SAFETY—SERVICE—SATISFACTION

COST OF WATER FOR CROPS IS FIXED BY O. A. C.

O. A. C. EXPERIMENT STATION, Corvallis, May 14.—Water requirements and water cost of crops, based on water consumption of the plants showing the largest net profit per acre for several staple crops covering a 12-year period on experiment station lands, are pointed out by a station bulletin.

On brown silt loam at Corvallis the crop producing power of water is 5.23 inches per ton of alfalfa, 15.69 inches for a three-ton crop, or 31.38 inches for a six-ton crop. The water requirement under average farm conditions is not likely to be less, and this may be taken as an indication of the highest probable duty of water, for this section.

An average of three acre-inches has been required for 100 bushels of wheat, or six inches for 200 bushels of potatoes. One-half inch of water is required for a ton of beets—15 inches for a 30-ton yield.

Another new department bulletin deals with the improvement of wild meadows and tule land in eastern Oregon. There are a half million acres of these lands. On much of the area crop valuation can be doubled by the control of water and the use of tame clover and grasses instead of the wild growth. Tame grasses require much less water and have a higher feeding value.

Both bulletins free on request.

LIFT OFF CORNS!

Freezone is magic! Corns lift off with fingers without pain.

Hurt? No, not one bit! Just drop a little Freezone on that touchy corn. Instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius.

AN OLD RECIPE TO DARKEN HAIR

SAGE TEA AND SULPHUR TURNS GRAY, FADED HAIR DARK AND GLOSSY.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this thru your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

There are at the present time between two and three hundred women in Mexico engaged in bull-fighting, either as slayers of the wounded bulls, or as mounted attendants in the ring, and they are immensely popular with the people. Their earnings vary, but on fete days, when hundreds of thousands of people attend a bull-fight, a woman may be paid as much as \$3000 for entering the ring.

Warren Hunt Hospital

A thoroughly equipped institution affording unexcelled facilities for the scientific treatment by hospital methods of medical, surgical and obstetrical cases.

The new and modern fireproof building contains private rooms for bed and ambulatory cases, completely equipped examination and treatment rooms, Roentgen Ray, clinical and research laboratories.

CLUBS ENDORSE MILLAGE BILL

PORTLAND, May 14.—A favorable vote on the 1.25 mill measure for higher education in Oregon has been received by the State Chamber of Commerce from commercial clubs in 19 counties. The vote taken in the referendum conducted by the State Chamber among all its member organizations, on all nine of the measures and amendments. Clubs in 19 counties also approved the good roads amendment.

Not a single club sent an unfavorable vote on the higher educational measure. Several counties were represented by more than one club. The clubs voting were those of Salem, Oregon City, Medford, The Dalles, Molalla, Umatilla, Warrenton, Roseburg, Pendleton, Corvallis, Astoria, Bend, Brownsville, Boardman, Dallas, Grants Pass, Heppner, Lapine, La Grande, Marshfield, Myrtle Point, Gold Beach.

A number of other commercial clubs have endorsed the higher educational measure without sending in a referendum vote. Among these are Wainwright, Enterprise, Maupin, Albany, Redmond, Ashland, Hood River, Cottage Grove and the federated community clubs of Marion county.

The failure of Medford and Eugene commercial clubs to send in their endorsements on time prevented the measure's having the official endorsement of the State Chamber of Commerce, the requirement was that not fewer than 18 counties should report favorably prior to April 20. Medford and Eugene mailed their votes one week late. As no commercial club has taken adverse action, while others are sending endorsements almost daily, the measure is believed to have the substantial support of the business men of the state.

The higher educational bill has been endorsed by more than 350 Oregon organizations.

FIRST OF FAMILY OF TWENTY DEAD

RAPID CITY, S. D., May 14.—The first death in a family of 20 children, the youngest of whom is 26 years old, occurred when Ernest J. Smith died here recently.

The father of the family, 77 years old, still does all of the work on his hog farm in the suburbs of Sioux Falls. He has never had need for the services of a doctor.

The father came to the United States from Germany in 1857 when he was 14 years old. He served four years in the civil war.

He was twice married. To his first wife were born nine sons and four daughters. Three sons and four daughters were born to his second wife. Each of the sons now weighs more than 200 pounds.

Ernest's four grandparents each lived to be more than 80 years old.

LIFE PENSION FOR GEN. AGUIINALDO

MANILA, P. I., April 19. (By Mail)—Emilio Aguinaldo, one of the leaders of the 1899-1900 insurrection who surrendered to the late Major General Frederick Funston, has been granted a life pension of \$6,000 a year by the extra session of the Philippine legislature which recently adjourned.

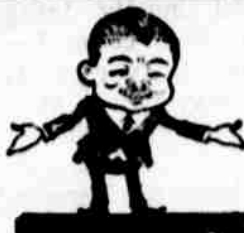

This action was taken as "recognition of the invaluable services General Aguinaldo has rendered to his country."

A similar pension was granted to Cayetano Arellano, who has been chief justice of the Philippines supreme court ever since it was created.

ated. Mr. Arellano on account of his advanced age has announced that he will soon retire from the bench.

Frank W. Carpenter, who has just retired as governor of the department of Mindanao and Sulu, was voted a gratuity of \$25,000 in a lump sum in recognition of his work among the non-Christian tribes in the southern islands. Mr. Carpenter was popular with these peoples and with the sultan of Sulu.

Tommy Burns is in England and still trying to land a match with Joe Beckett. The ex-heavyweight champion figures that Beckett is the right party to meet in a "comeback" attempt.

MR. MURAKI FROM JAPAN—

orders shiploads of chemicals, great quantities of wool, lumber, print paper, flour, machinery, garments and canned goods from Oregon.

For Oregon products are so good their fame extends to the far-away Orient.
