

\$500 FOR A SLOGAN

The Sturges Tire and Rubber Company offers \$500 in cash for the best slogan or trade device, advertising the Sturges Tire Sole.

Ten words are the limit of the slogan, but brevity will count with the judges.

The contest runs for seven weeks, closing at midnight, May 30. No communications received after that hour will be considered.

Anybody can enter. The slogan or trade device must express tersely the superiority of Sturges Tire Sole over Retreading, which was tried and found wanting.

Mail your answers to Sturges Tire & Rubber Company, Oakland, California. That's the factory.

WHITE PELICAN GRILL WILL OPEN

With a special dinner at 5:30 o'clock tomorrow evening, the new electric grill of the White Pelican hotel will be opened to the public, under the management of A. D. Short. The grill will operate under the supervision of N. C. Johnson, new steward at the local hostelry, formerly head waiter at the Porola Louvre in San Francisco.

The management of the White Pelican has been preparing for the opening for several weeks and all the appointments of the new dining room are in keeping with the ideals of high class service. During the winter months it was possible to care for the patrons of the hotel in a small breakfast room, temporarily improvised as a dining room, but with the increase of patronage and the approach of the tourist season more ample accommodation was necessary. The grill will cater to parties of all kinds from the largest banquet crowds to the cosiest of luncheon parties.

The ordinance will be strictly enforced. Parties having dogs on which they do not care to pay a license are asked to bring them in. They will be disposed of.

NEW ENGINE COMING FOR STRAHORN ROAD

Fear that traffic on the Strahorn railroad would be sacrificed to construction while the Hildebrand extension is building, is allayed by the announcement that another and heavier engine is on the road and expected to arrive soon.

The road has only one engine now and it is attempting to keep material on the ground for construction and also to handle the growing traffic, a task that is daily becoming more strenuous. The new engine will be employed in train service entirely, and the lighter engine will be used on construction.

It is surely a busy time on the Tule Lake land with teams and tractors on the move early and late, the latter running day and night.

The burial of the infant son of Mr. and Mrs. O. E. Hunt, which was born Sunday, April 18, took place Monday, April 19, at the Mall cemetery. Short services were held at the grave. The family have the sympathy of all in this sorrow.

Mr. and Mrs. Christenson and mother, Mrs. A. Turner, of Klamath Falls, were guests at H. E. Wilson's one day recently. Mrs. Turner remained for a few days' visit with her daughters, Mrs. Wilson and Mrs. Kirkpatrick and the last of the week Mr. and Mrs. Wilson took her home.

The ladies of the Helping Hand society will be entertained by Mrs. John Zbinden Wednesday, May 5th. Roy Fogle and family, C. M. Kirkpatrick and family, H. E. Wilson and family and J. L. Bailey and wife spent Sunday at G. W. Myers.

Mr. and Mrs. D. L. Book are spending a few days at O. E. Hunt's. Mrs. Book is helping care for Mrs. Hunt, who is gaining nicely.

James Ottaman was quite seriously injured one day last week when his team ran away.

C. W. Bailey was on the sick list last week but is able to be out again.
