

ELECTION, MAY 21

STATE ROADS

Vote 302 X Yes

For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS:

302 X Yes CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.

303 No LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debt and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

**NO PROPERTY TAX—NO DIRECT TAX
NO INCREASE IN AUTO LICENSE FEES
NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments of Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be financed by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenue from auto license fees and gasoline tax, without increase of present rates, will be made to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Increase the table monthly. It proves that no property tax is required and that present rates for auto license fees and gas tax will reduce principal and interest on the bonds.

For Interest Tables, Pamphlets or Further Information, write to:
OREGON ROADS AND DEVELOPMENT ASSOCIATION
P. O. Box 100, Portland, 145 1/2 S. Pollock
Campaign Headquarters, 211 Worcester Building, Portland, Oregon

VOTE 302 X YES—For 4% State Road Bond Limit

Jeddah, selected for the meeting man race who possesses a spark of between Lord Allenby and the King of the Hedjaz, is a spot that should appeal to every member of the hu-

man race who possesses a spark of filial affection, for just outside the city walls of Jeddah is the traditional tomb of Eve.

Full power in every drop

"Red Crown" is all-refinery gasoline with the full and continuous chain of boiling points necessary for ready starting, quick and smooth acceleration, steady, dependable power and long mileage. It is made to meet the requirements of your engine. Look for the "Red Crown" sign before you fill.

WOMEN MAY FILL PULPITS

PHILADELPHIA, May 11.—Whether women shall be allowed to fill the pulpits of Presbyterian churches or to act as elders, will be one of the important questions considered at the 132nd annual meeting of the general assembly of the Presbyterian church, beginning here May 20.

At the last general assembly a special committee was appointed to determine the views of the constituency on whether women should hold official position in the church organization. Dr. S. Hall Young, chairman, is withholding all information on the report. A serious discussion is anticipated on the measure of the continued participation of the church in the Interchurch World movement.

The New Era movement, the Interchurch World movement, an organized union of Christianity, the relation of church to industry and the killing of Christians by the Turks are the most important subjects to be discussed.

The 100th anniversary of the Presbyterian board of education, which now is combined with the college board in the general board of education, and the fiftieth anniversary of the women's boards of foreign missions will be observed in connection with the meeting.

Dr. James Gray Bolton, chairman of the publicity committee, points out in connection with the new era and interchurch movements that from 1890 to 1919 the Presbyterian church has grown from 10 ministers, 18 churches and 1,000 communicants, to 9,918 ministers, 9,805 churches and 1,403,023 members. The communicants, who are those on the roll in good standing, represent a Presbyterian constituency of 6,000,000, including baptized children and adherents who are not members.

In 1789, the year in which appears the first record of benevolence for work outside the Presbytery or the individual church, there was \$852 devoted to this purpose. In 1919 the amount contributed for benevolence was \$11,985,327.

Dr. John McDowell, secretary of the board of home missions, and director of the department of social service in the New Era movement, will submit an exhaustive report on the relation of the church to industry. This is in accord with directions given at the preceding general assembly.

Dr. McDowell has conferred with employers and employees. His effort has been to reconcile differences along Christian lines. Establishment of schools for foremen is one suggestion he makes, in the belief that foremen are frequently the cause of clashes.

Two young women school teachers have been engaged by the forestry officials to serve this summer at a lone fire lookout on Sourdough mountain, near Bellingham, Wash. The girls will occupy a lonely cabin on the mountain top, 7000 feet above sea level.

The Estabrook Gold Dredging Company, Trinity Center, California, offers for sale and invites inspection of

ELECTRICAL DRIVEN SAW MILL
Carriage made by McDonough Mfg. Co., left-hand, five-block, 45-inch. Main carriage has four blocks, with fifth block on trailer. Stocks 24-in. x 28-in. x 70 ft. have been sawed on this carriage.
