CHURCHES PLAN TO AID RURAL LIFE

Interchurch World Movement Surveyors Find Lethargy in Oregon.

The church used to have to compete with the saloon as the center of recreation. Now it has to compete with the movie, the dance-hall and the motor car.

This is the view of the problem facing rural churches Oregon, of surveyors for the Interchurch World Movement who have spent months making investigations of conditions in the state.

"We cannot complain because these other attractions are drawing the people away from the church," said one, "so long as we do not provide any alternative social attractions. The church has to meet the demands of the community in which it exists, physical and recreational as well as spiritual, and so long as it does not meet them it cannot protest against the fact that the dance-hall and movies occupy the leisure time of the younger people, while the whole family is lured by the prospect of a motor trip rather than by what the church at present has to offer.

"The church has to offer something better. It will not accomplish much by denouncing the dance-hall and other amusements of which it disapproves so long as its criticism is merely negative. It has to take a positive course and provide entertainment and recreation of genuine attraction and so oust the bad with the good. I know of one Sunday school that faced this problem in a vigorous way. It found that the local pool hall was attracting large numbers of young men, so it bought the pool tables, thus closing the pool hall. But it did not stop there. It offered entertainment which effectively reached these young men who had previously spent their time at the pool hall. We can have movies in the church too, especially those educational films which can easily be got from the Government departments."

Some surveyors found that there was a general lack of interest in the church and religious things in the rural districts which they visited. "Pastors are becoming discouraged," one said, "and spend part of their time working on farms instead of putting all their effort into church work."

The results of these surveys will form an important part of the program at the conference to be held in this county early in April.

NO SCHOOLS FOR CHINESE.

There are at least 60,000,000 young people of school age in China for whom there are at present no educational facilities at all. Included in the program of the Interchurch World Movement which will be explained at the conference to be held in this county early in April are five universities in China each involving the cooperation of from four to six denominations.

"BOOKS FOR EVERYBODY!"

Four Thousand Librarian Members of the American Library Association in Nation-Wide Movement.

Since the advent of peace the American Library Association has turned its efforts from war work into other channels. With the benefit of its forty years of experience and the co-operation of its membership of 4,000 active librarians in all parts of the United States, in addition to continuing certain war activities not taken over by the government, it proposes to promote the development of the library systems throughout the country and to encourage the reading habit in all ways possible. The A. L. A. supplied over 7,000,000 volumes to our fighting men here and overseas and on board vessels and it has the confidence and the admiration of the nation bank of it in inaugurating its "Books for Everybody" movement. The money to carry out the provisions of the campaign will not be raised through an intensive drive, but will be obtained by the librarians, library trustees and friends of libraries who have enthusiastically pledged their cooperation in obtaining the necessary \$2,000,000.

The largest prune orchard in the United States is near Eugene. One county in Oregon, Umatilla county, produces one percent of the wheat of the United States.
