIO, Apr. 11. (By Mail).—
Archbishop Petro Fumasoni, who has
just arrived in Tokio, has conveyed
the pope's blessing upon all Catholics
here and expressed his high consideration
for the Japanese nation.
He is the third envoy sent to this
country from the vatican.

The first was Cardinal O'Connell,
of Boston, and the second Archbishop
Petrelli who presented to the emperor
the pope's congratulations upon
his accession to the throne.

Archbishop Fumasoni will stay
about three years in Japan and may
remain permanently as apostolic
delegate if the Japanese government
extends to him the recognition extended
by civil governments, the
vatican being willing, it is said, to
reciprocate by inviting a permanent
Japanese representative to the holy
see. A few months ago Captain Yamamoto
was sent to the pope on an
official mission from the Japanese
government.
The archbishop comes from India

where he held the post of apostolic
delegate for the past few years. Referring
to the Catholic inhabitants of the
Carolines and the Marianas islands
who have been without clergy since
the German missionaries were
repatriated, Archbishop Fumasoni
said that these islands are now under
the jurisdiction of the archbishop of
Sydney.

NO ELECTION; CITY
FIGURES IT'S AHEAD

CASTLE ROCK, Colo., Apr. 30.—
If it is true that the high cost of
government is the most important
contribution to the high cost of living,
then Castle Rock should be the
cheapest place in which to live.

Municipal elections were to be held
this spring. Mayor Hugh Shellabarger
and all the other town officers
were candidates for re-election. Apparently
everyone thought the town
got along all right last year under
Shellabarger and by unanimous consent
the administration has been allowed
to hold over another year
without the expense of an election.

The enjoyment of beautiful flowers
is common to all the inhabitants of
Japan. Even the humble laborer is
a customer at the gardens where
flowers are kept for sale.

COST OF
CLOTHES

Clothes may be ever so stylish and
beautiful, yet if the cost is higher than
you care to pay, they are prohibitive.

You will find in our clothes the Maximum
Service at the Minimum Cost and
this feature alone has popularized
them. Almost any man can buy our
clothes because they are the lowest
priced High Grade Clothes made.

If you are wearing them you need no further
argument, you know; if not, you owe it to yourself
to see our large display of Spring
Models on display at our store.

NORTH CAROLINA
TO VOTE UPON
SUFFRAGE JULY 1

RALEIGH, N. C., Apr. 30.—Action
of the Democratic state convention
recently in adopting a platform
plank for the ratification of the woman
suffrage amendment will be followed
by a special session of the legislature
about July 1.

Louisiana is the only state to have
a session before North Carolina but
suffrage leaders say no matter what
action is taken in Louisiana it will
have no effect on the fight for ratification
in North Carolina.

If Louisiana were to act favorably
it would make the 36th state but on
account of some uncertainty over the
ratification in the Ohio legislature,
because of a referendum involved,
suffrage advocates are anxious to
have 37 states ratify the amendment.

Opinion is divided here as to what
action the North Carolina legislature
will take. In view of the fact that
both political organizations in the
state have adopted platforms including
planks favoring suffrage, many
party leaders believe the amendment
will be ratified. Besides Governor
Bickett, many Democratic party
leaders in the state have come out
for amendment, including Secretary
Daniels, Senator Simmons and Congressman
Hoey. The legislature is
opponents of suffrage believe the
amendment will either be defeated
in the legislature or by the voters of
the state. They think the legislature
will follow Senator Overman's idea
and propose a state constitutional
amendment giving women the vote,
thus putting the suffrage question
up to the voters, who, they believe,
will reject it.

THINK HE'S CRAZY

HONOLULU, T. H., Apr. 16. (By
Mail).—After spending 10 years in
prison before he was sentenced for
having cut a man to pieces and
stewed his remains in a kettle, and
another 10 years on the murder
charge after sentence, J. K. Kahoolawe,
a cowboy, was released recently
only to be reconfined as mentally
deranged.

Allienists now state that the cowboy
must have been insane from the
beginning.

ELECTRICAL "JAG"
LATEST IN S. F.

SAN FRANCISCO, April 30.—
Possibility of producing all the symptoms
of alcoholic intoxication on electric
"juice" attracted a good deal of
interest here recently when Dr. Albert
Abrams of San Francisco demonstrated
to medical men the use of an
electrical device he has invented.

The "electronic jag" discovery was
purely incidental, Dr. Abrams said.
"The discovery," he said, "is based
on the theory that the unit of energy
is the electron and that every material
thing is simply a manifestation of
different rates of vibration. I
have used the vibrations of chloroform
to produce the effects of chloroform
itself."

The feet of the subject are placed
on a sheet of zinc, an electrode is
placed upon the head, and, when the
current is turned on, one newspaper
with you again. The "kick" comes
slowly and without any appreciation
of the fact on the part of the subject
until he finds himself unduly loquacious,
happy or sleepy.

CONSUMPTION OF
CIGARETTES GROWS

MANILA, P. A., March 30. (By
Mail).—Cigarette smoking in the
Philippine islands is on the increase,
while the consumption of cigars
showed a decline last year, according
to the annual report of the collector
of internal revenue.

The number of cigars during 1919
fell off approximately 8,000,000.
There were manufactured in the
islands during 1919, 499,000,000
cigars as compared with 485,000,000
in 1918. The production of cigarettes
reached a total of 5,949,000,000
last year, as against 4,720,000,000
the previous year.

Of the 309,000,000 cigars exported
from the Philippines last year, 261,000,000
went to the United States, a
decrease of approximately 3,000,000
from the record of 1918.

SAN FRANCISCO, Apr. 30.—The
California Wild Flower Conservation
League has started a movement to
bring back to the hills of this state
the scarlet flame of the Toyon berry
tree.

On the advice of Luther Burbank,
the naturalist, thousands of the Toyon
are to be planted in cans from
which they will be transplanted by
school children and others as soon as
they are well started.

WEATHER RECORD

Hereafter the Herald will publish
the mean and maximum temperatures
and precipitation record as taken
by the U. S. Reclamation service
station. Publication will cover the
day previous to the paper's issue, up
to 5 o'clock of that day.

Table with columns: Date, Max., Min., Precipitation. Rows for April 1st through 29th.

"Wasn't it luck--

that I happened to see it advertised. It was something
I had been wanting for a long time—and only by the
merest chance I noticed where it was being sold!"

She only happened to see it advertised.
And she considered herself lucky.

But think how often she must have been unlucky—
how many good things she must have missed by not
being a regular reader of advertisements.

It will pay you to read the advertisements in this
paper.

—to make a practice of reading them.

BECAUSE:

They carry the news of reliable stores in your town.
They tell you where and how you can buy to best
advantage.

They tell you of new and better things.

They save your time and money and make your
shopping easier.

Read the advertisements REGULARLY

SAVE WHILE
YOU'RE YOUNG

and you'll never want when you
get old. The habit of
saving is easy to begin and
good to continue. Dollars
put by today mean comfort
and independence in days to
come. But save in the right
way. Make your savings
earn their keep by depositing
them here where they
will earn 4 per cent annually
