Vote 302 X Yes For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS:

CONSTITUTIONAL AMENDMENT-Referred to the people by the

Legislature Assembly
LIMITATION OF FOUR PER CENT STATE INDESTEDNESS
FOR PERMANENT ROADS,—Purpose To again Rectally 7 of
Article 3.1 of the Constitution of the relate of Gregosis or as to permit the
resistant of debte and liabilities including previous debte and flatifilities
for the purpose of building and maintaining permanent riskfe to the
amount of four per most of the absorbed valuation of all the physecty
in the finate of Gregos, instead of two per cent as now provided by law

NO PROPERTY TAX—NO DIRECT TAX NO INCREASE IN AUTO LICENSE FEES NO INCREASE OF GASOLINE TAX

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenues from auto licerum fees and gaz-like tax, without increase of present rates, will be ample to pay both principal and inderest on these bonds, to sivary act forth by official figures in the flate Pumphlet, mailed to every registered water. Hefor to fitthe Pamphlet for verification. Examine the table marginally. It preves that no preparty tax is proposed and that present rates for solo homes fees and gas tax will reduce principal and interest and yet of surplus bondes.

CONSTANTINOPLE, April 16, (By Mail: A striking flugtration of the general emancipation of Turkish women which has been affected by the war is afforded by the designation of Mrs. Halide Edib Hanem, as minister of education, in Mustapha Kemal's cabinet

Mrs. Hanem is the wife of Dr. Adan Hey, formerly president of the Turkish Red Crescent and until recently Mustapha Remal's minister of health. She is 35 years old, the mother of three children, a devout Mohammedan and has attained fame as the author of several strongly pan-Islamic novels.

Shortly after Turkey entered the war the need for nurses became so great that women, for the first time, were permitted to accompany the armies and enter military hospitals as relief workers. They are said to have demonstrated remarkable efficiency in taking care of the wounded. a fact which soon made it possible for Turkish women to enter university classes with men.
